

## TECHNICAL/TECHNOLOGICAL AUDIT AND INDUSTRIAL PRE-FEASIBILITY

### Request Form

Develop a "framework of possible Solutions", especially from a Technical/Technological point of view but also from an Economic-Financial point of view, with the aim of defining an **Innovation Project** that traces the guidelines for **Business Development Programs** and **Facilitated and/or Extraordinary Finance Plans**.

#### Applicant

Name

Surname

Organization

Function

E-mail address

Direct Phone/Mobile

City/Province

Interest Innovation

☐ Product Dev.nt

☐ Process Dev.nt

#### Products and Technologies

##### Current Product Types

- ☐ Clothing and Footwear
- ☐ Agricultural and food
- ☐ Mechanical Equipment
- ☐ Lifts and Hoists
- ☐ Automotive and Components
- ☐ Industrial Doors/Closures
- ☐ Household appliances
- ☐ Packaging
- ☐ Glass Sheets and Components

- ☐ Wood Panels
- ☐ Mechanical Production
- ☐ Healthcare and Medical
- ☐ Semi-trailers, Self-propelled
- ☐ Automation Systems
- ☐ Lighting Systems
- ☐ Office and Home Systems/Furniture
- ☐ Municipal Solid Waste Treatment
- ☐ Other:

##### Current Types of Processing/Technologies

- ☐ Glass Sheets and Components
- ☐ Agri-food
- ☐ Automation
- ☐ Electromechanical
- ☐ Electronics
- ☐ Metalworking

- ☐ Glass Processing
- ☐ Advanced Processing Materials
- ☐ Machining
- ☐ Rubber Moulding
- ☐ Plastic Moulding
- ☐ Other:

#### What types of Innovation/DVMENGINEERING already available may be of interest?

- |   |   |
|---|---|
| <input type="radio"/> Clothing and Footwear (Qty 2)                 | <input type="radio"/> Photovoltaic Protections and Accumulators (2) |
| <input type="radio"/> Interactive System Furniture/Office Walls (2) | <input type="radio"/> Advanced Materials and Nanotechnologies (4)   |
| <input type="radio"/> Integrated Furniture and Complements (19)     | <input type="radio"/> Automated Agri-Food Plants (3)                |
| <input type="radio"/> Lighting Equipment and Systems (4)            | <input type="radio"/> Glass Processing (5)                          |
| <input type="radio"/> Industrial Doors/Closures (9)                 | <input type="radio"/> Kinematic Hardware Equipment (8)              |
| <input type="radio"/> Doors and Windows (4)                         | <input type="radio"/> Food Machines (12)                            |
| <input type="radio"/> Packaging and Logistics (4)                   | <input type="radio"/> Wood panels (1)                               |
| <input type="radio"/> Automotive Batteries (2)                      | <input type="radio"/> Motorcycle-Scooter Accessories (1)            |
| <input type="radio"/> Semi-trailers and Self-Propelled Vehicles (5) | <input type="radio"/> Aeronautical/Naval Automation Systems (6)     |
| <input type="radio"/> Municipal Solid Waste Treatment (10)          | <input type="radio"/> Lifts and Hoists (1)                          |
| <input type="radio"/> Paints, Chemistry, Rubber (3)                 | <input type="radio"/> Medical/Medical Equipment (15)                |
| <input type="radio"/> Plastic Processing (5)                        | <input type="radio"/> Operating Systems Industry 4.0 (2)            |

Fill out this request without any constraint, you will be called as soon as possible to arrange a first meeting.  
For the processing of the Audit and pre-Feasibility, **no Fee** will be charged.
