

ANGORIS

Since 1648 a long history of passion, love and respect for the land has made Tenuta di Angoris one of the historical wineries of Friuli Venezia Giulia.

The property includes about 600 Ha, 75 of which are vineyards on the 3 most suitable areas of the Region: Doc Friuli Isonzo, Doc Collio, Doc Colli Orientali.

Here Ribolla, Friulano, Refosco, Schioppettino and the precious Pignolo find their natural environment.

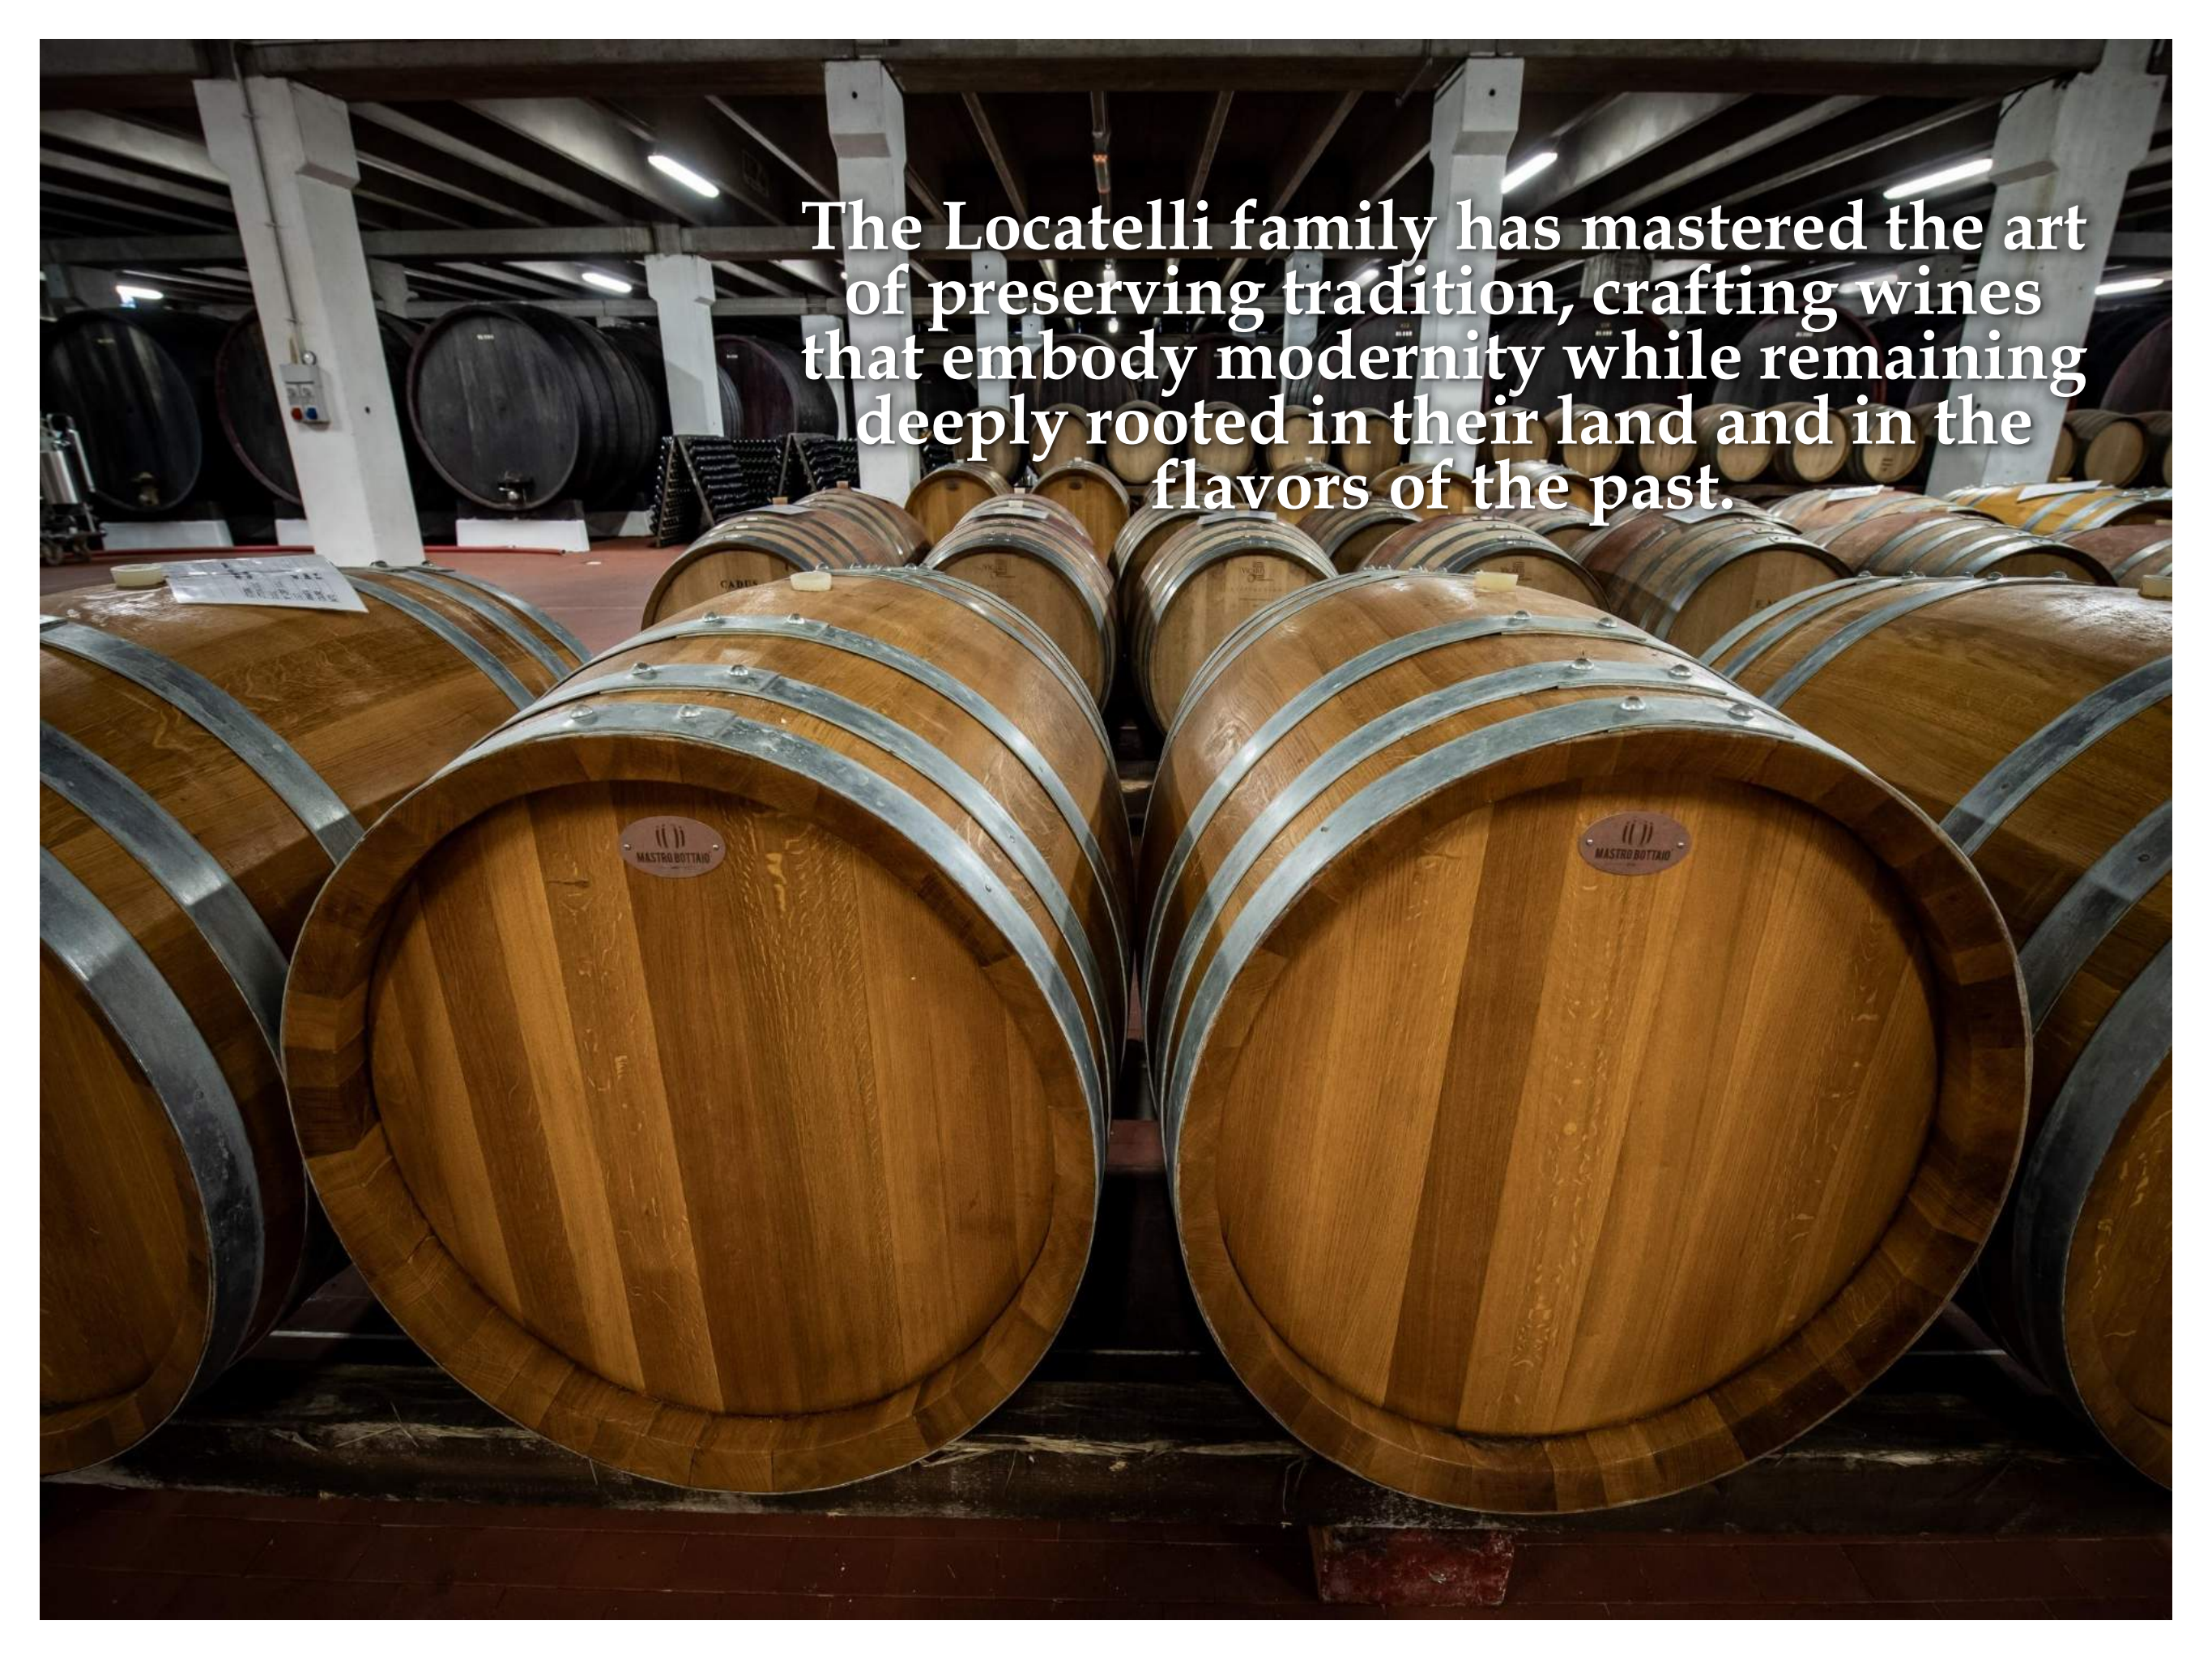

ANGORIS

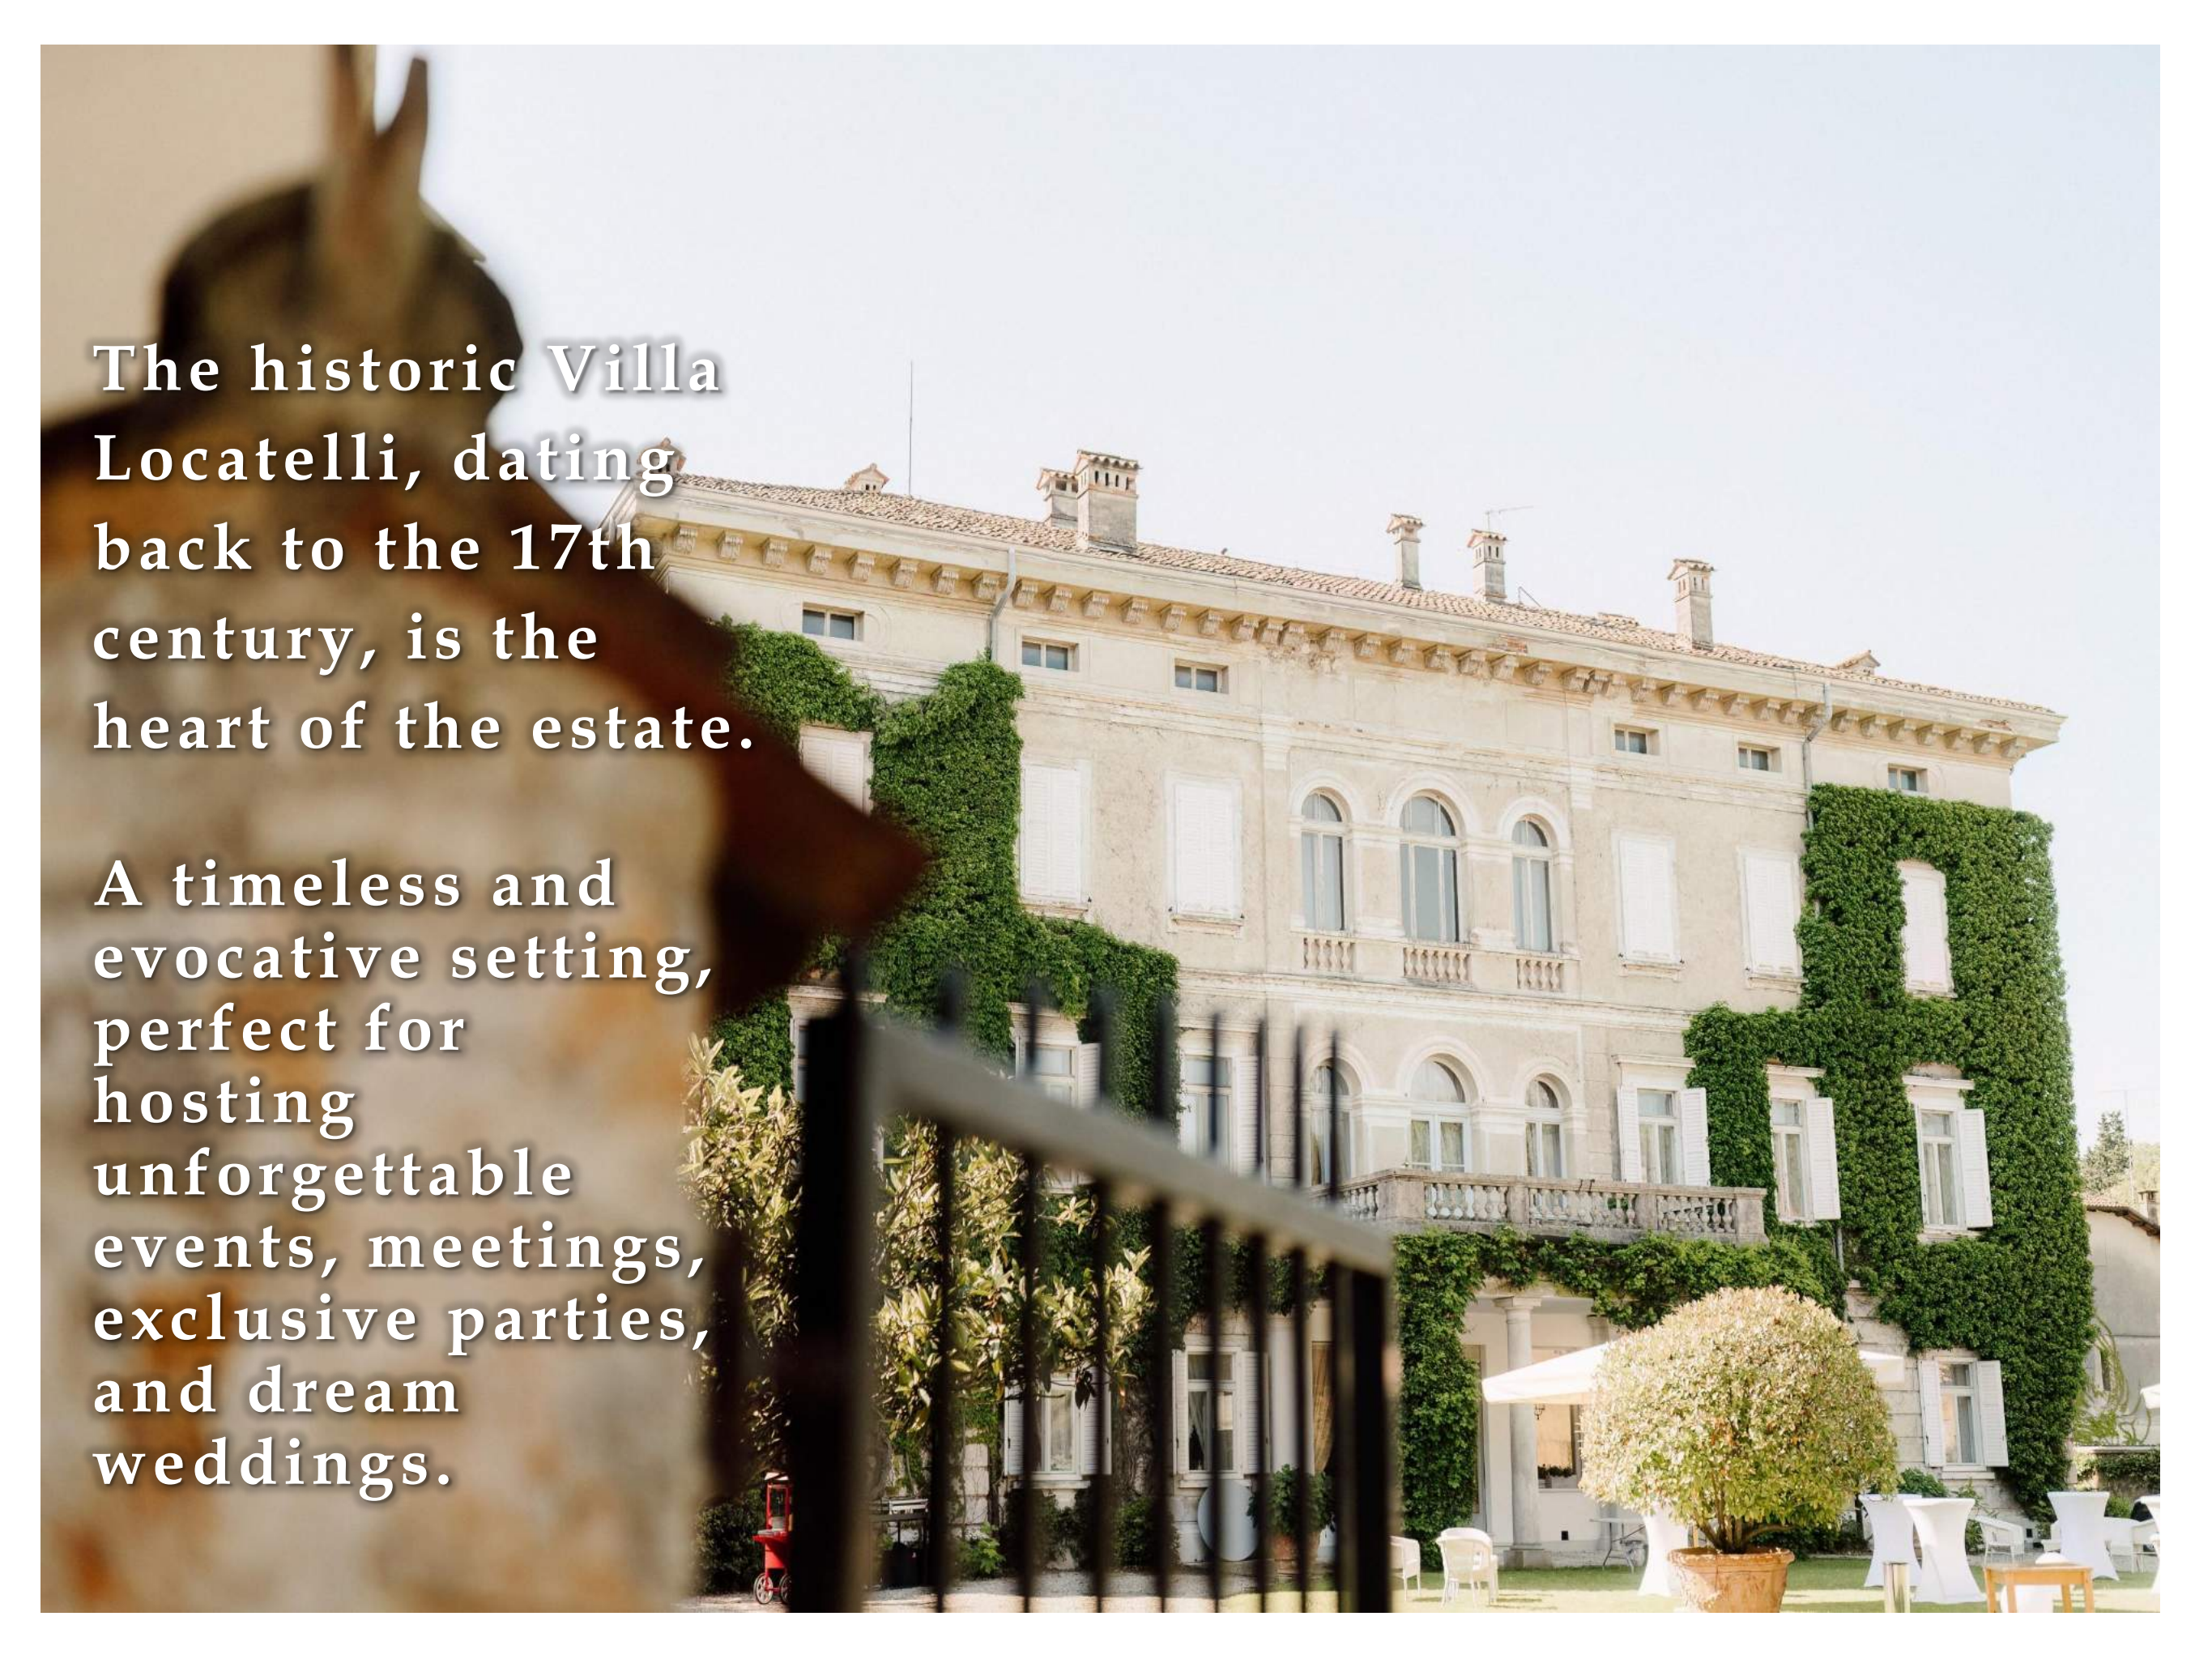

A long time ago, the Angoris Estate embarked on a journey toward respecting the environment and natural resources – in a single word: sustainability.

A photograph of a wine cellar filled with rows of wooden barrels. The barrels are arranged in long, parallel rows, receding into the distance. The foreground shows two barrels in detail, both with metal hoops and a small oval label that reads "MASTRO BOTTAI". The cellar has a dark floor and white structural columns. The lighting is somewhat dim, highlighting the texture of the wood and the metallic sheen of the hoops.

The Locatelli family has mastered the art of preserving tradition, crafting wines that embody modernity while remaining deeply rooted in their land and in the flavors of the past.

The historic Villa
Locatelli, dating
back to the 17th
century, is the
heart of the estate.

A timeless and
evocative setting,
perfect for
hosting
unforgettable
events, meetings,
exclusive parties,
and dream
weddings.

Villa Locatelli

Doc Isonzo del Friuli

The Angoris Estate is located at the entrance to Cormòns, in the DOC area named after the Isonzo River that flows through it. 'Villa Locatelli' is a new and dynamic wine line.

The image features three bottles of Angoris wine and a glass of white wine. The bottles are dark green with white labels. The central bottle is lying on its side, showing the label clearly. The other two bottles are upright, one on the left and one on the right. A glass of white wine is positioned in the center, partially overlapping the central bottle. The background is a light-colored wooden surface with a visible grain. The text is overlaid on the image in a white, serif font.

Angoris Doc Collio and Colli Orientali

Two vineyards, Rocca Bernarda and Ronco Antico, located respectively in the DOC Colli Orientali and DOC Collio regions. From these hills come wines of great elegance, characterized by intense aromas and pronounced minerality, making them true ambassadors of our land.

Modolet

Our Charmat Method

Since 1973, we have been producing Modolet sparkling wine, crafted using the Charmat method, blending Ribolla Gialla, Chardonnay, and Pinot Bianco. These three grape varieties make it a sparkling wine perfect for any moment of the day.

A close-up photograph of a bucket filled with ice and several chilled bottles of sparkling wine. The bottles are dark with white labels and are arranged in a circular pattern within the bucket. The lighting is soft, highlighting the condensation on the bottles and the texture of the ice.
