

A close-up photograph of a hand holding a bunch of grapes. The background is filled with dark green, serrated grape leaves. A white rectangular box with a black border is centered over the image, containing the text 'CASCINA EBREO' in bold, black, sans-serif capital letters.

CASCINA EBREO

TERRITORY

Cascina Ebreo is located in the Langhe (Piedmont), a UNESCO World Heritage site.

Specifically in **Novello**, one of the 11 municipalities that are part of the Barolo Denomination of Controlled and Guaranteed Origin.

Grown in the heart of **3 hectares** of the **MGA Ravera**, a hill that gives one of the most elegant and long-lived wines of the whole area

A black and white photograph of a man in a plaid shirt standing in a doorway, looking out. A dog is in the foreground.

CASCINA EBREO 1.0

Founded in **1992** thanks to **Peter Weimer**, a computer programmer with a passion for wine who decided to change his life and create the winery.

Despite his inexperience he had the dream of producing wines without rules and approvals for the market.

Cascina Ebreo wines were artisanal and responsible, often imperfect, but with a unique style.

CASCINA EBREO 2.0

In **2015**, it changed management and moved to a group of young winemakers.

After meeting Peter they embraced his project and carried it forward so that a unique philosophy of its kind would not be lost.

Cascina Ebreo becomes an experimental "laboratory" of winemaking, trying to create a wine without the constraints imposed by regulations and without the use of chemicals.

A close-up photograph of a hand holding a large, green, serrated leaf. The leaf has prominent veins and some small holes. The background is dark and out of focus, showing more foliage. The text is overlaid on a dark green, semi-transparent rectangular area on the right side of the image.

PHILOSOPHY

Personality, passion and **desire to experiment** to create **unique** and **unmistakable** wines.

Our philosophy is to have as little intervention as possible and includes:

- Holistic approach in the vineyard
- Exclusive use of indigenous yeasts
- No sulphur dioxide added in wine-making
- No use of chemicals
- Low intervention in wine-making

VINEYARDS

Three hectares cultivated in **Nebbiolo, Barbera, Dolcetto, Sauvignon Blanc** and **Malvasia Moscata Piemontese**.

The soil on which they grow are the famous "**Marne di Sant'Agata laminate**" with a good proportion of silt and clay that, together with the breeze from the Maritime Alps, contributes to express savor to the palate, good freshness and great complexity
