Recommended dose and method of use

Take 2 capsules a day preferably in the morning on an empty stomach.

Efficacy tests

Body Weight	Body Fat	Abdominal Circumference
up to a maximum -6,7 Kg	up to a maximum -5 Kg	up to a maximum -5,9 cm

Results after 60 days on 20 over weight patients. The test shows that the patients treated with ADIPOXAN FORTE, in a diet with a caloric restriction of 300 Kcal/die, have a significant reduction in parameters analysed.

Composition

Each capsule contains:

CLA	500 mg
Wakamè seaweed d.e.	100 mg
10% fucoxanthin, equal to	10 mg

It should be used while on a suitable low-calorie diet that is accompanied by a healthy lifestyle and a good level of physical activity. If the diet is followed for extended periods of more than 3 weeks, we recommend consulting a physician.
