## CATALOG

*D*ifferent studies confirm that skin absorbs the 60% of the agents with whom it comes into contact, it means that if you use aggressive products the child could absorb them. The importance of natural cosmetics is therefore evident.

For this reason we produce natural cosmetics suitable for sensitive children's skin, 100% natural, free for allergens, preservatives and emulsifiers, made by certified raw materials.

## *The main ingredients of our line*

### *Aloe Vera*

It is a fleshy and juicy plant; it comes from the Liliaceae family. Pure aloe gel is useful to reduce itching, it has a fresh and anti-inflammatory effect, it also preserves cellular hydration. It has a really low potential for irritation so it is not a problem for sensitive children's skin. Aloe vera has also a strong antioxidant effect. The gel stimulates the production of collagen.

### *Calendula*

This plant comes from the Asteraceae family. It has properties for dry and chapped skins, it gives a fresh effect after the sun exposure, it is ideal for treating dermatitis.

## Sweet Almond Oil

Almond is the edible seed of the almond tree, from it is obtained a very energetic edible milk full of vitamins of group B1 and B2, proteins and minerals. It is really used in cosmetics for his nourishing, energizing and emolient proprieties. Almond Oli is obtained from the cold pressure of the seed, it is well tollerated by sensitive and delicate skins. Thanks to their dermoaffinity, the proteins contained are similar to collagen and are very effective in the treatment of dry and reddened skin and reduce itching,

## Karité Butter

Karité Butter is extracted by a plant wich grew up spontaneously in some African regions where it is defined as "The plant of health and youth".

It is full of unsaturated fats and vitamins, it has a semi-solid but soft texture.

It is used since ancient times against the effects of the UVA rays, wind and salt. It has proprieties against skin aging, Karité Butter gives softness and elasticity, it is also suitable for all skin types.

Karité Butter is full of vitamins A, B, E and F, it has beneficial proprieties against dry skin, redness, erythema and dermatitis

## Mallow's Water

The scientifi name is *Malva silvestris*, it comes from Mavaceae family. Mallow's water finds wide space in cosmetics thank to its emollient, anti-infiammatory and moisturizing proprieties.

## Camomile and Bisabolol

The camomile plant is not only one of the oldest medicinal plants of mankind, but also one of the oldest and most varied proprieties.

Camomile extract is widely used in the preparations of comsetic product mainly for sensitive, delicate, or allergy-prone skin, it has a protective action against external aggression. Due to its soothing proprieties, camomile-based compounds are suitable to protect children's delicate skin.

Bisabolol is straw-yellow in colour, liquid, clear and viscous in appearence, it smells sweet. The soothing and antibacterial proprieties of bisabolol have benn known for centuries and for this reason the substance is now used in the manufacture of a wide range of cosmetics for children.

## Silvana Fiale

Silvana Fiale was born in 1939 from a request of the pediatric clinic in Naples. The preparation consists of a mix of essential oils totally natural with a fresh and enveloping fragrance.

Doing the bath by inserting a single dose into the tank it has a soothing and emollient action given by the presence of oils and contributes to the nasal decongestions by virtue of the presence of Mountain Pine, Pino Pinaster, Eucalyptus and Rosemary, Silvana Fiale gives a feeling of relaxation to the child to facilitate sleep due to the presence of lemon balm and sweet orange. We also recommend the use in summer as Silvana ampoules gives a prolonged feeling of freshness.

Also used by many as essential oil for common humidifiers and dehumidifiers.

Denatured alcohol, Propylene glycol, Pinus mugo pumilio leaf twig oil, Acetic acid, eucalyptus globulus oil, Rosmarinus officinalis leaf oil, Melissa officinalis oil, Lavandula officinalis oil, Citrus aurantium dulcis peel oil, Benzyl benzoate, Parfum, C.I. 42090, Limonene, Citral, Linalool, Geraniol, Citronellol, Evertia prunastri extract, Methyl eugenol.

10 monodose of 5 ml - Quantity per package: 24

## Amido di Riso Fragranza Classica, Coccole e Neutro

Silvana Amido di Riso is a very fine white powder.

It dissolves easily in water without forming lumps. In contact with the skin, rice starch is useful for its soothing, refreshing, calming and anti-inflammatory properties. It is a polysaccharide made from rice flour that is used both in cooking and in natural cosmetics.
