**Clarissa Cosmetics is the result of passion, study, technological research and above all attention to beauty across the board. It establishes itself in the leading line for gel, acrylic and decorative nails, triumphing on the national and international territory. It has also developed over the years complete lines for the eyes: from artificial eyelashes to extensions including healing treatments such as lamination.**

**Today, a particular attention is given to the complete line for semi-permanent make-up and microblading, as well as the make-up line that begins in 2023 by launching the first lip&Cheek lipgloss .**

**Last but not least, we organize training courses throughout Italy for nails, tattoo and piercing.**

## THE CONCEPT BEHIND:

Our goal is to create, innovate, experiment with products, work and training methodologies that are always new and cutting-edge, with constant attention to the needs and desires of our client, with due respect for nature. Often the testimonials of photo shoots are ordinary women/men, girls next door, who become stars for a day; friends, relatives and neighbors are involved who let the artist within them explode in front of the camera.

ANYONE, WITH CLARISSA HANDS, CAN BECOME A STAR!
