

The top section of the image features a collage of various Deltha Pharma product boxes, including DELTA RADIOL, delthaPROST, EPATORil, EPATORil plus, GLUCAdel, MEGANet, NEUGEL, SON, distiCOL, ferro, and raxiVEN. A central logo, a blue circle with a white stylized 'dp' monogram, is positioned above the company name. The background is a blue-tinted image of a DNA double helix.

deltha pharma

Nutraceutical supplements
manufacturer and supplier

OUR MISSION:

*exploit the best available resources in nature to
improve health and quality of life*

Founded in 2009 in Rome by a group of scholars, physicians, pharmacists and researchers

- ✓ Deltha Pharma develops **high-quality food supplements** made up with **innovative and natural raw materials**
- ✓ Deltha Pharma is committed to the **research design** and **development** of its supplements from raw materials to final product.

- ✓ Only high quality natural raw materials
- ✓ Whole production process takes place in Italy
- ✓ Internal quality control to ensure high purity and absence of any harmful substance (contaminants, heavy metal ions...) and allergies tests are made for each lot

Deltha Pharma is committed to supply relevant certifications:

- ✓ HACCP
- ✓ GMP
- ✓ KOSHER

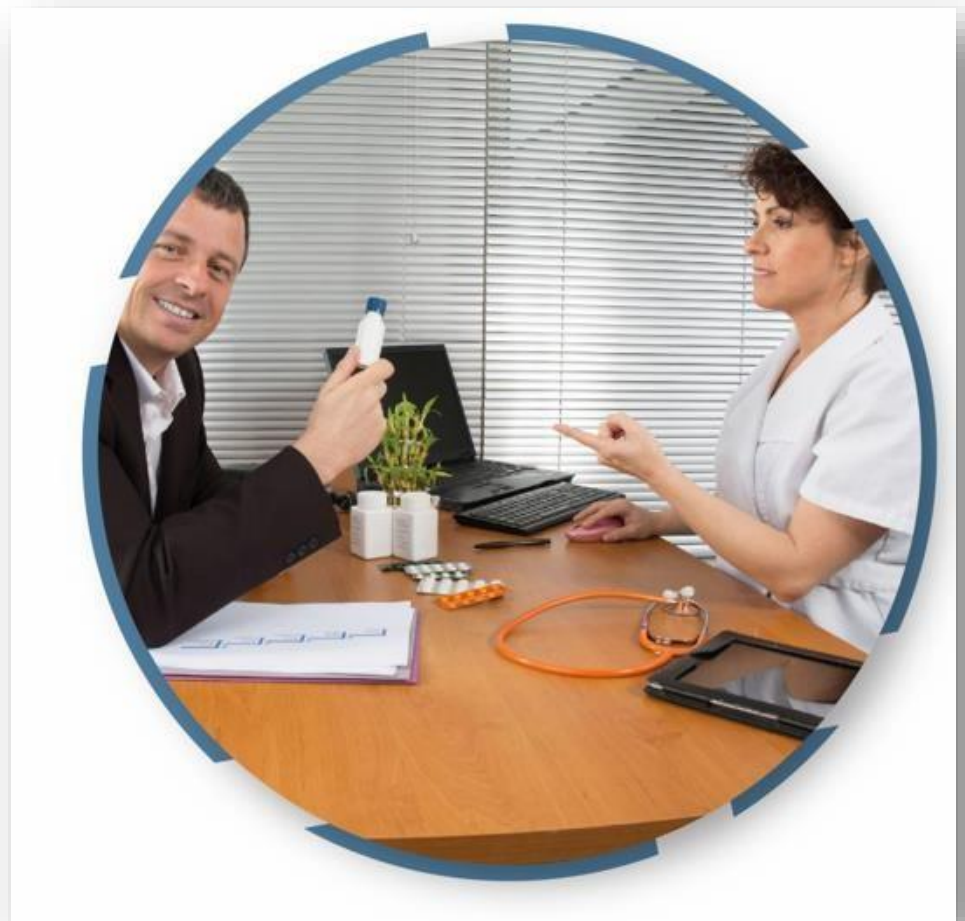

Gluten-free and non-GMO supplements.
Supplements fit for vegetarians-vegan people.

- ✓ Deltha Pharma has got an International Regulatory Affairs Office who takes care of registration, notification the local Ministry of Health and checks the local claims
- ✓ Deltha Pharma distributes and sells products all over Italy and Europe, by wholesalers supplying directly to pharmacies
- ✓ Deltha Pharma could support your company to sell his products in your country providing advertising material and sending a person to make a training to your team

In Italy, we rely on a network of 50 sales representatives providing scientific information to physicians

We are involved in patients education through leaflets production, supply doctors with educational meetings and promote clinical research projects

Deltha Pharma is a partner of:

- ✓ Sapienza Università degli Studi di Roma, Italy
- ✓ Università Cattolica del Sacro Cuore- Policlinico A. Gemelli, Rome, Italy

In clinical projects and in the development of innovative supplements

Thanks to its high-quality standards, Deltha Pharma revenue has steadily grown up.

Since 2017, Deltha Pharma has exclusive distributor partners for many European and Asian countries. Commercial agreements al over the world are on the way

OUR PRODUCTS

A complete treatment for
NAFLD spectrum, rich of
anti-oxidant and anti-
inflammatory substances

- ✓ High titre of **Silymarin**, known for its epatoprotective properties, to counteract development of liver inflammation and progression to steatosis, fibrosis and cirrhosis
- ✓ **Turmeric**, an excellent anti-inflammatory natural resource in an innovative, high- bioavailable formulation (Meriva)
- ✓ **Rosemary**, to help glucidic metabolism, slow down liver degeneration and promote liver regeneration

Iron deficiency treatment

Iron deficiency has a prevalence of around 20% **worldwide**.

FerroC provides optimal oral iron supplementation:

- ✓ **SUNACTIVE Fe**: high bioavailability, high gastric tolerability and good organoleptic properties
- ✓ High content of Vitamin C, to further improve iron absorption

A natural help to treat and prevent acute and chronic cystitis and to promote bladder *restitutio ad integrum*

- ✓ High content of **D-Mannose**, entirely excreted in the urinary tract where the high affinity for bacterial surface allows an excellent wash-out of bacteria, regardless of drug resistances
- ✓ High titre of **PacA from Cranberry**, to decrease bacteria vitality and adhesiveness
- ✓ **RIBOLIFE nucleotides**, a novel mixture to enhance bladder surface to heal during/after bacteria attacks

An innovative set of active ingredients
for the male urinary tract

- ✓ Teoside, an innovative substance from plant cell cultures of Ajuga reptans, useful against inflammatory state and modulating 5 Alpha Reductase
- ✓ Synergy between PEA known for its ALIA effect, Resveratrol and phytosomal Curcuma with high bioavailability and absorption, to fight prostatic inflammation
- ✓ N-Acetylcysteine produced by fermentation, known for its decongestant and antibacterial properties

A natural help to resume normal cholesterol levels for cardiovascular risk prevention

- ✓ **MONACOLIN K**, a natural statin without side-effects, to lower endogenous cholesterol biosynthesis together with **artichoke leaves extract** and **polycosanols**
- ✓ **Resveratrol** to reduce free radicals and LDL oxidation (atherosclerosis risk factor)
- ✓ **Folic acid** to maintain low levels of homocysteine (cardiovascular accidents risk factor)

A balanced omega-3 (EPA and DHA) source to prevent cardiovascular events and normalize triglycerides levels

- ✓ A natural food supplement to help in maintaining the correct ratio between Omega-3 and Omega-6 as recommended.
- ✓ Useful, as often nutrition provides mostly Omega-6, whose biological activities are pro-inflammatory and pro-thrombotic
- ✓ A right balance, on the contrary, represents a valid ally against cardiovascular events

The fish oil of MEGAnet is certified:

A natural help in counteracting chronic venous disorder to relieve pain, inflammation and swelling

- ✓ Based on synergy of **Diosmin, Troxerutin and Escin**, Raxiven ameliorate vessel tone and weakness, fluid drainage and inflammation

Immune system strengthening
and modulation:
a support in prevention and
treatment of infectious and
seasonal diseases

- ✓ **Beta-Glucan** has important immunomodulatory effects resulting in a better activity of the immune system against physical stress, pathogens and damaged cells together with **Echinacea and Zinc**
- ✓ **Rose hip** extract: a source of anti-bacterial and anti-viral substances
- ✓ **Grape seeds**: a source of Vitamin A and C, Resveratrol, Beta-carotene: anti-oxidant and anti-inflammatory properties to sustain immune response

Multi-aminic supplement plus lipoic acid to preserve neural integrity and treat/prevent neuropathic pain

- ✓ Synergy between **Multi-aminic complex** and **Lipoic acid (ALA)** is effective for peripheral neuropathies

Curr Drug Metab. 2017 Oct 31. doi: 10.2174/1389200218666171031145419. [Epub ahead of print]

Nutraceutical Approach to Peripheral Neuropathies: Evidence from Clinical Trials.

Mostacci B¹, Liguori R¹, Cicero AF².

Minerva Med. 2017 Oct;108(5):419-437. doi: 10.23736/S0026-4806.17.05257-0. Epub 2017 May 25.

Advances in the management of diabetic neuropathy.

Várkonyi T¹, Kórei A², Putz Z², Martos T², Keresztes K³, Lengyel C⁴, Nyiraty S⁴, Stirban A⁵, Jermendy G⁶, Kempler P².

A formulation born to facilitate the normal sleep-wake cycle and reduce anxiety and stress levels

Melatonin has many effects:

- ✓ Promotes adaptation to the environment by regulating the circadian rhythm and metabolism through interaction with TSH
 - ✓ Antioxidant and protective on DNA and glutathione, against UV exposure damage
 - ✓ Enhance the immune system
- Valeriana Officinalis** and **Passiflora Incarnata** acting on GABA-A, have calming, anxiolytic, anticonvulsant and spasmolytic properties

Their synergy ensures the best physical conditions to rest, the correct timing between sleeping and waking hours and the right time to fall asleep

NEW 2020 PRODUCTS

Clinical research and patent of the Università Cattolica del Sacro Cuore - Policlinico Agostino Gemelli in Rome

A consortium of high-dose of probiotics (9 selected strains and two distinct formulations: 25 and 50 billion of live cells)

- ✓ A unique and innovative formulation for the maintenance of the intestinal microbiota balance and a valid help in case of dysbiosis
- ✓ Packaged in transparent, vegetable and gastro-resistant capsules

Pure **Vitamin D3**
vegan 100.000 IU/g
from lichens

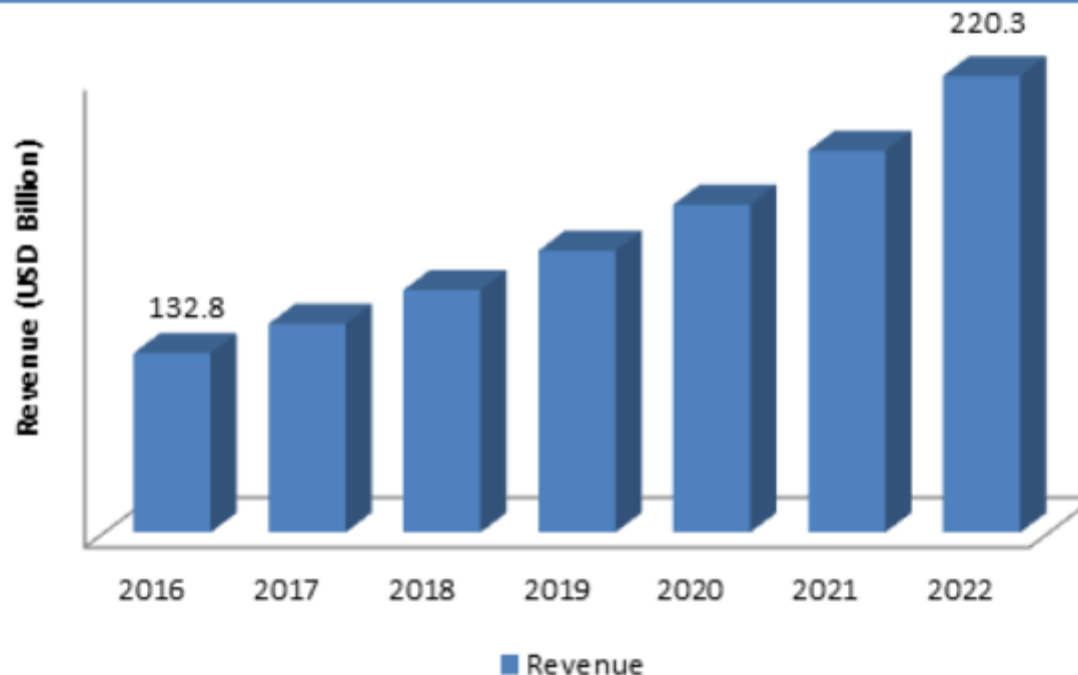

Vitamin D3:

- ✓ contributes to the normal absorption and use of calcium and phosphorus
- ✓ helps the maintenance of normal bones and teeth, and to the normal function of the immune system.
