

EXPORT DAY ANIMA 2018 - Workshop ed Incontri B2B

In occasione dell'evento dedicato alla promozione dell'internazionalizzazione promossa dall'associazione di categoria ANIMA - Federazione delle Associazioni Nazionali dell'Industria Meccanica Varia e Affine, "[Export Day ANIMA 2018](#)" - in programma il 3 dicembre a Milano presso l'Hotel Melià - ICE-Agenzia organizza una missione di oltre 50 buyer stranieri interessati ad approfondire le innovazioni ed il know-how italiano.

PERCHE' PARTECIPARE

La giornata operativa dedicata alle aziende della meccanica per creare relazioni di business e fornire nuove soluzioni nello sviluppo export promossa da ANIMA, nel 2018 grazie al supporto ed al contributo ICE-Agenzia propone un nuovo format con la previsione di:

[Workshop di approfondimento sui temi più attuali per le aziende](#), come:

- **Trade Facilitations**
- Aggiornamento **certificazione** Russia: **dalla GOST ai TR-CU**
- **Condizioni generali di vendita** a tutela dell'impresa **nel commercio internazionale**
- **Rischio credito nell'export** della manifattura meccanica
- Scenario delle **costruzioni nel Mondo**

Incontri B2B con oltre 50 buyers internazionali selezionati da ICE-Agenzia - provenienti da Arabia Saudita, Azerbaijan, Cina, Egitto, Grecia, India, Indonesia, Kuwait, Libano, Malesia, Moldavia, Myanmar, Oman, Romania, Russia, Thailandia - alla **ricerca di tecnologie e partner nei comparti focus dell'iniziativa:**

- **Oil & Gas and Energy**
- **Industrial Plants and General Industry**
- **Energy Efficiency, Comfort Technology and Civil Plants**
- **Water and Environment Technology**
- **Food Technology and Ho.Re.Ca.**

Prot. n.0031157/18 del 23/11/2018

Plurisetoriale, Prevalentemente Beni Strumentali,

Luogo:

Italia, Milano

Data Evento:

02 - 05 dicembre 2018

Scadenza Adesioni:

28/11/2018

Data Pubblicazione: 12/11/2018

EXPORT DAY ANIMA 2018 - Workshop ed Incontri B2B
Milano, Italia

CONTATTI

ICE-AGENZIA ROMA

ICE - Agenzia per la promozione all'estero e internazionalizzazione delle imprese italiane
Via Liszt 21 - 00144 Roma

UFFICIO TECNOLOGIA INDUSTRIALE ENERGIA E AMBIENTE

Dirigente: PASTORE FERDINANDO

Riferimenti:

V.Merola/A.Smargiassi/C.Trunzo/A.Passarelli

Email: infrastrutture.costruzioni@ice.it

Tel: 06 5992 6089

Fax: 06 89280337

La partecipazione all'iniziativa è gratuita ed è aperta a tutte le aziende italiane potenzialmente interessate ad approfondire i temi che verranno affrontati durante i workshop e ad incontrare le controparti straniere che saranno presenti a Milano.

La bozza del programma dei lavori prevede:

09.00 Accoglienza e welcome coffee

09.30 - 11.00 APERTURA DELLA GIORNATA

Ospiti istituzionali e internazionali

11.00 - 11.15 Morning Break

11.15 - 13.00 BUSINESS MEETINGS

Incontri B2B con circa 50 buyer internazionali selezionati da ICE-Agenzia, provenienti da:

Arabia Saudita, Azerbaijan, Cina, Egitto, Grecia, India, Indonesia, Kuwait, Libano, Malesia, Moldavia, Myanmar, Oman, Romania, Russia, Tailandia.

> Networking Lunch

14.00 - 15.00 Seconda parte BUSINESS MEETINGS

15.00 - 17.30 [Workshop di approfondimento sui temi più attuali per le aziende](#)

a cura di

CRESME - Ufficio Studi ANIMA | EASYFRONTIER | EULER HERMES ITALIA | ICIM | LAWTELIER AVVOCATI ASSOCIATI | PwC

17.30 - 18.00 CHIUSURA DELLA GIORNATA con Aperitivo

Workshop ed Incontri B2B

Gratuita

La partecipazione all'iniziativa è gratuita, previa registrazione dei dati aziendali e delle preferenze per gli Incontri B2B all'interno del [sito dedicato predisposto da ANIMA](#).

E' obbligatoria la [registrazione dei vostri dati](#) e se interessati agli incontri B2B, vi chiediamo di segnalare agli indirizzi anima@ice.it e affari.internazionali@anima.it le controparti di vostro interesse dall'elenco allegato alla circolare.

N.B. Segnaliamo che gli slot disponibili per i B2B sono limitati e che sarà cura del personale dedicato ICE-Agenzia e degli organizzatori confermarne o meno l'effettiva organizzazione e recapitare prima dell'evento l'agenda degli incontri con le controparti straniere.

Country	Table Number B2B Meetings	Merceological Sectors of Interest	Company Name	Company Activity	Website	Company profile	Main target Markets of the company	Target profile	Company Objectives for B2B Meetings during Export Day 2018
azerbaijan	<u>1</u>	Oil&Gas and Energy	AA Services	Providing of Waste Management Services	www.aaservices.az	AA Services is a drilling waste management company. The company differentiates itself from other waste management companies in that it provides a complete integrated waste management service for drilling waste from cradle to grave. The company offers integrated and innovative solutions to the oil and gas industry for the design, build and operation of waste management sites and the containment, transportation, treatment and disposal of a wide range of waste.	Waste and Environment Technology Companies	to find out the ways how to apply modern technology, cost effective solution for waste management	Buy new technologies and materials
china	<u>2</u>	Water Technology and Environment	Foshan Huaquing Environmental Protection Co. LTD	Environmental Protection Engineering Technology	www.hqhb.cc	Foshan Huaqing Environmental Protection Technology Co., Ltd (HEPT for short), founded in Feb. 2005, is a high-tech environmental protection enterprises, which specializes in consultation, design, construction, installation and debugging of environmental projects such as all kinds of waste water, waste gas, reclaimed water treatments, and environmental protection facilities operations. Owning the most advanced technologies of dust removal and desulfurization, denitration, defluorination, reclaimed water reuse, high concentrated organic and inorganic wastewater treatments, HEPT widely provides services for all kinds of environmental management projects in such industries as ceramics, aluminum, printing and dyeing, textile, chemical, plastic, furniture, hardware, electroplating, electronics, machinery, food and so on.	China	environmental protection professional companies, institutions of higher learning and environmental institutes	Find out new technologies and materials
china	<u>3</u>	Industrial Plants and General Industry	Co+E Architects & Designers Co. LTD	Architectural design, City planning & Landscape Design.	www.coead.com	Derived from the State Ministry of Metallurgical Industry founded in January 1987, MCC -Ober Maier Design Consulting Co., Ltd. It is presided over by a group of domestic and foreign well-known architects. MCC-Ober Maier Design falls in the A Class of architectural design and the B Class of urban planning. It cooperates with branches in Shanghai and Hong Kong Pui Ming architectural design firm. We are an international team led by a number of prominent professors of Tsinghua University, Southeast University, Beijing Jiao tong University. For 25 years we have adhered to a policy of innovative concepts and design practices mixed with architectural ideals, and have accumulated a wealth of creative and engineering design experience. Many of our works have been widely awarded and praised.	Architectural design ,Urban design in China,with new Architectural ideas , building technology and Building material !	I would like to meet new Architectural ideas, building technology and Building material and set up commercial agreements and find out new Italian suppliers,etc.	Set up commercial agreements, Find out new technologies and materials, Find out new Italian suppliers
EGYPT	<u>4</u>	Oil&Gas and Energy	SIDPEC	Main Producer for HDPE (High Density Polyethylene)	www.sidpec.com	We are main producer for HDPE - we are now investing 1.7 BD in a new plant for polypropylene we export HDPE to all over the world - we import millions of spare parts from Europe and far east.	Europe - Africa - Middle East	All potential customer for HDPE an PB and all producer of spare parts	Buy new technologies and materials, Set up commercial agreements, Find out new technologies and materials, Find out new Italian suppliers
EGYPT	<u>5</u>	Oil&Gas and Energy	Engineering Group for Contracting	General Contracting Oil&Gas	www.egcontracting.com	EGC is one of the leading company in the fields of corrosion protection, thermal insulation, fire proofing and steel fabrication in oil&gas as well as general contracting.	Oil&Gas	Oil&Gas	Find out new technologies and materials, Find out new Italian suppliers
EGYPT	<u>6</u>	Energy Efficiency, Comfort Technology and Civil Plants	EPCO	Waste heat recovery, Energy sector & Gas control	www.epcosteam.net	Epco cover the fields of energy, imports & export, Projects Evaluation and study, services & turn key projects .	Glass, Aluminum, Food & Textile industry in Egypt	Waste Heat recovery, Gas Control Sector & Energy Efficiency	Buy new technologies and materials, Find out new technologies and materials, Find out new Italian suppliers
EGYPT	<u>6</u>	Oil&Gas and Energy	Engineering Projects Company	Oil&Gas & Energy	www.epcosteam.net	Engineering Projects Co. - Oil & Gas - Boilers&Burners and Gas Train	Oil& Gas Market	Cooperation in Oil&Gas	Set up commercial agreements, Find out new technologies and materials, Find out new Italian suppliers
GREECE	<u>7</u>	Food Technology and HORECA	Diamantis Masoutis SA	Facilities Hygiene - Food Safety Dept.	www.masoutis.gr	Diamantis Masoutis S.A. possesses the largest network of stores in Northern Greece and is a leader in the retail sector, while at a Greece-wide level the company is amongst the four (4) largest chains.	Food Trade	Tropical Food Processing Machinery Meat Process New technologies and materials	Find out new technologies and materials, Find out new Italian suppliers
GREECE	<u>8</u>	Industrial Plants and General Industry	Moralitidis SA - Morelsteel	Steel service center, Metal constructions, Steel trading.	www.morelsteel.gr	MORAITIDIS S.A. belongs to MORAITIDIS - MORELSTEEL group of companies, dealing with steel products and renewable energy in Greece and south-east Europe mainly. It runs the only high-precision steel service center in Greece, handling, slitting, cutting-to-length or forming steel coils of 0.18mm up to 12mm in 3 premises in the Industrial area of Thessaloniki. Additionally, runs 2 customer-free-zones and logistic centers for steel products and delivers raw-materials, semi-finished or end products for any type of metal construction.	Geographically: Southeast Europe and east Mediterranean Sea. In terms of activity: Construction companies of private and public works and infrastructure, sub-constructors of metal components, food industry, metal profile producers, machinery producers etc	1. Steel mills, steel traders, steel producers and distributors. 2. Suppliers of machinery for steel forming and handling. 3. Partners willing to offer and/or receive logistic services. 4. Partners willing to receive services by us in Greece for domestic and nearby economies, thanks to our high expertise and our best value-for-money ratio.	Buy new technologies and materials, Set up commercial agreements, Find out new technologies and materials, Find out new Italian suppliers, reinforce or regenerate existing collaborations with Italian suppliers

INDIA	<u>9</u>	Food Technology and HORECA	Punjab Agro Juices LTD (PAJL) & Punjab Agro Industries Corporation LTD (PAIC)	Manufacture of juice concentrates/Pulps and setting up of food park	www.punjabjuice.in www.punjabagro.gov.in	Both the companies PAJL & PAIC are Punjab State Government Public Sector Undertakings. PAJL is engaged in the business of manufacturing juice concentrates & pulps for B2B with technology and plant & Machinery from CFT, Italy and also Juice drinks in the retail market through its retail chain. In addition marketing of fresh fruits and vegetables. PAIC is setting up Food Park at Ludhiana under the GOI scheme and shall promote private/joint sector projects in Food Processing by establishing the common facilities.	UAE, Europe	Manufacturers of Mandrain juice extractors; machines to manufacture Pastes; Fresh cut vegetables, Pomace dryers, Homogenizers, Super Critical fluid extraction, Blast freezer, IQF and new technologies in Food Processing/Packaging. In addition partners/investors for setting up manufacturing units in India.	Buy new technologies and materials. Find out new technologies and materials. Find out new Italian suppliers
INDIA	<u>10</u>	Water Technology and Environment	SMS LTD	Environment, Infrastructure & Mining	www.smsl.co.in	Environment, Infrastructure and Mining Engineering	Environment, Infrastructure and Mining	Water, Wastewater and Environment Technology Companies	Find out new technologies and materials. Find out new Italian suppliers
INDIA	<u>11</u>	Water Technology and Environment	Penta-Star RO Water Systems	Designers, Consultants, Importers and Service Providers for Commercial RO Water Purification Systems.	www.pentastarwater.com	PentaStar RO Water Systems is a Designing, Consultation, Importers and Service Providing Firm for Commercial RO Water Purification Systems in Institutional and Commercial Sectors such as Colleges, University, Hostels, Schools, Hotels, Restaurants and Hospitals. The designed system is then imported from countries like S.Korea and China and assembled at the project site by the expert technical team.	Institutional and Commercial Buildings/Sectors in North India.	We would like to meet companies associated with Water Purification Systems.	Find out new Italian suppliers
INDIA	<u>12</u>	Food Technology and HORECA	Muez Hest India PVT LTD	Technology Providers & Turnkey Plant & Machinery Suppliers in Food Sector	muezhest.com	Muez Hest is one of the professional engineering organization engaged in offering services, solutions & systems on turnkey basis in the Food & Agro Sector and have successfully executed over 275 projects worldwide in the last over 23 years of its existence.	Globally	Food Industry, Agro Industry, Environment & Energy Efficient Technologies, Mechanical Engineering Sector & Industrial Plants	Buy new technologies and materials. Set up commercial agreements. Find out new technologies and materials. Find out new Italian suppliers
INDIA	<u>13</u>	Food Technology and HORECA	B G Chitale Group	Dairy, Animal Genetics, Food Processing, Breeding, Automation	www.chitalegroup.com	BUFFALO BREEDING -With the objective of breeding 'Good Genetic Buffalo' with quality bulls, the Chitale Dairy management decided to establish a Bull Mother Farm. The Bull Mother Farm is an ultra-modern farm equipped with a milk parlour, silage making, computerized feeding station, auto scraper, excreta disposal facility and water bowl / 24-hour access to feed and water. DAIRY AUTOMATION -Milking Parlours and Satellite Milking Machines ANIMAL HEALTH - Activities at Chitale Dairy Farm: Progeny Testing Program, Herd Health & Productivity Management Program, Metabolic Profiling, Chitale Diagnostic Laboratory, Sugarcane Based Feeding, stem in Buffaloes, Digestive Efficiency in Cows & Buffaloes, Lactation, Physiology & Behavioural Analysis in Buffaloes, Sonographic Pregnancy Diagnosis, Calf Rearing, Microchip Identification System, Mobile Veterinary Services, Health & Infertility Camps. GENETICS - Animal Pathology Lab, Frozen Semen Laboratory, Sorted Semen Bramble JV Facility with Genus ABS with 100+ high pedigree bulls ANIMAL NUTRITION - Fodder development program, Few World Bank recognized project	India (Domestic) USA UK Japan Middle East	Buffalo Breeding, Animal Genetics, Milking Parlor Automation, Sorted Semen, Energy Efficiency or generation from Livestock Waste, Nutrition	Buy new technologies and materials. Set up commercial agreements. Find out new technologies and materials. Find out new Italian suppliers. Interested Joint Ventures In India as well as Italy
INDIA	<u>14</u>	Food Technology and HORECA	Powercon Industries LTD	Food Processing Agri Park	www.organicagripark.com	It was incorporated in 2006 having a cold chain project and. A new Industrial Park for setting up of a Organic Agri Park costing Rs 150 Cr project. MOU signed. With Uttarakhand Govt.	European Market , North America	Food Processing Equipment manufacturing companies	Buy new technologies and materials. Set up commercial agreements. Find out new Italian suppliers
INDIA	<u>15</u>	Food Technology and HORECA	ACS Refrigeration	Engineering, design and consultancy for industrial refrigeration and food processing industry. Supply of industrial refrigeration equipment in India	www.acsref.com	Engineering, design and consultancy for industrial refrigeration and food processing industry. Supply of industrial refrigeration equipment in India	FOOD PROCESSING, DAIRY PHARMA/AUTOMOBILE, COLD STORAGES Etc.	Who want to set up Refrigeration based products Or who are looking for any channel partners for refrigeration Or food processing equipment in India.	Buy new technologies and materials. Set up commercial agreements. Find out new technologies and materials. Find out new Italian suppliers
INDIA	<u>16</u>	Energy Efficiency, Comfort Technology and Civil Plants	Diamond Electronics	Deals in Solar Power Energy Systems	www.diamondelectronics.co.in	Deals and Consultants for Solar Power Energy Systems, Commercial RO water Plants.	New Houses, Hotels, Colleges etc.	To find Energy Savers Companies.	Buy new technologies and materials. Find out new technologies and materials
INDIA	<u>17</u>	Food Technology and HORECA	Tasty Dairy Specialities LTD	Dairy	www.tastydairy.com	Dairy Products manufacturing Company	India	Dairy and Food Products	Buy new technologies and materials. Find out new technologies and materials. Find out new Italian suppliers
INDIA	<u>18</u>	Food Technology and HORECA	AIACRA	All India Air Conditioning and Refrigeration Association	www.aiacra.com	Cold Chain Cold Storages and Controlled Atmosphere Storages in the country specializes in the design, engineering, procurement, construction, operation and maintenance for the fresh/frozen food industries. The Team has set up the Country's/World's largest Controlled Atmosphere (CA) Cold Store for Fresh & Healthy Enterprises Ltd.	India	Food Technology , Energy Efficiency, Comfort Technology	Buy new technologies and materials. Set up commercial agreements. Find out new technologies and materials. Find out new Italian suppliers
INDIA	<u>19</u>	Water Technology and Environment	Aquamec Water Management	WaterTech	www.aquamec.co.in	WaterTech	Houses, Hotels, Govt. Buildings	We would like to import Innovative technology and machines in our field.	Buy new technologies and materials
INDIA	<u>20</u>	Water Technology and Environment	Green-Tech Sanitation Systems	We sale Steel Pipe fittings and take projects for constructions for better supply of water.	http://green-tech-sanitation.co.in	We take and do project for sanitation fitting especially in steel products.	New Construction of Houses, Hotels, Industries etc.	We want to explore in our field to find new technology and joint venture.	Find out new Italian suppliers
INDONESIA	<u>21</u>	Energy Efficiency, Comfort Technology and Civil Plants	PT. Infrastruktur Sulawesi Indonesia	Energy Sector & General Trading	www.infrastruktur.sulawesi.co.id	PT. Infrastruktur Sulawesi Indonesia (PT. ISI) established in 2009 as private company, our local market about 90% and our export market about 10% for export, majority import from China, The Company's capital is USD 10 Mil. Number of employees is 25 people. Turnover (estem 2017): USD 20 Mil. Turnover (estem 2018) about USD 25 Mil. A. SECTORS OF YOUR ACTIVITY (as short description) : 1. General Trading 2. Export & Import 3. Energy Sector, Waste to Energy/Power Producer (IPP) B. BUSINESS ACTIVITY as : 1. Producer 2. Agent/ Importer	We would like to open a cooperation with Italian Company who able to provided a Energy Management System & Energy Efficiency also environmental protection (Energy efficiency, Comfort technology and Civil Plants). We interest to open a cooperation as their partner for Indonesian market.	Energy Efficiency, Comfort Technology and Civil Plant Heat Pumps, Heat exchanger Residential and Industrial boiler Heating System, Boiler & Magnetic filter Industrial Plant and General Industry Water and Environmental technology Waste to Energy Plant, Biomass to Energy Plant	Buy new technologies and materials. Set up commercial agreements. Find out new technologies and materials. Find out new Italian suppliers
INDONESIA	<u>22</u>	Water Technology and Environment	PT. Tirta Alam Makarti	Construction & Trading	www.tamindonesia.com	Civil and ME construction, and water and wastewater treatment	Water Segment	Water Segment	Set up commercial agreements. Find out new technologies and materials, expand networking

INDONESIA	23	Oil&Gas and Energy	PT. Surya Globalindo Utamamas	Trading company of supplying Oil&Gas needs	www.sbs.co.id	Trading company	Looking for good products for oil and gas	Looking for good products for oil and gas needs	Find out new technologies and materials, Find out new Italian suppliers
INDONESIA	24	Energy Efficiency, Comfort Technology and Civil Plants	Planning and Development Workshop	Designing Industrial Area/Masterplanning Industrial Area	www.pdw.co.id	<p>Planning and Development Workshop (PDW), is a planning and design consultation firm, which specializes on strategic planning, urban and environment planning and design, as well as architectural works, we are a Creative Think thank Company applies on creating value through design and collaborate with our clients, stakeholders, society and government to create our city and built environment more sustainable. PDW serve wide range consultancies services from commercial, retail, Industrial area and industrial building and housing. Since 2006 PDW selected as Top 10 Architectural Company from BCI and won several prestige competitions, the last one we have our building Gran Rubina in Jakarta selected as the winner of IAI (Indonesian Architect Association) Award 2018.</p> <p>Our portfolio on building and masterplan had built and create success stories of architecture and development and focusing on industrial area at least 2 of our designed factories and some large scale masterplan contains industrial site have built in the last 18 years of practice.</p> <p>Devoted and professionals consultant from various discipline, particularly interior designers, structural, mechanical, and electrical consultants, gathered in a solid teamwork. Team is developed early in a project, ensuring a manageable project in term of quality, budget, as well as time-schedule, and sustainability. PDW promote Sustainability as major issues in Indonesia, we are the one of the co founder and member of Green Building Council of Indonesia (GBCI) http://gbcindonesia.org and very active to improve this community to have more powerful position in urban development.</p>	Private Sectors, State owned company	A company that have specialization on building or district energy saving, water management, specific sustainable and unique material, and Infrastructure planner for industrial area.	Find out new technologies and materials, Find out new Italian suppliers, looking for partnership opportunities
INDONESIA	25	Energy Efficiency, Comfort Technology and Civil Plants	PT. Nusantara Infrastructure Tbk	Infrastructures I.e toll, Power, Energy and Water	www.nusantarainfrastructure.com/home	Infrastructures I.e toll, Power, Energy and Water	Public and State owned companies	Companies with technological excellence in the fields of power and energy, especially renewable energy.	Find out new technologies and materials
INDONESIA	26	Water Technology and Environment	PT. Artha Envirotama	Engineering, Procurement and Construction	www.arthaenvirotama.com	We are EPC company with main activities in water, waste water and Biogas.	Public works, PDAM, Private sector	Company with experiences in Biogas, Waster and waste water, Oil and gas services especially in EOR (enhance oil recovery).	Set up commercial agreements, Find out new Italian suppliers
KUWAIT	27	Oil&Gas and Energy	National Petroleum Services Company (K.S.C.P)	Energy Sector Services, OEM Representations and EPC works with focus on Oil & Gas sector, Petrochemical and Power sector	www.napesco.com	National Petroleum Services Company (K.S.C.P)	Oil & Gas sector in Kuwait & middle east countries	Technology OEM's with supply history to energy sector companies in Italy & Kuwait. MOLODOVA	36	Industrial Plants and General Industry	S.A. PRomstroi-Grup	Construction, Design, Real Estate Development	www.promstroi.md	S.A. Promstroi-Grup specializes in Commercial and Industrial Building Projects (design/build method). Having completed more than 300 projects, our designers and construction teams are dedicated, creative, and detail oriented. Since beginning operations as S.A. Consind-Prim in 1995, we have built a fantastic reputation and outstanding portfolio filled with commercial and industrial projects.	Construction, Design, Real Estate.	Industrial Automatic Gates Supplier. Precast / Prefabricated concrete forms and machines, Pre-Engineered Metal Buildings, Insulation materials, Insulated panels. Roofing materials. All other modern construction materials.	Set up commercial agreements, Find out new technologies and materials, Find out new Italian suppliers

MYANMAR	<u>37</u>	Water Technology and Environment	CAG Engineering Co. LTD	Water and Waste Water Treatment/ Industrial Chemical Supply	www.cagengineering.com	<p>CAG Engineering Co., Ltd. has established in Myanmar to participate in Water and Waste Water Treatment System Building Instruments and a wide-range of control instrument field, inside and outside Myanmar. "CAG ENGINEERING" is doing Installation and Services in Water and Waste Water Treatment System, Industrial Chemical Supply, Building Automation System and Access Control System, TRANE Air and Water Cooled Chiller Systems and Intrusion Detection Systems. We intend to distribute our quality driven products and Services according to International Standards.</p> <p>CAG Engineering is comprised of Business Administrators, Professional Engineers, and Technical Sales Representatives that can respond to Water, Waste Water and Building engineering projects anywhere. We are proud to distribute our products to fulfill in any Water and Waste Water Management, Industrial Chemical Supply, Building automation System, TRANE Air and Water Cooled Chiller Systems, Intrusion Detection Systems in Myanmar. We concern, not only the local market, but we also strongly focus our business on the AEC markets like in Thailand, Laos, Cambodia, and Vietnam as well.</p>	The leading water technology market experts in the industry, supporting clients globally with the commercialisation of water technology. Working with water Environmental gives us access to an elite network of investors, strategic partners and potential acquirers. We understand the Myanmar water technology market, where it is going and can fast-track and stream-line the process of getting our technologies into the marketplace. Companies that focused on the water technology market and the acceleration of technology commercialisation.	The network of suppliers in Water Technology Companies gives us access to a full range of services within the water industry and is able provide us with system solutions, reducing our time and costs spent on searching for suppliers.	Buy new technologies and materials, Set up commercial agreements, find out new technologies and materials, Find out new Italian suppliers.
MYANMAR	<u>38</u>	Water Technology and Environment	Pure Water Engineering Services Co. LTD	Water & Waste Water treatment engineering work	www.pwestech.com	Pure Water Engineering Services Company in Myanmar, established in 2009 - 2010 and a process engineering and contacting company specializing in Environmental engineering, planning management services. The key personal of the company have proven expertise and experience over fifteen year both local and abroad in the various disciplines a fenviromental engineering. Our humble contributions to standard and innovative engineering have always been based on our belief in responsibility, honesty, professional either and full commitment to our work.	High rise building, Construction and Drinking Water Factory	Technology for Water and Environment	Buy new technologies and materials

SAUDI ARABIA	50	Industrial Plants and General Industry	Arabian Power Electronics Company (APEC)	Manufacturing of Industrial UPS Systems, Battery Chargers, Inverters, Frequency Converters, Variable Frequency Drives and Solar Power Systems	www.apec-sa.com	<p>Arabian Power Electronics Company (APEC) is a leading global power electronics manufacturer having worldwide operations with production facilities in Saudi Arabia and India for last 26 years. We are proud of our innovative Research and Development Center in India for continuous development of high-end power electronics technology and future oriented products. APEC is established explicitly to localize the technical know-how and to enable the technology transfer of UPS Systems, Battery Chargers, Frequency Converters, Inverters, Variable Speed Drives System and Solar Power Systems.</p> <p>A full fledged manufacturing plant in Saudi Arabia of approx. 10000 MP with a sophisticated test facility enables APEC to fully and precisely manufacture and test the entire product ranges. The test facility has both 50 Hz and 60 Hz power supply. The units are manufactured according to IEC standard. We can also fulfil ANSINEMA standard.</p> <p>It must be emphasized that highly experienced engineering team with very profound technical background in the field of power electronics stands behind the success of APEC. This strength allows APEC to offer the best and most optimal in-house customized solutions and designs to customers so as to fulfill their requirements economically.</p> <p>APEC's versatile service engineering team ensures on time technical service and support round the clock. We provide complete life cycle management program and spare parts inventory management which is a challenge for many of the customers. APEC is committed to produce only world-class products that meet or exceed the highest quality standards. APEC has made it one of its imperatives and ethical obligations that quality will never whatsoever be compromised at all times and conditions.</p>	Middle East and Africa	Industrial Plants and General Industry	Buy new technologies and materials, Set up commercial agreements, Find out new technologies and materials, Find out new Italian suppliers
THAILAND	51	Water Technology and Environment	Treat Chemical Co LTD	Purify water treatment system expert in pharma industry	www.treat.co.th	<p>We are Purify water system company specialized in Ultrapure water in Hitech Industry and Purified water in Pharmaceutical Industry. And also developing system for industry in recycle water technology in Thailand.</p> <p>In pharmaceutical Industry in Thailand, we are one of big player in Purify water. We have customer more than 40 customer of Pharmaceutical Factory and more than 100 of DI water in other field.</p> <p>We are on of leader in EDI Technology in Thailand. After Training by Electropure Inc. and Ionpure Inc. We have experience in EDI More than 200 System.</p>	Pharmaceutical Industry, Power Plant, Hi-Tech Industry, Chemical Industry, ETC.
