### SEMPLICEMENTE GENIALE

Dalla tradizione di casa Manconi nasce Smarty, la nuova generazione di affettatrici professionali, pensate e realizzate per lavorare "alla grande" nel mondo della ristorazione.

Ristoranti, pizzerie, mense aziendali, self-service, take away e paninoteche la troveranno particolarmente adatta alle loro esigenze, praticamente indispensabile... veramente irresistibile.

I nuovi materiali utilizzati sono resistenti agli urti, alle abrasioni ed alla corrosione, garantendo la massima sicurezza igienica.

Smarty è la sintesi dei valori che Manconi & C. S.r.l. persegue da sempre: qualità, affidabilità dei prodotti e il miglior servizio post vendita.

Per conoscerla bisogna provarla, provarla significa apprezzarla e poi... non poterne più fare a meno!

### SIMPLY GENIAL

From Manconi's Family tradition here is Smarty, the new generation of professional slicers, developed and manufactured to work at high levels in Ho.Re.Ca.

Restaurants, pizzerias, canteens, fast food and takeaways are the ideal locations for this slicer, as it perfectly fits their needs... it is really irresistible.

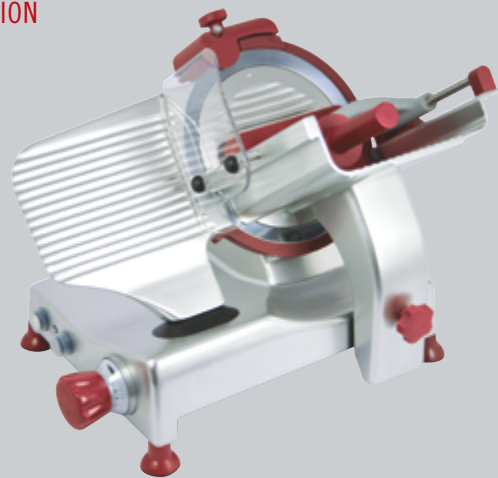

The new materials are shock, corrosion and scratch resistant and they are able to grant the best hygienic safety.

Smarty is the synthesis of the values followed by Manconi & C. S.r.l. since the beginning of its activity: quality, reliability of its products and the very best after sale service.

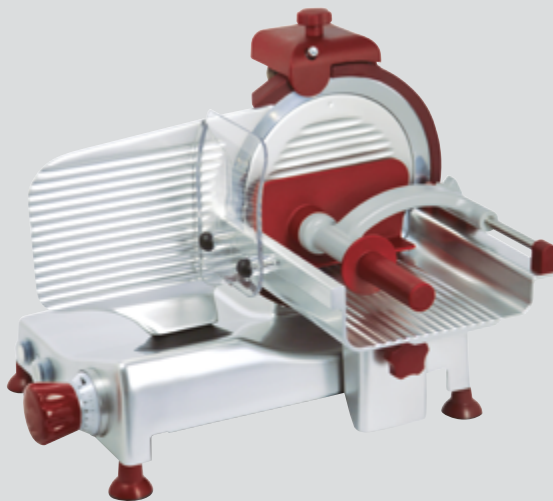

You should try it to understand it, and trying it means appreciating it and right after that... you never come back!
