

MENABO
free time on the move

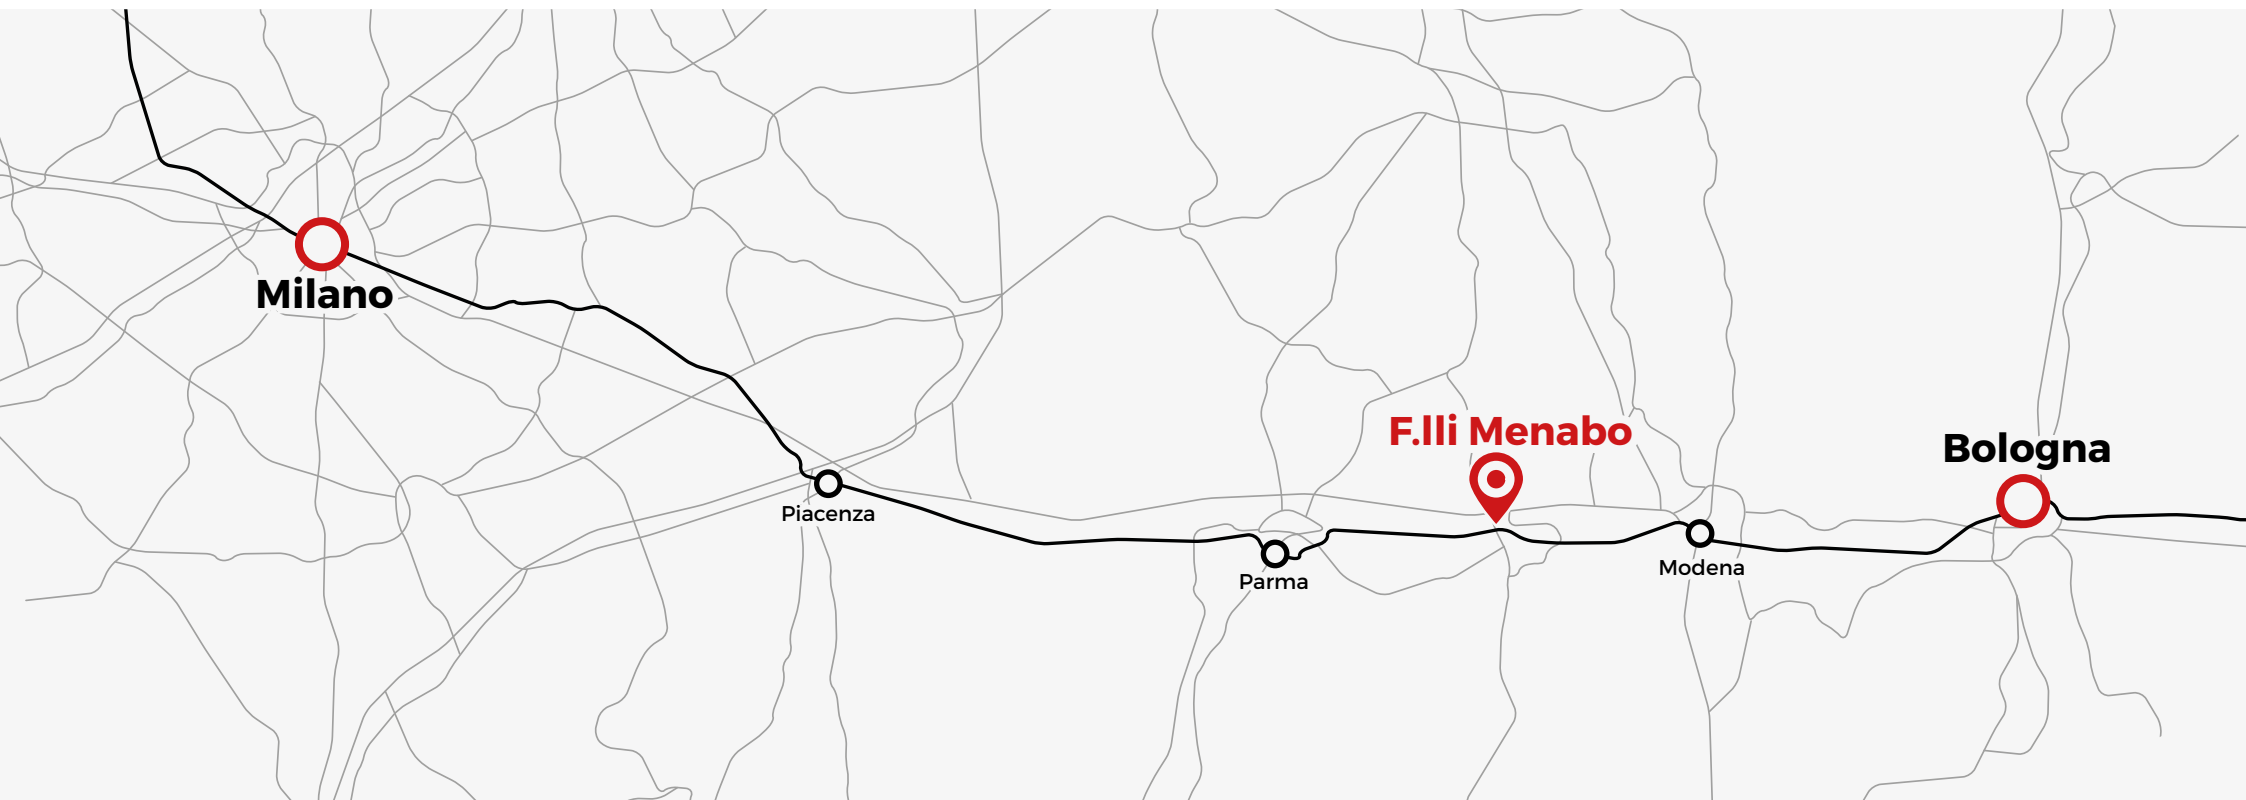

*“There is **one rule** for industrialists and that is:*

*Make the **best quality of goods** possible,
at the **lowest cost** possible,
paying the **highest wages** possible.”*

Henry Ford

Henry Ford and his first car (1896)

WHO WE ARE

Founded in 1971, Menabo is one of the most important European manufacturers of car accessories.

Menabo is a private Company held and managed by two owners.

Menabo's production plants are all located in the area of Reggio Emilia in the middle of the "motor-valley" in Italy.

WHAT WE DO

Menabo produces cargo systems and car accessories.

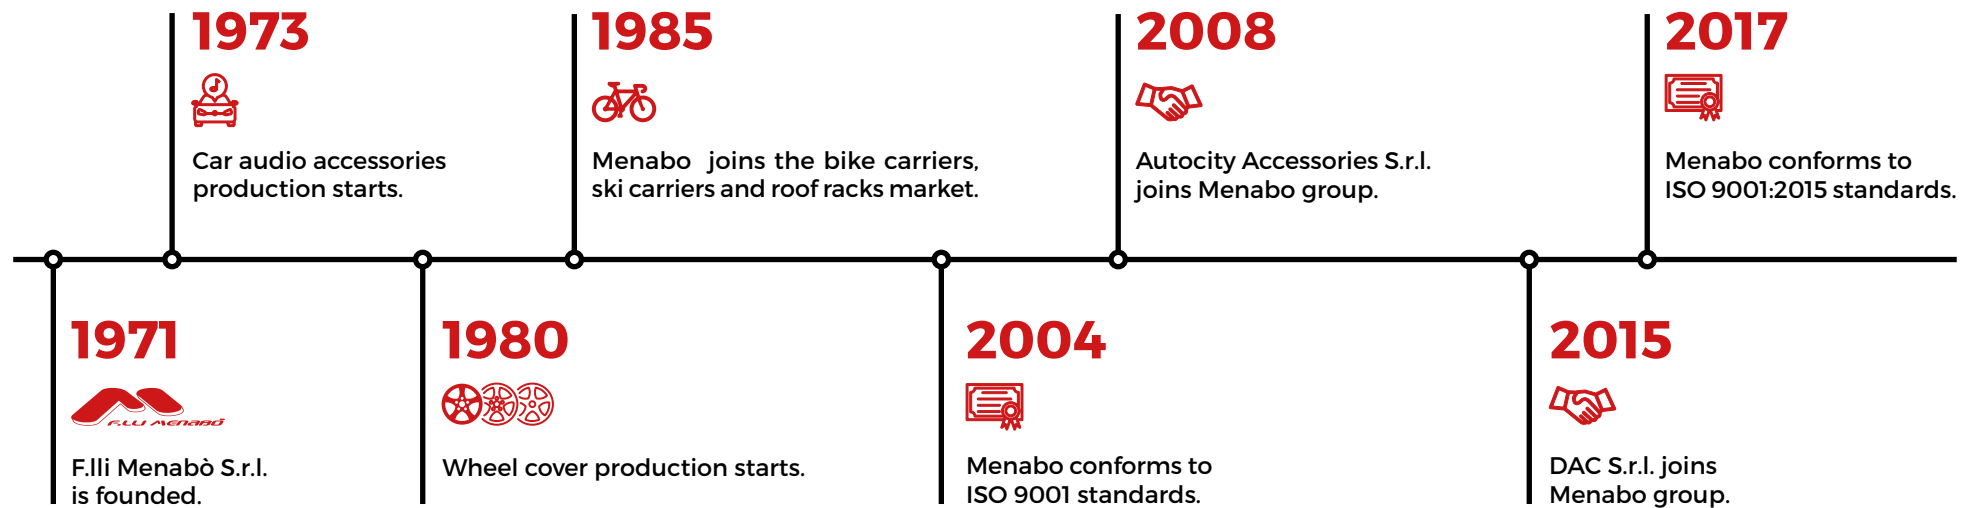

The internal design team draws all Menabo products, appreciated for their unique Italian style.

We produce in Italy all our products according to automotive and military standards.

Every product is tested according to the most restrictive international standards before its launch on the market. Also, Menabo staff is permanently testing all products during their daily use and natural wear and tear.

COMPANY HISTORY

OUR MISSION, OUR VALUES

Everybody should have the possibility to buy car accessories with the maximum level of safety at the right price. Our mission is to design, test and manufacture those products.

The Menabo hierarchy of values is always focused on three principal values:

- Safety
- Quality
- Performance

This hierarchy is applied to all products, manufacturing processes and whatever else in Menabo.

- Magnetic ski racks

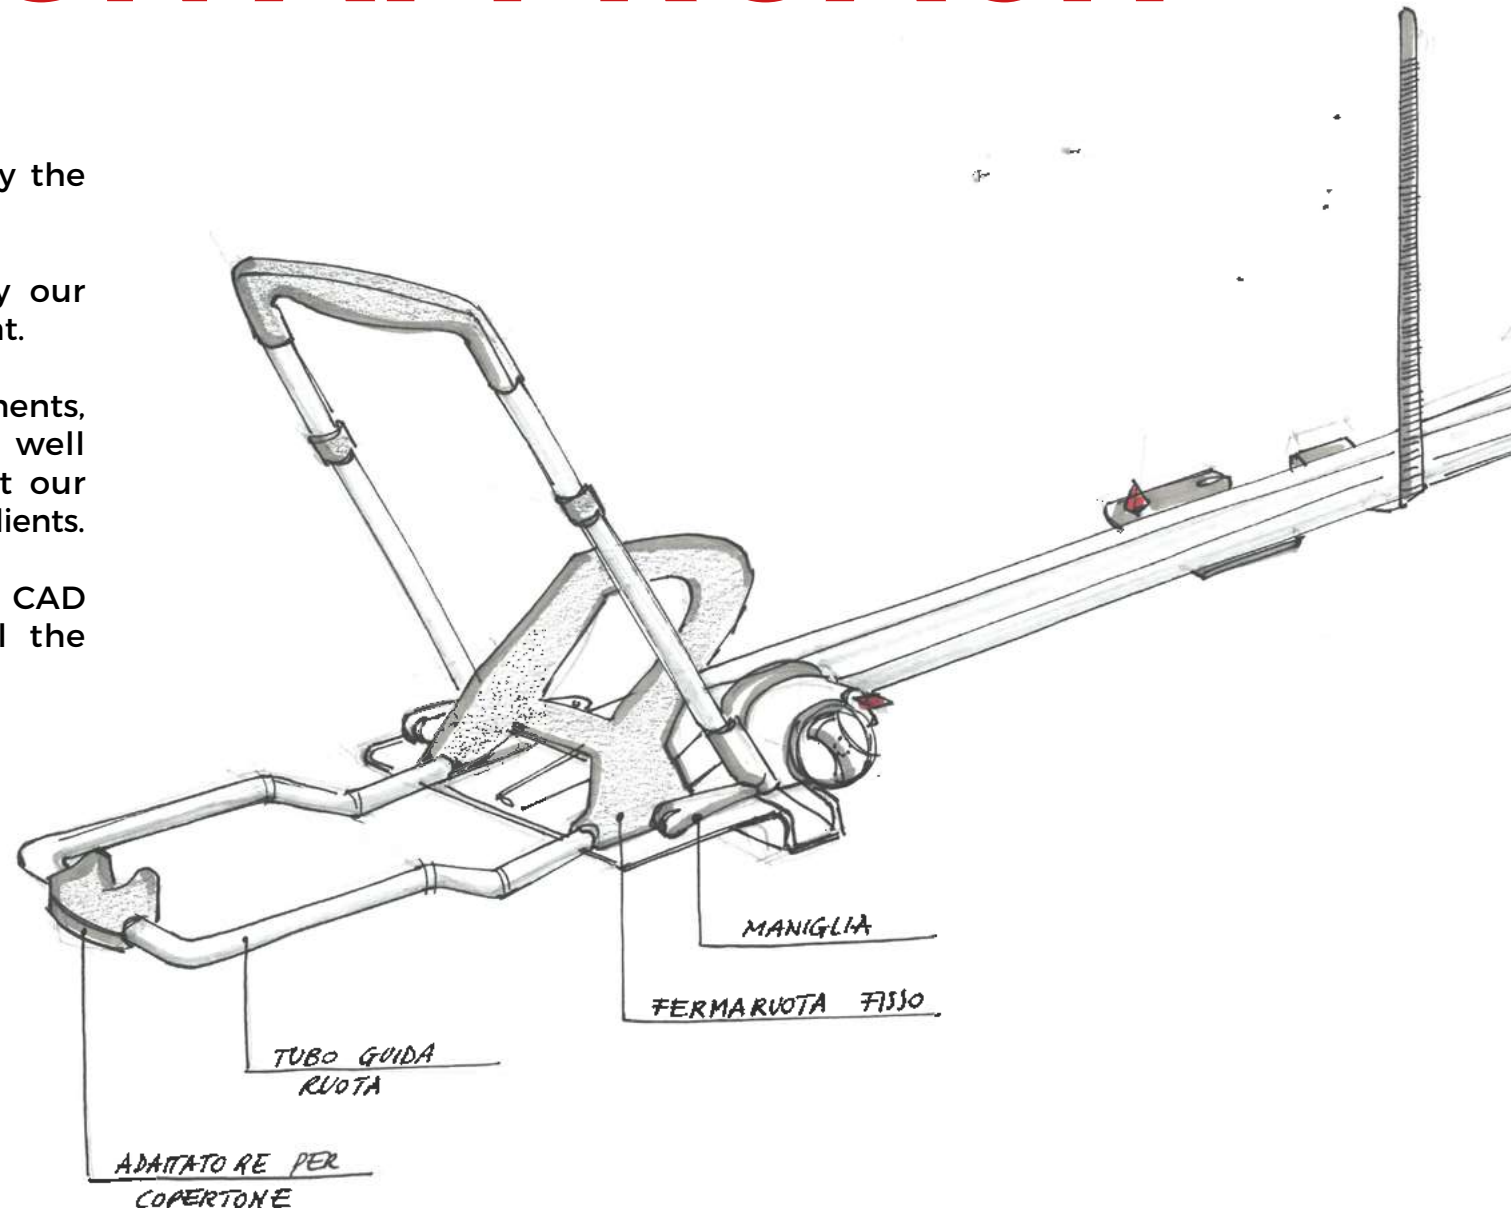

DESIGN APPROACH

All products are fully developed by the Design staff of MENABO.

The whole process is followed by our Research & Development department.

In any project are patented components, uses and ornamental design as well the eventual inventions to protect our company's assets and the ones of our clients.

Our design department develops CAD models, tools, and supervises all the prototyping phase.

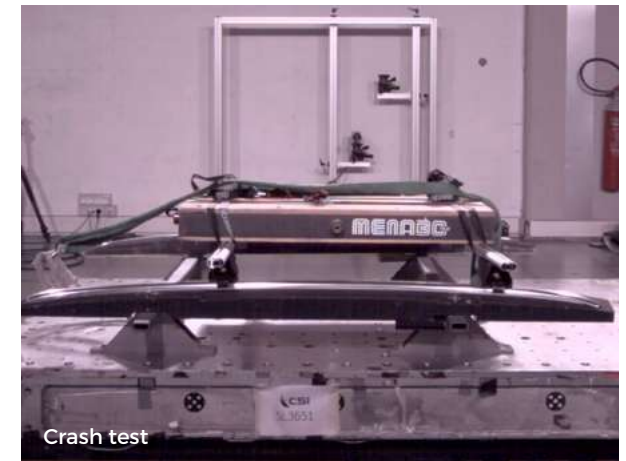

TESTING

Static tests are all performed inside MENABO internal workshop.

Dynamic tests are performed both on our premises as well in the Balocco FCA circuit. Dynamic and static tests are the final exams for all our products.

QUALITY

The quality-system of Menabo is fully compliant to the latest ISO 9001 standard requirements.

Our actual production-methodology complies to most of the item of the ISO TS 16949

Menabo products satisfy all quality standards requested by all worldwide markets.

More in detail every item has been tested according to the latest and most severe standards in the world.

All products and components provided by Menabo are guarantee by a third part and independent laboratories.
