Cliven Natura Hydraskin: with Dew Drops Complex®

Hydration is a basic factor for the wellness of the skin.

To keep it well balanced HYDRASKIN line by Cliven makes use of the exclusive Dew Drops Complex that thanks to its dew effect brings the skin to constantly and steadily regenerate its own hydration.

The prolonged and daily use of the products of this line helps restore the skin natural balance while leaving it perfectly moisturized, naturally soft, firm and strength against aging signs.

The intensive moisturizing action of Cliven Hydraskin is generated by Dew Drops Complex, the innovative complex of natural origin that in a steady, gentle and effective way reactivates the hydrating self-regulation mechanisms while restoring the skin natural balance and protects it from dryness.

7377

Cliven Natura Hydraskin Day Cream, 50 ml

Hydrating and refreshing

Natura Hydraskin Super-Hydrating Body Cream

with Dew Drops Complex®, 300ml

The intense moisturizing action, obtained with the special Dew Effect, is accompanied by a deep nourishing action thanks to its formula enriched by precious components of natural origin:

- Provitamin B5: provides the skin with an adequate vitamin supply and protects against external harmful agents.
- Avocado Oil: eudermic oil rich in vitamins, nourishes and softens the skin.
- Shea Butter: with its soothing and nourishing properties, it supports the skin elasticity, restoring its natural smoothness.
- Vitamin E: the antioxidant par excellence, helps keep the skin supple, soft and toned.
- Olive Oil: it performs a natural anti-ageing action, helping to counteract free radicals, inflammation and oxidative stress.

Cliven 7 Vitamins: vital energy for your hair

Every day your hair is subject to aggression from environmental factors and that is why it needs to be protected and nourished.

The hepta-vitamin complex contained in each formulation acts on the keratin structure of the hair with its regenerating function in order to help it remain strong and healthy.

The Cliven 7-Vitamins Line offers a full range of hair treatment products for the needs of different types of hair.

It creates a protective barrier against harmful external factors, without preventing the skin from breathing naturally

7753

**First Tenderness
Protective Cream
100 ml**

It prevents and soothes reddening, rashes and chapping of the baby's delicate skin thanks to its new formula rich in Zinc Oxide.

SUNTAN DESIRE

Safety under the sun

Cliven "suntan desire" range makes concrete the wish of suntan thanks to its rich, technologically advanced formulas that are diversified for application and use.

All products of the range have been developed with formulas suited to the application area: in particular, Cliven elaborated a light and delicate emulsion for the protection of the body, meanwhile the formulas for the face have a creamy consistency to better protect delicate skin and the most sensitive zones.

Suntan Desire has an innovative formula that not only protects from UV rays, but also allows the skin to get rapidly tanned thanks to an active biocomplex, rich in vegetal hydrolyzed proteins and tyrosin, which gives a golden and even aspect to the suntanned skin while maintaining a totally natural appearance.

9871 **Cliven Suntan Desire
Sun Milk SPF 6
low protection
200 ml**

Creates an actual protective screen against harmful sun rays and effectively fights skin ageing.
