FACILITAS IS STAINLESS STEEL

Facilitas is a manufacturer of **professional stainless steel cabinets and furniture** for the food and pharmaceutical industries.

For over thirty years we have been operating in the field of stainless steel processing, both in Italy and in Europe, guaranteeing **defect-free, reliable products that meet HACCP hygiene and safety requirements.**

We offer immediate and effective solutions, easy to assemble and install, using only **certified stainless steel suitable for food contact.**

We offer a wide range of standard products that can be used in different production sectors and a complete technical design service for the construction of the **furniture best suited to the specific needs of our customers.**

THE QUALITY OF STAINLESS STEEL

Facilitas constantly invests in materials and production processes to offer a high quality product.

All our furniture and accessories are:

- > **ecological**, because stainless steel is **100% recyclable**;
- > **approved for contact with food**;
- > hygienic, thanks to the **low bacterial retention**;
- > **anti-corrosion and anti-shock**;
- > made of **AISI 304** stainless steel (En 1.4301/1.4307), **AISI 441** (En 1.4509) or **AISI 316** (En 1.4401/1.4404).

THE ADVANTAGES OF OUR FURNITURE

All the stainless steel cabinets produced by Facilitas are designed to **simplify the shipping and assembly phase** and **facilitate installation** by the customer.

We offer **tailor-made solutions**, designed according to the specific needs of each customer. Our technical office is able to design completely **customized solutions down to the smallest details**.

FACILITAS FOR MEAT PROCESSING AND OTHER FOOD SECTORS

A **reliable partner** and supplier of stainless steel furniture for all the companies in the food sector, such as butchers, poultry industries, delicatessens, pasta factories, confectionery, dairy and fish industries.

Stainless steel, **easy to clean and sanitize, is the most hygienic and suitable material for contact with food:** its purity and very low porosity in fact limit the migration of substances. The stainless coating makes it very **easy to clean and sanitize.**

FACILITAS FOR SUPERMARKETS FOOD RETAIL INDUSTRY AND HORECA

In addition to having to comply with all the hygiene standards of the food sector, these environments are characterized by **intensive use of equipment and surfaces.**

Facilitas stainless steel furnishings guarantee a very high level of hygiene and also **high resistance to corrosion, impacts and wear.**

Furthermore, the large variety of lockers, cupboards, drawers, and shelving allows you to **design a flexible and efficient work environment**, always guaranteeing maximum cleanliness and reliability.

FACILITAS FOR THE PHARMACEUTICAL AND CHEMICAL INDUSTRY

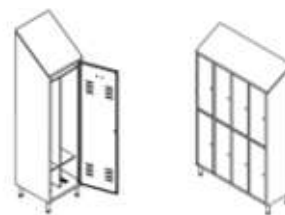

High quality stainless steel to best address the demand for always **very high hygiene standards**.

With the right furniture you can **arrange clothing, equipment and tools in an efficient and hygienic way**.

We supply companies in the healthcare sector such as medical clinics, chemical laboratories, analysis laboratories and operating rooms.
