FAIRS & EVENTS LOGISTICS

A team of Fairs & Events Logistics expert manages every single phase of the shipment, leveraged by a global network of offices and reliable, long-standing partners, officially accredited at the most important international trade fair exhibition centres.

FAIRS & EXHIBITIONS SKILLS

Fairs & Exhibitions Department operate on a **diverse range of sectors**: office furniture, machine tools, tourism, woodworking machinery, fashion, packaging, hospitality, environmental technologies, and food.

A global network of agents, available for **assistance 24/7**, 365 days a year, will guarantee a timely delivery to the exhibits and allow you to achieve the best results from the event attendance.

We prepare the **customs documentation** both for the Italian and the foreign part, also post exhibition in case of sale of goods on the spot.

We are able to handle **foreign shipments to foreign countries** for the eventual transfer of goods from fair to fair or from fair to customer warehouse, anywhere in the world.

We reserve maritime and air allotments with chosen carriers, in order to provide greater protection and guarantee for our customers.

A long history in the logistics of large industrial movement projects allows us to properly manage **OOG Shipments and RO/RO**, both by sea and by air, in Italy and abroad. We develop the most suitable and **customized solutions** for efficiently and securely transporting any type of heavy or bulky goods.

HOME FURNITURE, ARTWORKS AND EXHIBITIONS

During the celebrations marking the 500th anniversary from Leonardo Da Vinci's death, Tuvia Italia was chosen by Snaitech S.p.A. to move the artistic reproductions of the notorious Leonardo's Horse, thanks to our expertise in the transportation of the most delicate and valuable goods.
