IL MIGLIOR VINO

*Impavido*  
*Sangiovese Appassimento 2020* 97

*Sensazioni: il suo aspetto sensoriale oltre alla sua massima ricchezza estrattiva è il profumo, nella misura in cui la sua spezia fortissima sposa un frutto mora nera di cremosità, turgore, vigore e dolcezza, limpidamente, cristallinamente esplosiva. Integrità enologica, leggi turgore ossidativo intatto, nero e di pulizia odorosa unicamente suadente. Gran polpa poi al tatto, un avvolgente equilibrio di sapore, ma questo vino è essenziale per la stupenda concentrazione in colore e aroma. Entrambi di novità, di fruttosità e di dolcezza squisita davvero viva, linda, impressiva. Un gran vino, di suadenza speziata e fruttosa linfaticamente impressiva. Chapeau per tale conseguimento da tecnica viticola ed enologica così virtuosa. Fra i migliori rossi d'Italia, chapeau.*

**Impressioni del produttore:** *all'assaggio apprezziamo il trionfo di una calda, dolce morbidezza, in cui risaltano le note di prugna sotto spirito e confettura di amarena, esaltate da una sorprendente nota balsamica che giunge sul finale per rafforzare la persistenza aromatica sul palato. Vino dalle eccezionali caratteristiche organolettiche, Impavido propone un'esperienza di degustazione unica, fuori dall'ordinario, assolutamente imprescindibile per ogni sincero amante del vino.*

Sicily

The wines of Etna, characterised by their breadth, freshness, flavour and minerality, are an expression of the volcanic nature of the area and the proximity of the sea. Vine-growing on the north side is characterised by a more humid climate, and ancient volcanic soils, deep and rich in organic matter, contribute to the sensory specificity of the wines, which differ according to the grape variety and terroir.
