ABOUT US

Tradition and research, past and future get together in MGR Group: from the deep experience in the field of interior upholstery of cars, along with **Fiat**, motorcycles and aircrafts, and the new challenges of the interior design, home furniture, wellness and orthopaedics. **A consolidated and highly skilled team** makes our work flexible. Day by day new things are experimented in our new **research and development laboratory**.

MISSION

Passion for quality and craftsmanship are the heart of MGR Group that supports companies and individuals in delivering highly customized solutions. Our goal is to create unique products in beauty and manufacture: we work in a dynamic way to satisfy all the customer wishes.

VISION

MGR Group is 100% "made in Italy": it combines quality, craftsmanship and style. The taste and care for detail are Italian peculiarities to be appreciated and exported worldwide, while keeping the eyes focused on experimentation and research.

STRENGTHS

The company can rely on local workers to continue the “made in Italy” tradition, where the **care for detail** is fundamental. Thanks to their great knowledge, MGR Group can offer many solutions without ever giving up on the quality.

We are constantly **developing new prototypes** to create innovative services and products, by increasing the skills, the professional development and the **technological innovation**.

Today MGR Group has modernized its processes, industrializing the production but still maintaining the **exclusivity of craftsmanship**.

TUNING

MGR Group is specialized in the upholstery of car interiors, steering wheels, gearboxes, panels, car roofs, dashboards and mats. We give new life to damaged cars always ensuring quality and style.

- We can coat the car panel or design it according to customer needs and we can offer big or small series.
- We give an exclusive touch to steering wheels, using various materials and colors.
- We specialize in the upholstery of car seats with different materials: leather, faux leather, leatherette, microfiber or other fabrics.
- We pay attention to the realization of car roofs and mats for a totally coordinated interior.

In the motorcycle industry, MRG Group can offer saddles repair and customization. A new saddle cover can improve, beyond aesthetics, the driving comfort. With MGR Group you can choose the best materials available on the market to repair a worn out saddle or to make a new one. A touch of class can give a totally new image.

- We can rebuild the saddles of all vespas, scooters and motorcycles.
- We give a personal touch to the saddles and the accessories.
- We realize many types of customizations also on a basic design by using special materials and manufacture.

Companies and designers collaborate with MGR Group for the construction and the design of luxury products or miniseries. The skills of our craftsmen are at the service of fashion and interior design to give a touch of truly exclusive elegance.

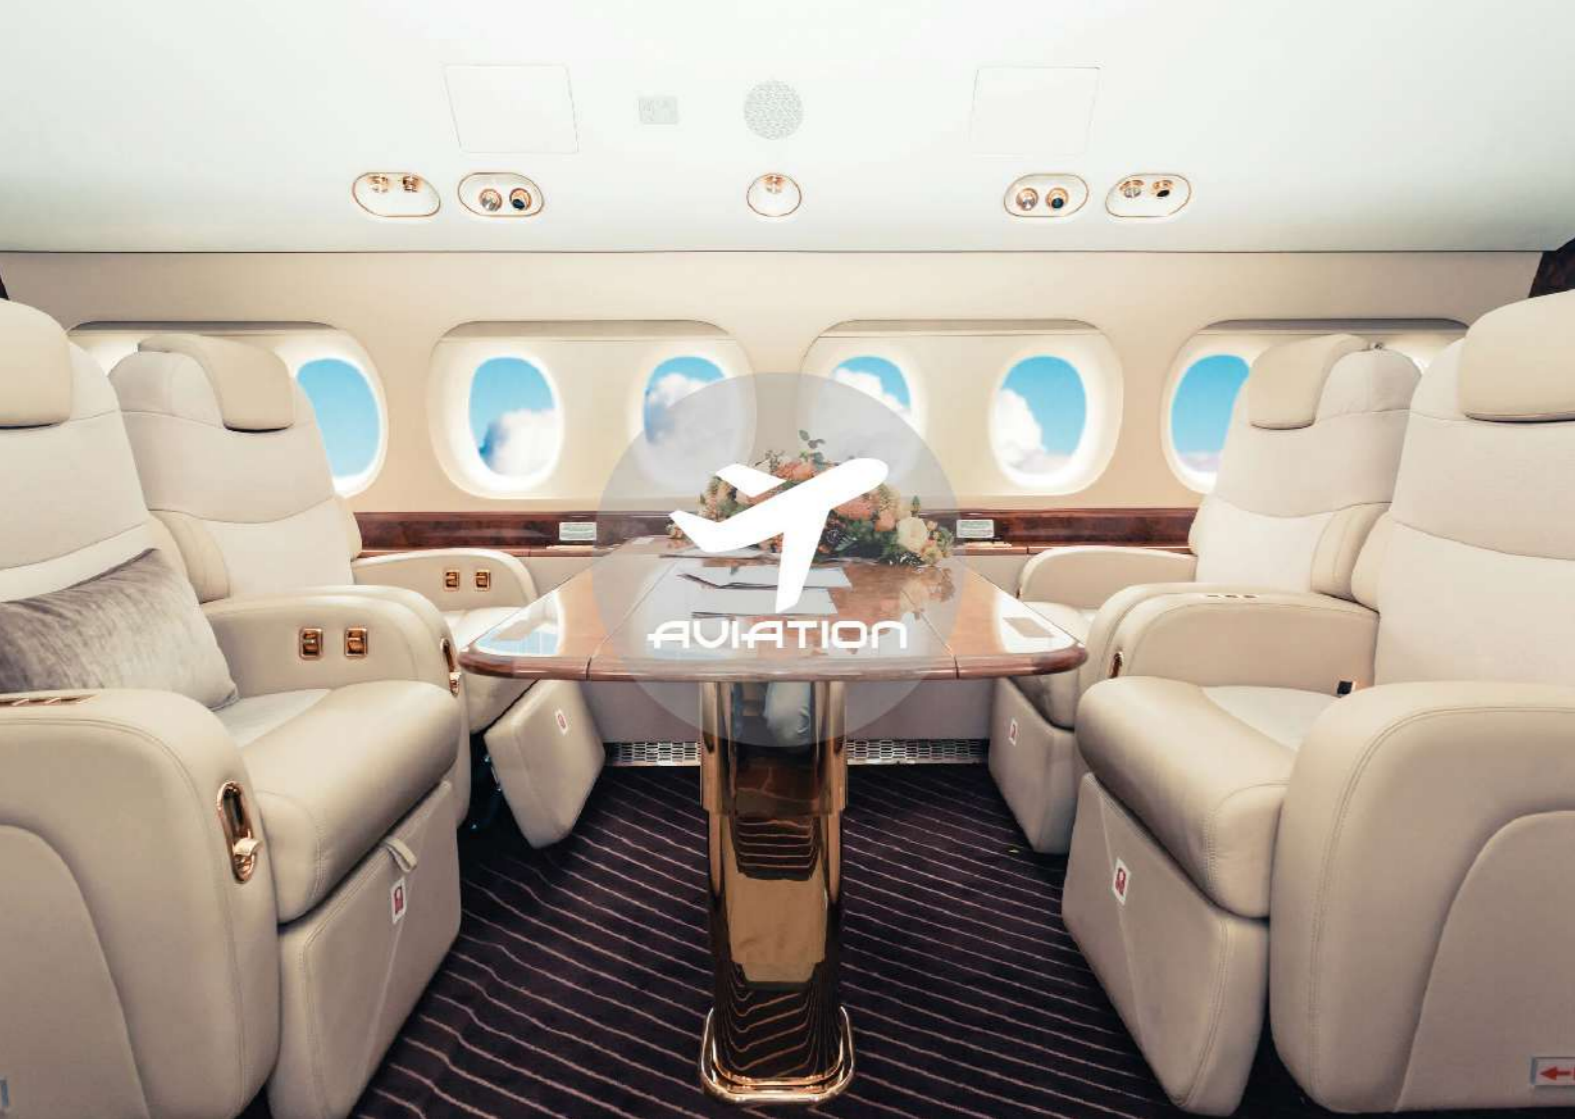

MGR Group can create high quality furniture products such as chairs and sofas and deals with the upholstery of all living spaces and public spaces.

- We carry out projects for hotels, commercial spaces, gyms, clubs, restaurants, bars, residential facilities but also private houses.
- We specialize mainly in the production of comfortable and performing seats.

Even for the nautical sector, MGR Group is responsible for the interior design on public and private boats. Elegance and taste are guaranteed, as well as the weather resistance and the technical efficiency. The customized work gives a unique and exclusive product which makes it recognizable and extremely fascinating.

- We can design and produce or cover and repair indoor and outdoor cushions.
- We use technical materials that guarantee a perfect resistance to salt and weather.

MGR Group provides support in the interior upholstery of helicopters and planes or private jets. We customize the seats with specific fabrics, colors and the logo embroidery. Differentiation, exclusivity, quality, comfort and design are our guarantees. The goal is to design a welcoming, comfortable and dynamic interior, in a small space. Pure leather and alcantara can ensure a luxurious look and design. The choice of a technical fabric puts the emphasis on comfort and convenience. MGR Group guides the customer to the best choice.

- We develop new designs to give innovative products.
- We assure the shelf-life and functionality of our products.

With MGR Group you can customize the interiors of public and private transport means, with fabric or velvet and the embroidered logo of your company. Resistance and aesthetics come first to offer a pleasant trip in a clean and nice environment. Comfortable seats, with ergonomic backrests and armrests can be totally customized to ensure a unique effect interior.

- We repair damages from tears, holes, stains and discolorations.
- We design and implement interiors according to customer requirements using different materials and colors.
- We deliver in short times and at affordable prices.

In the recent years MGR Group has specialized in the realization of multifunctional seats in the clinical and orthopaedic sector but also in the upholstery of beds and armchairs. The experience of our craftsmen increased the business opportunities as well as the offers in the medical field. MGR Group is able to provide performance, safety and efficiency to medical institutions or individuals with special needs.

- We have implemented accessories for wheelchairs.
- We produce components in breathable and washable fabric for orthopedic aids, wheel chairs and electric scooters for people with physical disabilities.

The wellness sector can take advantage of the expertise and skills of our team. The long experience in the production of transportation seats allows us to support health clubs and gyms in the realization of the equipment they need to perform their activities.

- We realize the seats with different materials according to sport performances.
- We cover items of wellness facilities like spas and solariums.
- We do upholstery of chairs, armchairs and other accessories for beauty salons and tattoo studios.

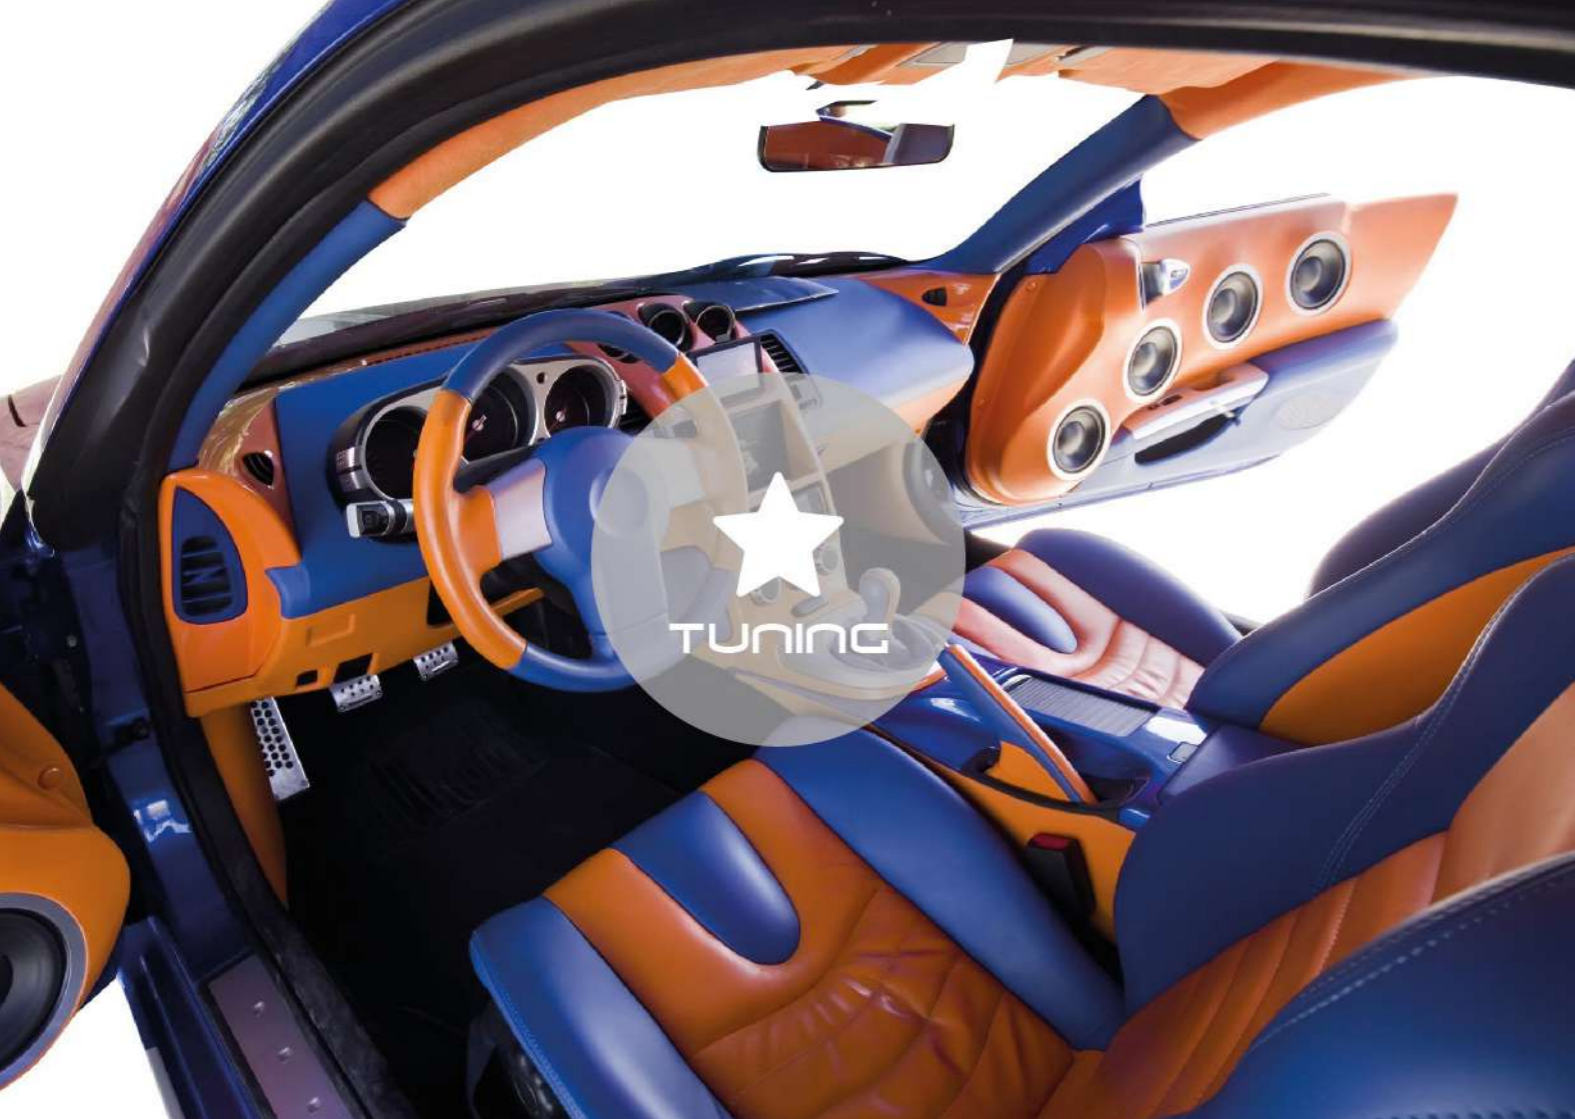

VINTAGE
CARS

The vintage feel and charme of classic cars are enhanced by our customizations. Our goal is to renew the interiors of the most prestigious vintage cars by using high-quality materials and textures. We are able to realize seats, steering wheels and panels that reproduce the original appearance of the car. We are also able to suggest original solutions for those who wish to give a special touch to their vintage car.

- We coat vintage cars panels.
- We coat steering wheels and hoods.
- We realize seats and floor mats in various materials and colors.

Steering wheels, seats, panels, but not only. The cockpit of a truck or a trailer is very complex but we can customize the whole space. The consolidated experience in indoor and outdoor furniture upholstery allows us to design and produce seats and eccentric decorations for caravans and luxurious cars, meeting the requirements of the most demanding customer. By working on these projects, MGR Group brings together the two souls of the company: the car upholstery and home upholstery, guaranteeing a perfect result. Choose our company and feel yourself at home!
