

**Bioforma**  
**The best quality of Made in Italy**

Made in Italy is the basis on which an entire tradition is recognized throughout the world for its design, style and quality.

From Shanghai to Los Angeles, from Sidney to Dubai, a simple but penetrating message is conveyed to consumers thanks to excellent products of the food, fashion and furniture industries.

Now more than ever, while globalization brings into our houses so many products from any corner of the world, we need to count on the highest quality standards. This is the base of the real Made in Italy, it is what a consumer of the third millennium deserves, this is what **Bioforma** offers you day by day.

*Bioforma*  
 The Italian Company  
 born to make your  
 dreams come true

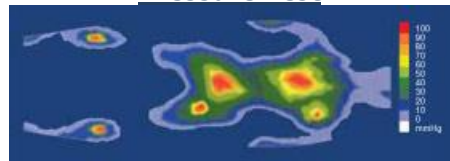

Our mattresses relieve blood pressure  
 ...avoiding pressure on the more critical and heavier parts of the body, they facilitate blood circulation.

They memorize shapes  
 ...increasing the surface in contact to our body, ideal for the prevention and the treatment of bedsores.

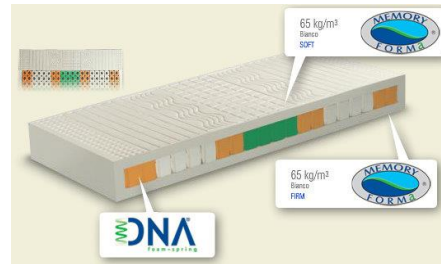

They reduce stress  
 ...reducing unconscious night movements.

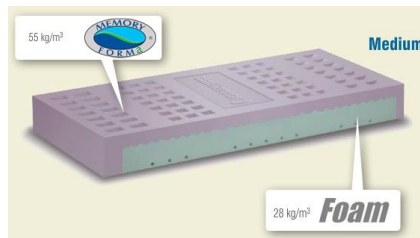

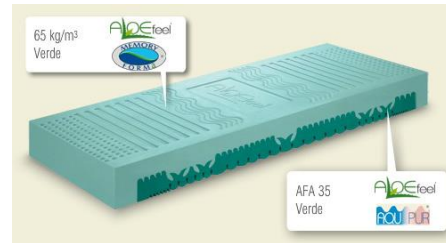

**Pressure Test**

*Would you ever expect to find glass springs?*

*Have you ever thought that your bed might become a spa?*

**ecoMemory Foam**  
 The anti-dust mite,  
 Bedsores-free  
 and breathable  
 mattress

**Technological Mattress Line**
