

COMPANY PRESENTATION

Caffè Sardella is an authentic story of love for coffee, born in Sicily in 1911, in a typical coffee shops located in the heart of Catania city, where Calogero Sardella, the founder, follows his vocation for the coffee and takes over "Sardella, The catanese Coffee Company", one of the world's ancient roasting firms.

The company produces and markets a unique blend of espresso coffee under a single brand leader in quality. A careful balance of ingredients imported from the world's best coffee growers that creates the unmistakable flavor and aroma of Sardella Coffee: always identical in any espresso cups wherever is drunk around the world.

Committed to high quality through the selection of Arabica and Robusta coffee among the finest in the world, Sardella has been standing out on the market thanks to a complex and constant work in the selection of green beans and in the monitoring of the roasting operations. Over the years Caffè Sardella has diversified its products but remains linked to its original core business, the "skillful art of roasting", the source of the company's greatest successes.

The quality of Sardella's coffee is the result of combining tradition and innovation. Innovation allows to monitor the coffee roasting process, the composition of the blends and the packaging that takes place thanks to cutting-edge machinery, but the importance of Sardella Coffee lies in respecting the Italian tradition in the preparation of the espresso.

The Coffee Sardella is 70% Arabica and 30% Robusta.

The Arabica variety as Santos and Colombia in cup looks aromatic, sweet and delicate, sometimes fruity. It is characterized by a low caffeine content of between 0.8 % and 1.5%.

The Robusta variety, as the Indian coffee and the Santo Domingo, in cup is characterized by a stronger taste, more body and a caffeine content between the 1.7 % and 3.5% .

Sardella coffee blends :

Our beans are roasted separately and slowly to obtain a balance of the organoleptic and olfactory characteristics required in an authentic cup of Italian espresso.

Pods System :

The blend is made by selected roasted beans and is carefully packed in protective atmosphere in maintaining the freshness and delicacy of the coffee .

Capsules System:

Simple and elegant design, easy opening, packed in a protective atmosphere to preserve the Freshness and delicacy of the coffee.

Mission and Vision

Delight all those love the quality of life through striving for the best coffee nature can offer, improved by the best technology. The family has always been committed to this challenge: a smile for every cup. To make today delicious we begin with our customers. One of the main company policies is to see craftsman's tradition as a strength and guarantee. craftsmanship quality is the main thing that distinguish us from the large industry.
