Fabris Adriano Tappezzeria è la storia di una famiglia di artigiani che nasce 30 anni fa. Il racconto di questa attività la dice lunga sugli elevati standard e sulle passioni con le quali Adriano Fabris ha sempre gestito l'azienda impegnandosi ad andare oltre e lasciare il segno. Un patrimonio di creazioni che gli hanno consentito di ricevere nel 2006 il prestigioso riconoscimento di appartenenza al settore dei Mestieri Artistici e Tradizionali da parte della Regione Veneto.

Fabris Adriano Tappezzeria is the story of an artisan family who started his work 30 years ago. High-quality standards and passions are the main element of this story, whose protagonist is continually involved in searching for perfection and new style. All these components allowed Fabris Adriano to receive in 2006 the Veneto Region' reward of "Artistic and Traditional Craft".
