Pasta & other fillings

Blends developed to improve texture and firmness of fillings and stuffings, preventing the product from dehydration.

- **Meat proteins:** for enhanced pot roast stuffing.
- **Potato flakes:** enhancing all fillings.
- **Fibers:** enhancing texture, preventing stuffings from dehydration.
- **Breadcrumbs:** toasted three times.
- **Filling blends:** for meat, ham, prosciutto crudo and pot roast-like experiences.

Cheese blends

Highly versatile blends for cheesy experiences. The only limit will be your creativity.

- **Parmesan-like blend.**
- **Gorgonzola-like blend.**
- **Pecorino-like blend.**
- **Emmental-like blends.**
- **Sweet cheese blend.**

Natural food colors

Our food coloring solutions are extremely versatile. Once dehydrated, they can be used to improve taste, smell, presence and look.

Our colors include but are not limited to:

- **Squid ink**
- **Turmeric**
- **Beet**
- **Tomato**
- **Spinach**
- **Paprika**
- **Natural blue (Spirulina extract)**
