CLASSIC RANG

BLANX® MED HEALTHY WHITE (DISPENSER)

GA1585000 - 75 n

BlanX® Med Healthy White is the first toothpaste specifically developed to promise both the beauty and health of teeth, thanks to the combined action of two fluoride ions and Arctic Lichen. Furthermore, a highly quality silice cleans the tooth enamel deeply and delicately without causing damage.

Notes:

BLANX® MED INTENSIVE STAIN REMOVAL (DISPENSER)

GA1596200 - 75 ml

BlanX® Med Intensive Stain Removal removes from teeth enamel the stains, and pigments caused by smoke, food, drinks, and plaque. Its unique formula, containing Lichens Arctic and 100% Natural Bamboo micropowder, is specifically designed to restore natural teeth whitening. Its intense natural aroma gives an immediate sensation of coolness, while its active principles effectively prevent the formation of plaque and tartar.

Notes:

BLANX® WHITENING (TUBE)

GA1584400 - 75 n

BlanX® Advanced Whitening is the first toothpaste specifically developed to promise both the beauty and health of teeth, thanks to the combined action of two fluoride ions and Arctic Lichen. Furthermore, a highly quality silice cleans the tooth enamel deeply and delicately without causing damage.

Notes

BLANX® INTENSIVE STAIN REMOVAL (TUBE)

GA1584900 - 75 m

BlanX® Intensive Stain Removal removes from teeth enamel, the stains, and pigments caused by smoke, food, drinks, and plaque. Its unique formula, containing Lichens and 100% Natural Bamboo micropowder is specifically designed to restore natural teeth whitening. Its intense natural aroma gives an immediate sensation of coolness, while its active principles effectively prevent the formation of plaque and tartar.

Notes:

BLANX® BLACK

GA1550800 - /5 m

BlanX® **Black** is an everyday toothpaste which combines whitening and antibacterial properties to return your smile to its natural white shine from the first use. The **Charcoal** microparticles trap and eliminate plaque and impurities that stain the tooth enamel.

Notes:

BLANX® NORDIC

GA1736600 - 75

Blanx® Nordic White is the the first Blanx® for white teeth and healthy gums thanks to a mix of 100% natural minerals with soothing and regenerating action. Volcanic origin provides Nordic minerals with unique absorbing and whitening properties. A new, exclusive taste for a long-lasting freshness. Artic Lichens, Silica and Fluoride Salts complete the formulation for a deep cleaning and intense whitening action.

Notes:

Non-abrasive whitening toothpaste

BLANX

BLANX® COCO WHITE

Blanx® Coco White contains Coconut Oil that has a soothing and protective action on inflamed gums. It acts on the bacterial plaque protecting the mucous membranes for a prolonged detox action. The Mint-Coconut taste gives a sweet and pleasant sensation to irritable gums.

BLANX® GLAM WHITE TREATMENT

Blanx® Glam White is an innovative 6-day treatment that restores an intense white smile with visible results. It provides a longlasting whitening and anti-stain effect, maintaining a healthy mouth by reducing plaque and bacteria. It contains the innovative ingredients PAP which is clinically tested to work in just a few applications.

BLANX® O3X TRAYS

The unique combination of **Oxygen Power** and **Arctic Lichens** actively removes stains for an intense white smile. The prefilled trays are easy to use. The thin and flexible design ensures comfortable use on all sizes of teeth. The structure of the tray ensures the whitening effect on both the front and back of teeth.

BLANX® BLACK MOUTHWASH

BlanX® Black mouthwash special formula combines antibacterial property of natural Arctic Lichens and Zinc PCA with the whitening and anti-stain effect of natural Activated Charcoal. Thanks to their absorbent capacity: they act in depth on surface stains and bad breath. This mouthwash gives a pleasant and lasting freshness. It does not contain alcohol, chlorhexidine and artificial colorings. How to use: before every use, shake to activate it.

O3X

BLANX® O3X STRIPS

BlanX® O3X Strips are made with an advanced formula for professional whitening results. O3X releases **Oxygen Power** which removes stains for an intense white smile. These extra fine strips are flexible and transparent for perfect contact with teeth. The innovative, peroxide-free formula is non-abrasive and delicate on gums and enamel.

BLANX® O3X TOOTHPASTE

The unique BlanX $^{\otimes}$ formula combines the new O3X Technology, which releases active oxygen, with Perlite, and natural Arctic Lichens. O3X toothpaste actively removes stains and makes teeth shiny and bright. It is ideal for use before and after whitening treatments to maintain shining white enamel.

WHITE SHOCK

BLANX® O3X **BLACK STRIPS**

Blanx® 03X Black Strips with Charcoal microparticles, is a new formula for professional whitening results. These strips are flexible for perfect contact with the teeth. The innovative formula is non-abrasive and delicate on aums and enamel.

BLANX® WHITE SHOCK - INSTANT WHITE

Blanx® White Shock toothpaste is based on ActiluX®, the patented active ingredient that reacts to light, naturally whitening teeth and removing bacteria. ActiluX® is deposited on the surface of teeth and actively whitens all day long.

BLANX® WHITE SHOCK POWER WHITE TREATMENT

BlanX® White Shock Power White Treatment with extra ActiluX®, the patented active ingredient that reacts to light. The special BlanX White Shock Power White Treatment whitens teeth effectively, removing bacteria that cause plaque and tooth decay, keeping gums healthy and moisturized

BLANX® WHITE SHOCK PEN

BlanX® White Shock Pen is the non-abrasive whitening treatment without hydrogen peroxide. Thanks to the exclusive BlanX White Shock formula, it naturally reacts to light and whitens teeth all day long. BlanX® White Shock Pen is practical and safe on enamel and gums.

REPAIRS 100% OF ENAMEL*

Biorepair[®]

BIOREPAIR® TOTAL PROTECTIVE REPAIR

Biorepair® Total Protective Repair is a toothpaste based on microRepair®, biomimetic particles that repair the enamel surface. Its daily usage protects teeth from acids, bacterial attacks, tartar, plaque, and cavity. Biorepair® Total Protective is suitable also for kids thanks to

BIOREPAIR® GUM PROTECTION

Biorepair® Gum Protection is a toothpaste based on **microRepair®**, biomimetic particles that repair enamel surface. This toothpaste helps and protects the gum tissues with a safe, delicate and cutting edge formula based on Hyaluronic Acid, microRepair®, Zinc PCA and

BIOREPAIR® ADVANCED ACTIVE SHIELD

Biorepair® Advanced Active Shield is a toothpaste based on **microRepair®**, biomimetic particles that repair enamel surface. This toothpaste has a combined anticavity action thanks to the immediate attack to bacteria due to Zinc PCA and Xylitol and a continuous defence of enamel by microRepair® that repair microscratches of enamel preventing bacterial penetration. Languages on pack: English and Russian.

BIOREPAIR® FAST SENSITIVE REPAIR

Biorepair® Fast Sensitive Repair is a toothpaste based on microRepair®, biomimetic particles that repair teeth enamel and reduce dentine sensitivity by closing uncovered dentinal tubules. For faster results apply directly to the tooth. Biorepair® Fast Sensitive is suitable also for kids thanks to its fluoride-free formula.

BIOREPAIR® PRO WHITE

Biorepair® Pro White is a toothpaste based on microRepair®, biomimetic particles that repair enamel surface, and a whitening polymer called PVP. The PVP creates a film buildup against stains and pigments. Its unique formula is specifically designed to restore the natural whiteness of teeth. Biorepair® Pro White is suitable also for kids thanks to its fluoride-free

BIOREPAIR® ADVANCED INTENSIVE NIGHT

Biorepair® Advanced Intensive Night is a toothpaste based on **microRepair®**, biomimetic particles that repair enamel surface, and a protective polymer. The polymer creates a long lasting protective and antibacterial film buildup. Biorepair® Intensive Night is suitable also for kids thanks to its fluoride free formula. Languages on pack: English and Russian.

BIOREPAIR® ADVANCED SENSITIVE DOUBLE ACTION

Biorepair® Sensitive Double Action Anti-Sensitivity is the advanced formulathat repairs 100% of the enamel and protects the gums by counteracting sensitivity for immediate relief and a lasting protective barrier. Thanks to its antibacterial and anti-plaque action it helps to keep the gums protected and soothed. With Zinc PCA, Xylitol and CPC that provides double protection against bacteria that cause plaque on the gumline, keeping gums protected and fighting recession.

BIOREPAIR® PERIBIOMA

Biorepair® PERIBIOMA® PRO is the only formula with microRepair® BIOMA that counteracts the symptoms of periodontitis and fights the causes, promoting the maintenance of normal oral microbiota. Biorepair® PERIBIOMA® PRO toothpaste also repairs the enamel and protects the gum line from bacteria attack, thanks to the antimicrobial action of Chios Mastic. The formula is perfected by a vitamin complex with Hyaluronic Acid with a detoxifying, antioxidant, and restorative action on the gingival tissues.

BIOREPAIR® PERIBIOMA CHEWING GUM

Biorepair® PERIBIOMA® PRO chewable gums, thanks to their advanced formula based on microRepair®BIOMA and Vitamin C and D3, keep the gums protected and strong. The addition of probiotics helps maintain the normal balance of the microbiota. Incorrect nutrition drops in immune defenses, stress, can cause irregularities in the microbiota, both intestinal and oral. Biorepair® PERIBIOMA® PRO chewable gums contain microRepair®BIOMA, microcrystals of hydroxyapatite added with three billion specific selected probiotics that favor the rebalancing of the oral microbiota.

BIOREPAIR® PERIBIOMA MOUSSE MOUTHWASH

Thanks to its soft and fluffy texture, PERIBIOMA® MOUSSE gently envelops gums, with deep action. The MOUSSE releases micro bubbles that adhere to the gum and tooth reaching the most hidden interdental spaces. Ideal for sore, swollen and bleeding gums, and irritated oral mucosa.

BIOREPAIR® KIDS 0-6 YEARS STRAWBERRY

Biorepair® Kids 0-6 years is the only toothpaste for children without Fluoride and with the same amount of adults toothpaste active ingredient, for daily protection against cavities. It is suitable for children under six years old. Strawberry taste.

BIOREPAIR® KIDS 0-6 YEARS GRAPE

Biorepair® Kids 0-6 years toothpaste protects from the cavity and it is ideal for oral hygiene from the first baby tooth. The enamel of children's teeth is more subtle and vulnerable than adult enamel. Biorepair Kids contains microRepair® which strengthen the enamel of deciduous teeth, and Grape extract with toning and astringent properties for gums.

Biorepair

BIOREPAIR® KIDS 0-6 YEARS PEACH

Biorepair® Kids 0-6 years toothpaste protects from the cavity and it is ideal for oral hygiene from the first baby tooth. The enamel of children's teeth is more subtle and vulnerable than adult enamel. BIOREPAIR PLUS MEDICAL DEVICES

BIOREPAIR® PLUS TOTAL PROTECTION

Biorepair® Plus Total Protection protects teeth' natural health every day from acid erosion and from bacteria that causes plague, tartar, and tooth decay. It is the only toothpaste that contains microRepair® made of the same enamel substance as the teeth. It deposits an additional 50% of enamel by preventing erosion. It is ideal also for those suffering from halitosis.

BIOREPAIR® PLUS

PARODONTGEL®

BIOREPAIR® PLUS PRO WHITE

Biorepair® Plus Sensitive Teeth creates a natural barrier against hypersensitivity for quick

relief. It is the only toothpaste that contains microRepair® made of the same enamel substance

as the teeth. The microparticles can penetrate the teeth's micro-breaks to repair damaged

BIOREPAIR® PLUS

SENSITIVE TEETH

Biorepair

enamel and occlude dentinal tubules within 3 days.

Biorepair® Plus Parodontgel® protects and moisturizes oral tissues, for quick relief of inflamed reddened or bleeding gums. It is the only toothpaste that contains microRepair® made of the same enamel substance as the teeth and **Lactoferrin**, which counteracts bacterial growth. It is suitable for children under six years because it does not contain fluoride.

Biorepair® Plus Pro White repairs the enamel and restores teeth's natural whiteness. It is the only toothpaste that contains microRepair® made of the same enamel substance as the teeth. Thanks to whitening **PVC technology**, it captures the coloring substances before they deposit onto the teeth. It is suitable for children under six years because it does not contain fluoride.

BIOREPAIR® PLUS MOUTHWASH

Biorepair® Plus Antibacterial Mouthwash helps to protect oral mucosa from inflammation, alleviating their symptoms, and inhibiting plaque formation. It contains microRepair® that repairs damaged enamel and occlude dentinal tubules. Enriched with Zinc helps the treatment of infections, and it is also ideal for antiinflammatory post-surgery treatment.

BIOREPAIR® TRAVEL KIT TOTAL PROTECTION

Biorepair® Plus Total Protection Travel Kit protects teeth's natural health every day from acid erosion and from bacteria. It is the only toothpaste that contains microRepair® made of the same enamel substance as the teeth. Énjoy all the big benefits of the product in small, compact size. It is perfect for air travel or if you simply want to have a conveniently mini version of the toothpaste with the same functions.

13

BIOREPAIR® PLUS ENAMEL - REPAIR IMPACT TREATMENT

Biorepair® Plus Desensitizing Treatment fights dentin sensitivity through the repairing action of microRepair®, microparticles that create a natural barrier against pain. The main remedy against hypersensitivity consists in repairing the damaged enamel surface, and only Biorepair® can intervene successfully.

BIOREPAIR® INTERDENTAL NON-WAXED EXPANDING FLOSS

Biorepair® Expanded floss designed for all spaces, initially thin, swells during use, adapting to any space, allowing more effective plaque removal even in the most difficult areas. It is particularly suitable for sensitive and inflamed gums because it is made of ultrasoft filaments delicate on the edge of the gum. Fresh Mint aroma. Plastics and floss realized with bacteriostatic Self Cleaning Polymer. New green packaging with 90% less plastic**

BIOREPAIR® EXTRA FLOSS

Biorepair® Extra Floss protects against bacterial plaque build-up that causes cavities and gum inflammation. It is the only one made with antibacterial SCP and microRepair®, whose composition is very similar to teeth enamel, and it penetrates where toothbrush cannot reach. The stiff part is ideal to reach spaces under bridges and braces; the spongy central floss is ideal to clean those areas and large interdental spaces; the standard floss removes plaque on the gumline. The Istituto Erboristico L'Angelica was founded in Villa Angelica in 1981.

For over 40 years, it is synonymous of

INNOVATION, RESEARCH AND WELL-BEING.

it is the research that studies the benefits of active substances contained in nature, and how to exploit their positive effects

TO IMPROVE THE WELL-BEING OF EACH OF US.

L'ANGELICA **DRAINING**

Orthosiphon, Fennel, Equisetum and Birch are known for their properties to drain and to favour the physiological process to remove exceeding fluids from tissues. Mint, licorice and lavender flowers give this herbal tea a soft aromatic note.

L'ANGELICA **RELAXING AND NIGHT TIME**

The stressful pace of modern life can negatively affect on sleep. Night herbal tea, thanks to Chamomile and Passion Flower are combined with Lemon balm and Lavender, which have soothing properties and add a pleasant aromatic fragrance to the herbal tea.

L'ANGELICA **DIGESTION HERBAL TEA**

The after-meal herbal tea is a blend of **Gentian**, bitter-tonic plant good against sense of fullness and **China**, digestive stimulator; Fennel and mint, known for their digestive properties complete this blend by giving a pleasant taste to this herbal tea.

L'ANGELICA **DETOXIFYING HERBAL TEA**

Useful for the natural body process by encouraging correct functioning of the metabolism, thanks to the synergistic action of Milk Thistle, Elderberry, Fennel, Licorice and Rhubarb.

L'ANGELICA **REGULARITY HERBAL TEA**

Low fibre diet and sedentary life slow down bowel movement causing fullness feeling and sense of discomfort. **Rhubarb**, **Liquorice** and **Fennel** help smooth and easy bowel movement and

L'ANGELICA FLAT STOMACH HERBAL TEA

An unbalanced diet and bad habits like eating fast can cause discomforts such as intestinal gas and a sense of satiety. Stomach herbal tea thanks to Star Anise, Fennel, and Caraway help

L'ANGELICA

L'ANGELICA DRENA SLIM HERBAL TEA

R&D Dept at Istituto Erboristico L'Angelica has blended some precious herbs: Green Coffee, Green Teg and Lavender, carefully selected to make Silhouette Herbal Teg a precious ally.

L'ANGELICA ALOE VERA HERBAL TEA

Aloe is a plant known and used since ancient times for its properties. From typical fleshy leaves of the plant is obtained a gel full of useful substances for depuration of the whole organism.

L'ANGELICA VALERIAN HERBAL TEA

A particular characteristic of the Valerian root, an active part of the plant, is an intense and enveloping aroma. Known for its calming properties and relaxing is great for giving moments of deep relaxation.

Product Guide 2021

L'ANGELICA **FENNEL HERBAL TEA**

Fennel promotes intestinal gas elimination and digestion. It helps to relieve the symptoms of fullness as well.

L'ANGELICA STOMACH RELIEF HERBAL TEA

DOLORELAX®

BODY CARE

DOLORELAX.

DOLORELAX HOT EFFECT PAIN PATCH

Dolorelax offers a natural source of heat at a comfortable temperature for several hours. It eases acute pain caused by muscle and joint disorders such as neck pain, lumbago, periarthritis and rheumatic diseases. The device provides 8 hours of heat therapy at a temperature of about

DOLORELAX WARM EFFECT GEL

The beneficial heat effect generated by the combination of natural active ingredients contained in Dolorelax, alleviates muscle tension and joint pains of the neck, shoulders, and back. **Dolorelax Warm Effect Gel** is particularly effective for cold, rigid muscles and for joint stiffness upon exposure to cold.

DOLORELAX **MAGNETOTHERAPY PATCHES**

Dolorelax Magnetotherapy Patches use technology based on the magnetic fields generated by a permanent ferrite magnet to help reduce muscle tension and stiffness by improving blood flow. These patches are particularly recommended for muscle rigidity in the shoulders, neck, back and knees.

DOLORELAX COLD EFFECT PAIN PATCH

The specific combination of natural active ingredients contained in Dolorelax Cold Effect Pain Patches offers effective pain relief against limb pains resulting from sprains, contusions, and joint deterioration typical in the elderly. Active for 6 hours, they offer long-lasting relief and produce a pleasant cooling effect.

DOLORELAX SELF-HEATING WRAPS

Dolorelax Self-Heating Wrap is useful to give relief to tense, tired and cramped muscles giving a pleasant and well-tolerated heat for about 8 hours. The wrap is made of soft material and has particular cells which contain natural elements. Its contoured shape adapts specifically to the different areas of application.

DOLORELAX RELAXING SELF-HEATING EYE-MASK

DOLORELAX Relaxing Self-Heating Eye-Mask is a non-woven mask that hooks behind the ears and produces releasing heat continuously and controlled up to 40° . The heat improves blood circulation in the eye area giving relief to tired eyes to give comfort feeling. The chamomile fragrance, combined with the soothing heat action, facilitates the **process of falling asleep**.

DOLORELAX HEATING BELT (1 BELT + 2 REFILL)

DOLORELAX Heating Belt is effective and targeted against muscle pain and stiffness in the back areas, effective in lumbago, it also helps with menstrual pain. Suitable for both chronic and occasional pain. The device provides 8 hours of thermotherapy treatment at a temperature of about 40° C.

Product Guide 2021

ZANZARELLA

LIQUID REFILL 60 NIGHTS
GA1800100

Anti-odor Liquid Refill 60 Nights ongoing emanation against common mosquitoes and tigers. It works correctly without the need to replace the charge for 60 nights.

Notes:

ZANZARELLA 30 GREEN MATS

GA1394912 - 30 mats

Thanks to their exclusive formula based on natural components, it offers a long-lasting protection against regular and tiger mosquitoes. They represent a useful anti-mosquitoes remedy at home: ideal for both places like your living room, your kitchen or your bedroom, where it releases a gentle fragrance of Eucalyptus, Mint and Geranium, both outdoor spaces like your balcony, terrace or porch. Mats are made of pure natural cellulose.

Notes:

ZANZARELLA IN&OUT SPRAY

GA1258400 - 400 m

A single product: dual protection for Indoors and Outdoors. Protects the treated area for up to 8 hours. The first immediate effect is that it kills all the mosquitoes present in the area; over the next few hours it kills or in any case repels the mosquitoes that try to enter the treated area. When sprayed on balconies and window sills, it protects the home with a barrier effect, ensuring full protection, even indoors.

Notes

ZANZARELLA MULTI-INSECT AND DUST MITE REPELLENT

A1319500 - 400 ml

The complete solution for eradicating crawling and flying insects: mosquitoes, tiger mosquitoes, cockroaches, wasps, dust mites, fleas, bed bugs. Thanks to the long-lasting hold of its active ingredients, this spray not only eradicates unwanted insects but also creates an active barrier, which prevents them from returning. It eradicates dust mites from the home environment, preventing allergy attacks and helping to fight breathing and skin allergies.

Notes:

ZANZARELLA SPRAY WASP

GA 15 18500 - 400 m

Tecno Vespe kills with instant action wasps and their nests, spiders and other dangerous insects such as hornets and bugs. Thanks to its formula based on active ingredients with high efficacy, the product give fast effect with safe distance.

Notes:

ZANZARELLA SPRAY BEDBUG

A1595400 - 150 m

Bug Freeze Spray is a spray that uses cold technology to combact bugs and other insects like millepedes. Its special technology makes it possibile to eliminate these insects instantly; in fact once they have been hit by the freeze spray the insects will remain stunned for many hours (often the insect dies instantly). Bug Freeze Spray does not leave any residue and it doesn't contain any insecticide substances. It is easy to use and it does not need any particular precaution.

otes:

AFTER-BITES

ZANZARELLA Z-PROTECTION AFTER BITE PEN

GA1394400 - 12 m

Thanks to the mix of essential oils characterizing Prep Original Formula, Zanzarella and PREP provides a natural relief from the annoying after bite itching sensation. From the collaboration between Zanzarella and Prep you can find today the new delicate and natural after bite, with its tested efficacy.

10162:

ZANZARELLA Z-PROTECTION AFTER BITE COLD SPRAY

A1595200 - 75 m

The first cosmetic after bite spray, using freezing power with its special formula based on natural extracts. Instant relief for adults and kids. Lenitive action: thanks to its vegetable extracts complex, with **Pepe Timut** (or Japanese pepper) has an intense yet refreshing aroma and can resemble the smell of oranges with some notes of **Camphor**. The special One-Push valve guarantees the correct dose of product at each pressure.
