The image is a composite. The background is a wide-angle shot of a camel standing in a snowy, mountainous landscape under a clear blue sky. In the foreground, the back and head of another camel are visible, looking towards the right. A central rectangular inset shows a close-up of a camel's nose and the bridge of its snout, with a fine, woven texture. The text 'BABY CAMELLO' is printed in a black, serif font across the middle of this inset.

BABY CAMELLO

ZK 366 1086
