

VEZDESIGN

ORIGINAL CUSTOM PROJECTS

COMPANY
At your service since 1998

VEZZDESIGN is an *international group* that deals with the development and implementation of projects aimed at the sector of the constructions of hotel, residential, industrial and hospital complexes. The group began to develop its expertise in 1998 and expanded into the territories of the Middle East and North Africa.

CONTRACT

MISSION • The **mission** of our group is the internationalisation of Made in Italy as a global concept in the development of projects based on undisputed quality and originality of design, the attention to and choice of materials, combined with meticulous and impeccable installation.

GOAL • VezzDesign's **goal** is to translate the idea of each client into projects characterised by a personality and by an originality that identify the relevant need.

ADVICE • **Advice** therefore becomes fundamental to merge the needs of the client with the expectations of the market and to obtain as the result a satisfactory and profitable project.

DESIGN • **Technology, comfort and design** are essential to obtain a satisfactory result for any type of investment, whether it is in a private, public or professional capacity.

Style and design are therefore the attraction for the most profitable investments and VezzDesign implements this.

As such, we also create dreams for individuals seeking to build their villa of lifetime, with all the very latest construction technologies and digital tools, to make the daily relaxation of business people a comfortable experience.

CONTRACT

Internationalization

SERVICES

The **Contract branch** is the division that caters to the entire construction world and offers to provide a series of **services** to its customers starting from the study of specific needs to then translate them into operational solutions that respond to the investor's requirements.

SOLUTIONS

It provides turnkey **design solutions** creating unique and customised finishes that satisfy the customer's wishes.

The ALL IN solution combines the study of details to make the finishes completely unique. The INVISIBLE integration of the air conditioning and lighting installations make the environment comfortable without impacting on the desired style and harmony.

PROJECTS

The **solutions** can be applied to all types of projects, including executive solutions, to hotels, industrial and holiday residential villages and to hospital facilities, both in the public or private sector.

The detail in the choices of the best solutions in the case of spas, spa treatments, Thalassotherapy, water pools and parks ensure our clients' investments are more productive and profitable.
