OUR COLLECTIONS

FerreroLegno offers a wide range of doors made of wood, laminate, glass, glass/aluminium, flush with the wall, from classic to modern shapes, from sliding to folding doors and from panels for security doors to crystal glasses. Each product has been conceived and designed to be coordinated with the different collections, offering multiple style and colour combinations, thus leaving room for imagination when creating your home.

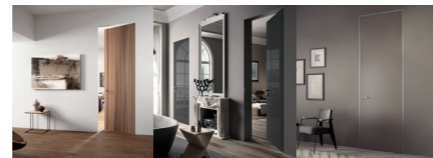

scenario

Modular collection of glass partitions doors.

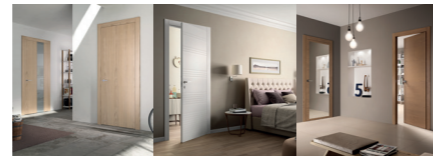

Zero

Collection of flush doors with an alluminium visible/invisible frame.

COLLEZIONI FL

Wide range of doors made entirely in wood with a great choice of lacquered opaque and high gloss colors.

Réplica

Collection of cutting edge laminated doors, with various possibilities of selected advanced finishes. High quality at a convenient price.

[skema]

The solution to close spaces as walk-in closet, under-stair storage closet, niche, control panel and storeroom.

HANDLES

A selection that satisfies any styles, available in different finishes.

All collections are furnished in different height and width. On request we can also produce doors with hors-standard sizes and personalized woods. The doors are carefully packed in shockproof wrapping and delivered on special horizontal pallets on request. Thanks to a fully equipped warehouse, FerreroLegno is able to assure fast delivery of any quantitative of doors, ranging from 10 to 40 days, depending on the collection selected, from the date of your confirmation.
