metalarredo

# About us

In 1981, Metalarredo was founded through the entrepreneurial spirit of Flavio Tonon, immediately specializing in the **lighting sector**.

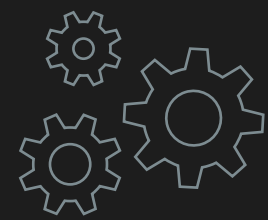

A passionate and experienced team **designs and manufactures custom LED lamps and lighting systems** conceived to enhance spaces and create atmospheres, providing charm and light effects.

The **company's green spirit guides every stage of the production process**, ensuring sustainable and efficient solutions.

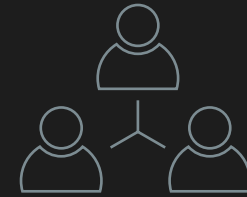

We turn light into an emotion that enhances your spaces  
We combine design with quality to offer tailor-made, discreet and elegant solutions.
