# Bearings – Housed Units – Special Applications

## Food Industry SENTINEL SERIES BEARINGS:

- Lifetime lubrication of bearings
- Resistance to high-pressure washdowns
- No grease loss in self-aligning bearings
- No contamination of food chains
- 100% compliance with anti-contamination barrier
- Strong action in favor of the environment

**NTN** **SNR**

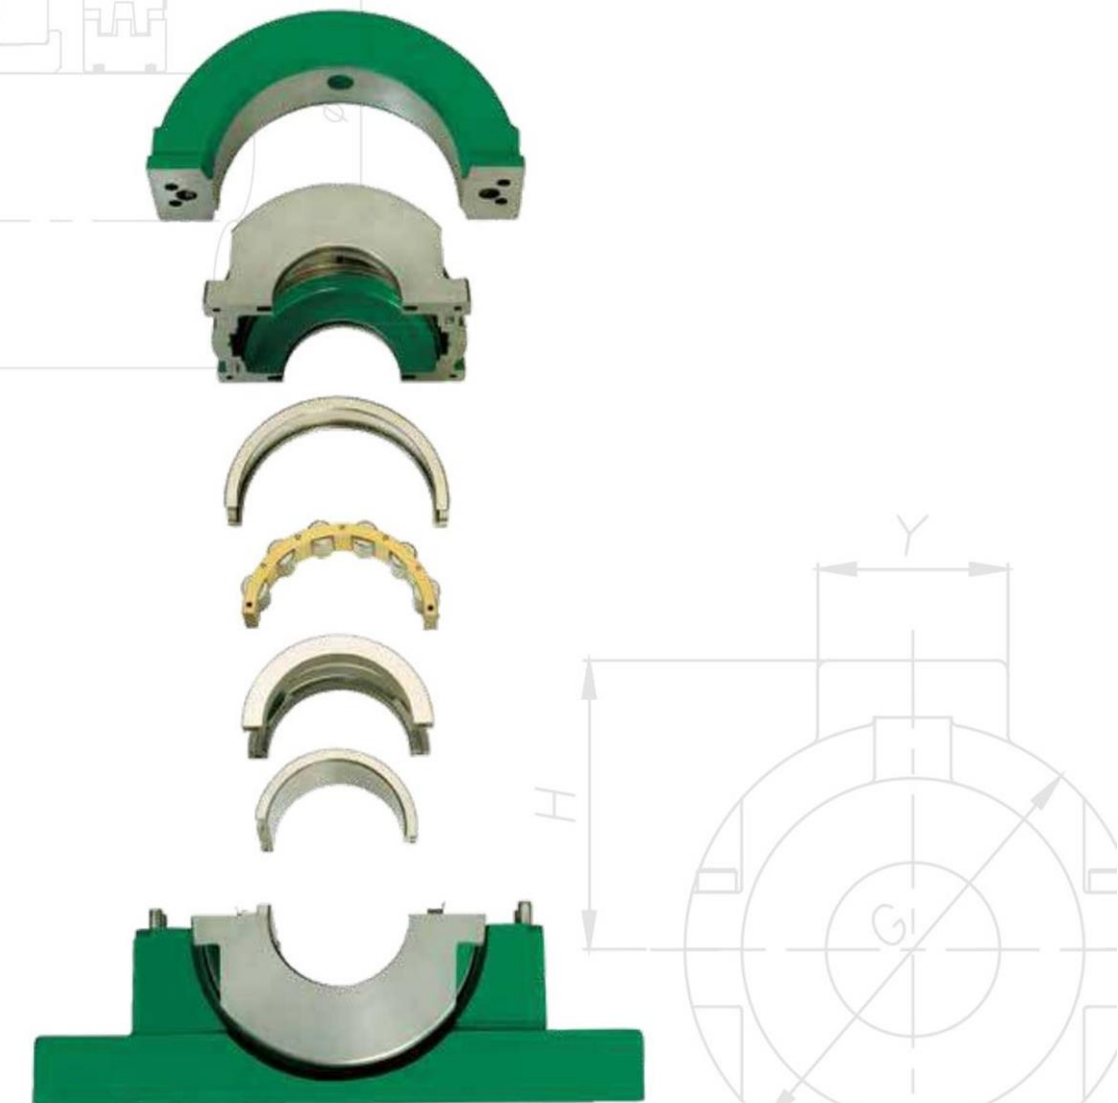

# Bearings – Housed Units - Lubrication

The Timken Company keeps the world moving with innovative friction management and power transmission products and services that are essential to keeping even the heaviest equipment running efficiently and reliably. With 2010 sales of \$4.1 billion, operations in 30 countries, and approximately 20,000 employees, Timken Where You Turn is the ideal solution for optimizing performance.

## REVOLVO Cylindrical roller bearing supports in two halves::

- Reduced downtime
- Easier to install, inspect and replace
- Able to handle high speeds, temperatures and accelerations
- More accessible maintenance

- Axial sleeves: **SFERAX**

In addition, **Commercial Agreements** increase our range of offers, in particular, for professionals in **Industry** and **Maintenance**:

- Bearings: **SKF, FARO, FAG-INA, FAFNIR, MCGILL**
- Chains: **SEDIS**
- Industrial belts: **OPTIBELT, AZETA GOMMA**
- Lubricants: **WD-40**
- Industrial seals

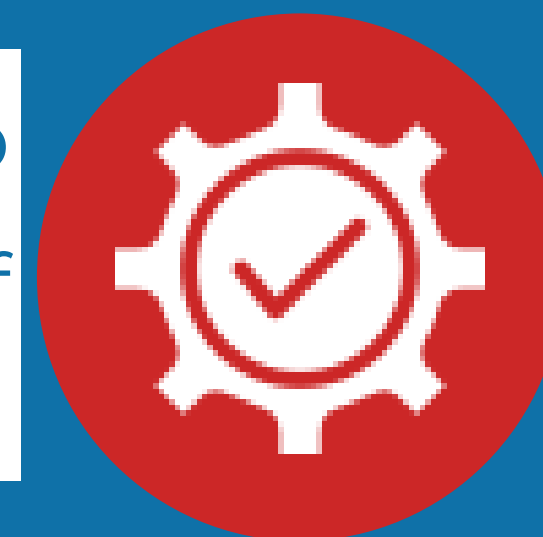

# VISION

Doing business in the industrial sector that requires **specialization**, **reputation** and **immediate availability** of the best components.

# MISSION

From Suppliers to Partners to offer the **best sourcing experience** to our customers dealers and manufacturing industries, in terms of **price, quality** and **delivery**.

# Our history

The seriousness and reliability of IZZO has deep roots not only in the territory but above all in the history of the company

Avv. Giustino Izzo

1997

2004

**IZZO** was founded in 1999 thanks to the initiative of Antonio Izzo, and carries in its DNA years of history, human relationships and professionalism that his father Giustino Izzo developed over 50 years in the world of **industrial distribution** as sales manager of FAG Italia first, and as an entrepreneur and co-founder of Izzogroup later.

# The Evolution

Dr. Antonio Izzo

2009

Industry Magazine

2020

Now our group, composed of two companies, has consolidated the advantage of the **experience**, **long-term vision** and **flexibility** of a family-run company, compared to large financial groups, with innovative solutions and new **quality products** introduced by the second generation.

# The Growth

Izzo, was born as a corporate spin-off with an initial portfolio of 30 local clients to reach these numbers:

# Why us

**Wide availability of original products from the best brands**

**Quality at the right price**

**Fast delivery times 6 days a week**

**Pre- and post-sales assistance in collaboration with partner manufacturers**

**Innovative and customized solutions, requiring precision and reliability for developers and designers**
