About Us

GoviFarm is an Italian company based in Pegognaga (Mantua), founded in 2015, specialized in the production of **gluten-free pasta made from legumes and cereals**.

We are strongly committed to **nutritional quality, environmental sustainability, and transparency**. Our mission is to offer **healthy, tasty, and innovative foods** that support a more conscious and natural lifestyle.

Products

GoviFarm offers a wide range of **gluten-free dry pasta**, available in both **organic and conventional versions**. We provide a variety of pasta shapes: short cuts, long cuts, soup formats, and special versions for the **infant segment**. Each shape can be developed with any recipe based on **legume flours, cereal flours, or superfoods**, allowing for full customization based on the client's nutritional, commercial, or market positioning needs.

Certifications

We operate in accordance with the **highest standards of food quality and safety**.

Our certifications include:

- **EU Organic**
- **Kosher**
- **IFS Food (Higher Level)**
- **BRC Food (Grade A)**
- **Gluten-free lab analysis on every production batch**

Production Process

Our production takes place in **dedicated gluten-free facilities**, using technology that includes **slow, low-temperature drying**, preserving the **nutritional properties** of the ingredients.

Each stage is carefully **tracked and controlled**, from raw material selection to mixing, extrusion, and packaging.

Private Label & Packaging

We offer a **complete private label service** for companies and retail chains.

Clients can choose:

- Custom pasta formats and pack sizes
- **Sustainable packaging**: recyclable plastic or compostable paper

Markets & Distribution

GoviFarm is active **internationally**, participating in major trade shows such as **SIAL Paris**, **TUTTOFOOD Milan**, **ANUGA Cologne**, and more.

We work with:

- Retail and supermarket chains
- Food importers and distributors
- HoReCa and catering channels
- Health food brands

Core Values

- **Health & Wellbeing:** naturally nutritious foods
- **Sustainability:** organic ingredients and eco-friendly packaging
- **Craftsmanship Quality:** simplicity, taste, and transparency
- **Innovation:** continuous R&D in new ingredients and pasta shapes
