BRANDS OVERVIEW

BEL COLLE

VERDUNO - ITALIA

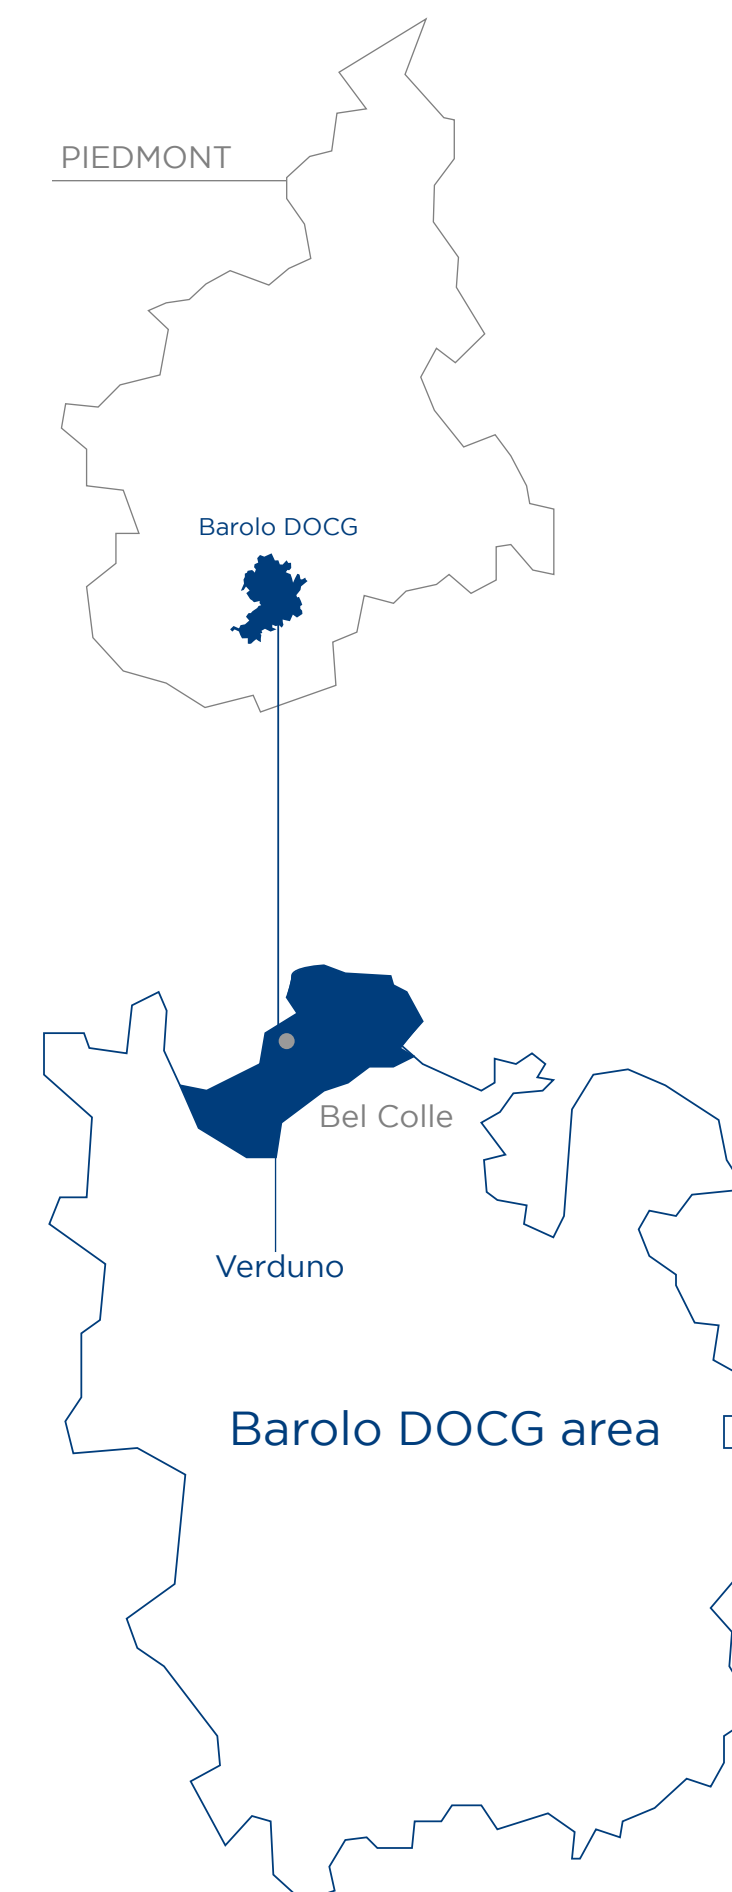

AT BEL COLLE WE WORK THE VINEYARD TO GIVE VOICE TO THE INDIGENOUS SOUL OF PIEDMONT.

We are in Verduno, on the hills of **Barolo**, a natural treasure nestled between Alba and La Morra, a luminous amphitheatre where the **King** of wines Barolo finds some of its finest and most delicate expressions.

In our vineyards we grow the great traditional grape varieties: nebbiolo, barbera, dolcetto, moscato. But we give voice to rare and precious varieties, our pearls of Langa: **Nascetta**, **Favorita** and especially **Pelaverga**, of which we are the largest producers in Piedmont.

In the winery we use passion and experience: our philosophy of winemaking is according to artisan tradition, without forcing. Our goal is to enhance the identity of the grape variety while indulging in our wines' natural propensity for excellence.

We look forward to seeing you in **Verduno**, in the new tasting room, our door always open to the wonder of the Langhe.

IN SANTO STEFANO BELBO,
THE PRODUCTIVE HEART OF THE
LANGHE, THE BOSIO FAMILY HAS
BEEN PRODUCING WINE FOR
THREE GENERATIONS.

The grapes are cultivated in more than **50 hectares** of our property and selected from more than **150 historical vine-growers**, whose vine-growing estate count more than **700 hectares** in the most vocated areas of **Langhe, Roero** and **Monferrato**.

Bosio assiduously follows and **manages the work in the vineyard and is fully involved in the vinification of the grapes**, whose quality is enhanced through simple and traditional winemaking. The most modern technologies are at the service of varietal expressiveness, which is also emphasized thanks to indigenous yeast strains selected from the individual territories.

Bosio is the classic expression of Piedmont, rural tradition meeting the innovation of a contemporary winery. It **offers a wide and representative range of wines** that, from Barolo to Gavi, demonstrates the incredible expressive variety of a land recognized by UNESCO as a World Heritage Site.

LUCA BOSIO

VINEYARDS

IF I DIDN'T WORK IN THE CELLAR? I PROBABLY WOULDN'T KNOW WHAT TO DO.

Luca Bosio

My name is **Luca Bosio** and, since I can remember, I have always been among barrels and rows. My grandfather Egidio and my father Valter raised me on "bread and wine," teaching me the craft of the vintner and cellarman, showing me the richness of a territory - that of the Langhe - that the more it is cultivated with love, the more it bears incredible fruits.

Wine and **vineyard**, for me, are pure passions, the few things that, right after my family, make me satisfied. They represent my work, they are my home, the reason I wake up in the morning. They are the place I always want to return to and the one for which I work hard, every day, to give it my all.

The line of wines that bears my name, **Luca Bosio Vineyards**, is an act of love and loyalty to my family's winemaking tradition, to the land where I grew up and continue to live. They give voice to my idea of wine: conveying the passion that guides me in everything I do, returning that emotion to those who taste my labels.

PASSATO ORGANIC

PASSATO ORGANIC PRODUCES ORGANIC WINES FROM PIEDMONT'S MOST IMPORTANT APPELLATIONS: BAROLO, BARBARESCO, BARBERA D'ALBA AND BARBERA D'ASTI, ROERO ARNEIS, LANGHE NEBBIOLO AND CHARDONNAY.

A **representative and select range** that is a project of sustainability and territory. Twelve hectares planted with vines within the great vocated areas of Langhe, Roero and Monferrato, carefully separated from large plots to avoid contamination with conventional agriculture.

An **essential and rigorous philosophy** guides our production choices. In the vineyard, the focus is on environmental sustainability and the preservation of biodiversity, recognized as the primary source of the beauty and taste of our land. In the winery, **we act by subtraction**, eliminating any action superfluous to the natural evolution of the wine.

Passato Organic is the dream of a well-made wine, inseparably linked to its terroir, fully sustainable. A sip of Piedmont that has made cleanliness, elegance and pleasantness its hallmarks. And sustainability the extra reason to keep choosing it.

TRUFFLE HUNTER LEDA

IN THE LANGHE, THE SOILS THAT YIELD EXTRAORDINARY WINES ARE THE SAME SOILS THAT GIVE BIRTH TO THE WHITE TRUFFLE OF ALBA, THE WORLD'S MOST PRIZED UNDERGROUND MUSHROOM, THE "DIAMOND OF THE EARTH".

From the passion for this incredible "cradle of excellence"-and Valter Bosio's love for his unerring dog Leda, a skilled Truffle "hunter"-came **Truffle Hunter Leda**, the range of wines that tells the story of the pleasure of drinking Piedmont in all its authentic goodness, with a light touch.

Truffle Hunter Leda is a pleasant and carefree sip, a celebration of one of the most generous territories in the world.

It reveals a love for the sun-kissed and wind-cradled hills of Piedmont, recognized as a World Heritage Site, where the beauty of the landscape becomes the quality of a taste that is always recognizable.

With **Truffle Hunter Leda**, wine rediscovers its vocation for everyday excellence. A bottle that should never be missing from the table. A sip that tells, without manner of speaking, about the land of Piedmont, that of wine and White Truffle: the ordinary vocation for the extraordinary.

TROPICAL MOSCATO

THE SWEETNESS OF MUSCAT WINE
MEETS THE SCENTS AND FLAVORS
OF THE CARIBBEAN IN A FRESH,
FRUITY AND FUN BLEND.

Cocktail? Wine? Fruit drinks?

Tropical Moscato is simply brilliant: the coolest, most light hearted way to enjoy the world's most famous sweet wine paired with fresh fruit.

Tropical Moscato is made from only **Moscato** grapes grown in Italy. It is a **natural fruit infusion** for the most delicate and authentic flavour. Above all, it's a **real treat** thanks to its low alcohol content, nine juicy fruit flavours and two new flavours from the "Lux" line, the winemaking method that uses selected yeasts to lower residual sugar in fermentation and reduce the wine's overall calories.

Fresh, fruity, fun, for you!
