Polenta 100% Italian

Our concept of a different quality

- **100% Italian supply chain:** verified cultivation agreements with farmers in the northeast of Italy, called the “**italian corn heart**”, and accurate monitoring of fields and irrigation.
- **Filiera Italiana** is a range of polentas, in yellow and white varieties, from special selections of Italian plants
- **Corn is dried at low temperatures** to keep all the organoleptic characteristics of the selected raw material intact
- the **delicate milling process** preserves the natural properties of the germ unaltered
- **100% gluten and allergen-free:** all raw materials are treated in a dedicated contamination-free environment.

Polenta 100% Italian

- are corn flours with an authentic aroma, particularly tasty
