Campaign 2025-2026

Società Agricola ISIDE s.r.l., established in 2013, was born from the synergy between Simone's deep-rooted passion for plants and Mariagrazia's love for medicinal herbs. The company's name pays tribute to Isis, the ancient mother goddess and enduring symbol of fertility. Once abandoned, the land has been lovingly restored and is now cultivated with respect for tradition and an eye toward the future.

ISIDE: A Sensory Journey into the Authentic Flavours and Aromas of Our Land

In the heart of Irpinia, where biodiversity is a cherished treasure, ISIDE was born—an artisanal workshop dedicated to celebrating the purity and authenticity of medicinal herbs.

Our Promise

We offer 100% natural and organic products – including dried herbs, spices, herbal infusions, and essential oils – cultivated and processed using certified organic methods, fully aligned with the principles of Masanobu Fukuoka's natural farming.

Guaranteed Quality and Safety

We work on a limited production scale, where every step—from hand harvesting to natural drying and slow distillation—is carried out with meticulous care. All our products are analysed in collaboration with specialised university laboratories to ensure the highest standards of quality and safety, free from GMOs, additives, or synthetic chemicals.

Sustainability and Environmental Respect

Recognised by Slow Food as Custodians of Biodiversity in Irpinia, we are deeply committed to protecting our land and promoting sustainable agricultural practices that preserve the local ecosystem.

Tradition Meets Innovation

We blend the ancient wisdom of herbal medicine with ongoing research and training, crafting products that harness the full healing potential of nature.

HACCP and Reg. 852/04

Our production system complies with European Regulations, and our laboratory is certified organic.

Today, ISIDE is a Living Mosaic of Biodiversity

Spanning 30 hectares of certified organic land between Pietradefusi and San Giorgio del Sannio, ISIDE specialises in the cultivation and distillation of aromatic and medicinal herbs. Our commitment to the land goes beyond herbs: we also grow ancient grains, rotation crops, olive trees, vineyards, and fruit trees, all nurtured through a careful and sustainable approach that respects the rhythms of nature.

ISIDE: Biodiversity That Nourishes the Earth – and You

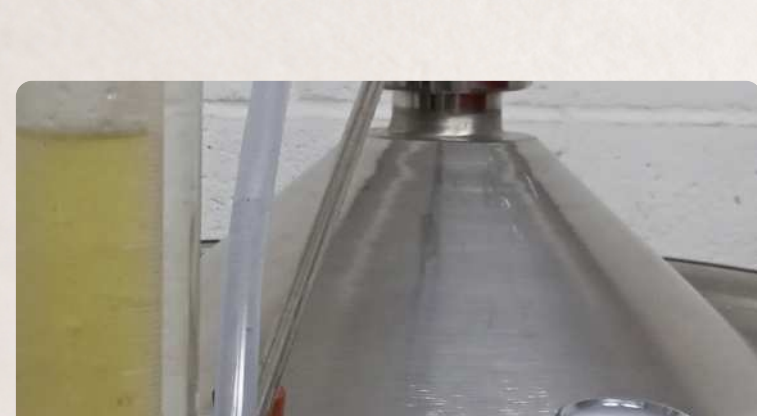

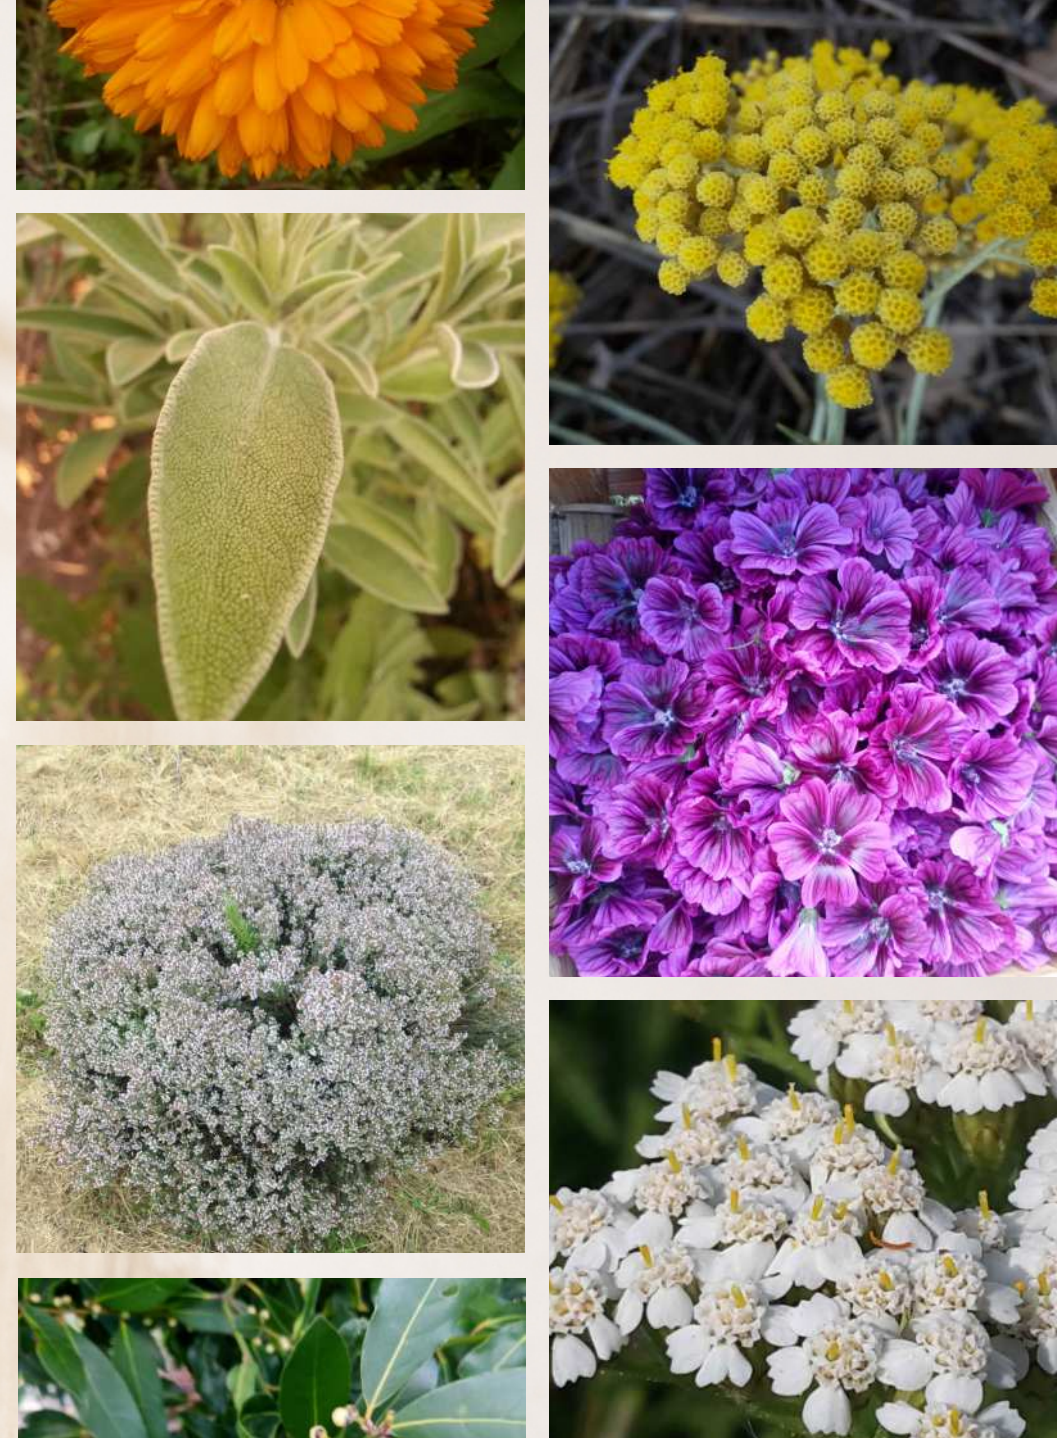

ISIDE Agricola: Your Wellbeing, Rooted in Nature

We bring you pure and authentic INFUSIONS, AROMAS and ESSENTIAL OILS,

crafted with care and deep respect for the environment.

Our commitment is built on transparency, sustainability, and ethics—for your health and your pleasure.

Essential oils

Our essential oils are precious plant essences, carefully extracted to offer natural fragrance and wellbeing. They are 100% pure, natural, and complete, made exclusively from organic raw materials grown on our farm. Food grade and additive-free, they contain no synthetic substances.

Infusions

Preparing an infusion is one of the most natural ways to enjoy the beneficial properties of medicinal herbs. Whether hot or cold, our infusions are pleasant and revitalising drinks that can be enjoyed any time of day, supporting your well-being.

Flavourings and Spices

Our plants are grown using certified organic methods, harvested by hand, and naturally air-dried, preserving their intense aromas and unmistakable flavours—perfect for enriching both your health and your recipes.

E.O. IMMORTELLE

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.
- **Botanical name:** *Helicrysum italicum*
- **Plant Part Used:** Flowers
- **Extraction method:** Steam distillation
- **Aromatic Profile:** Heart note. Scent: Slightly tart and woody.
- **Content:** 5 ml

E.O. YARROW

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.
- **Botanical name:** *Achillea Millefolium*
- **Plant Part Used:** Flowers
- **Extraction method:** Steam distillation
- **Aromatic Profile:** Head note. Scent: Aromatic with a slightly tart nuance.
- **Content:** 5 ml

E.O. FENNEL

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.
- **Botanical name:** *Foeniculum Vulgare*
- **Plant Part Used:** Flowering tops
- **Extraction method:** Steam distillation
- **Aromatic Profile:** Heart note. Scent: Aromatic with a slightly tart undertone.
- **Content:** 5 ml

E.O. BASIL

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.
- **Botanical name:** *Ocimum Basilicum*
- **Plant Part Used:** Flowering tops
- **Extraction method:** Steam distillation
- **Aromatic Profile:** Heart note. Scent: Pungent, herbaceous, fresh, and pleasantly spicy.
- **Content:** 5 ml

E.O. LAUREL

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.
- **Botanical name:** *Laurus Nobilis*
- **Plant Part Used:** Leaves
- **Extraction method:** Steam distillation
- **Aromatic Profile:** Head note. Scent: Fresh, balsamic, and penetrating.
- **Content:** 5 ml

E.O. LAVENDER

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.

- **Content:** 5 ml

Organic Essential Oils, 100% pure, natural, and complete – extracted exclusively from our own organically grown crops.

How to Use

Food Use: 1 drop is enough to flavour 100 g / 100 ml of food or beverage.

Aromatic Use (Environments): Add 10 drops to an aroma lamp or diffuser to naturally scent indoor spaces.

Cosmetic Use: Dilute 15–20 drops in 50 ml of vegetable oil, cream, shampoo, or shower gel.

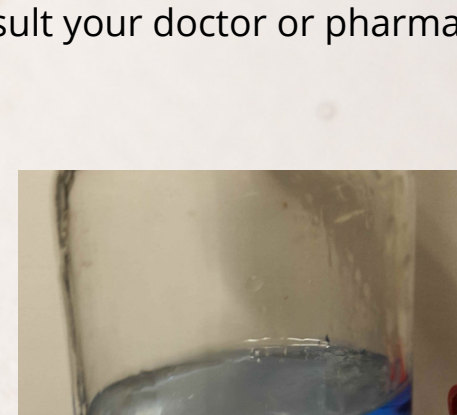

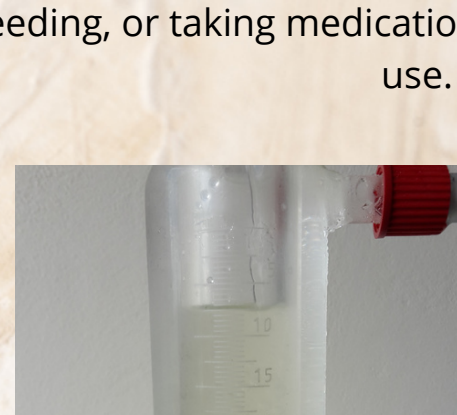

Warnings

Always use diluted. If accidentally swallowed, seek medical advice. Avoid contact with eyes and mucous membranes. Keep out of reach of children and away from heat sources. If you are pregnant, breastfeeding, or taking medication, consult your doctor or pharmacist before use.

E.O. LEMON BALM

- **Quality specifications:** Natural flavouring for food use. Free from additives and artificial ingredients.
- **Botanical name:** *Melissa Officinalis*
- **Plant Part Used:** Flowering tops
- **Extraction method:** Steam distillation
- **Aromatic Profile:** Heart note. Scent: Lemony and herbaceous.
- **Content:** 1.25 ml

Our plants are organically cultivated, hand-harvested, and naturally dried to ensure the highest quality. After a meticulous selection process, they are carefully cleaned, cut, and packed in recyclable glass jars to preserve their freshness and beneficial properties for long-lasting enjoyment.

HOW TO USE:

To prepare your infusion, add 1 to 2 teaspoons of herbs to a cup of boiling water. Cover and steep for 5 to 7 minutes. Then strain the infusion and sweeten, preferably using honey.
