

*From Innovation to Recognition:
Our Design Awards.*

Design is our voice to the world.

Every award tells a story of bold ideas, relentless research and fearless creativity. Each recognition is the result of a vision transformed into form, function and meaning. Our journey is a living archive of achieved goals, shared visions and groundbreaking innovations that have stood out on the global stage.

To us, design is a universal language, and these awards are its most powerful expression.

Archiproductions Sustainability Award – The celebration of a Green Vision

The Sustainability Award, part of the Archiproductions Design Awards, honors products with a perfect balance between innovation, aesthetics and environmental responsibility. Introduced as a new category within the ADA, this award celebrates brands and projects that stand out for their genuine commitment to a more sustainable design. Selections are made by an independent panel of experts in sustainable design, circular innovation and eco-friendly materials. Winning the Sustainability Award means joining a new generation of design: conscious, forward-thinking and capable of driving real changes. An award that goes beyond the object and recognizes the vision behind it.

Rigyclo RIGYCLÓ POCKET

2023 SUSTAINABILITY WINNER

The Archiproductions Design Awards support companies and designers that make sustainability their main mission and honor design that helps create synergies among research, technology, and social impact.

A dedicated jury of specialists in eco-design and sustainability within the field of architecture and design have also awarded your product with the "2023 Sustainability Award", due to your production techniques that reduce polluting emissions to a minimum and your use of recyclable and recycled materials.

Keep on creating, sharing and inspiring people worldwide.
That is what design stands for.

Green Good Design Award 2023: Rigyclò® Honored Among the World's Top Green Projects.

One of the most prestigious global recognitions for sustainability in design, the Green Good Design Award is presented by The Chicago Athenaeum: Museum of Architecture and Design, in collaboration with The European Centre for Architecture Art Design and Urban Studies. This award celebrates projects that merge innovative design with environmental responsibility, selecting products, architecture and ideas that actively contribute to a more sustainable future. Being chosen means becoming part of a global vision that drives the design world toward recycled materials, low-impact processes, long-lasting solutions and a true culture of reuse.

GOOD DESIGN: The World's Oldest Design Award.

The oldest and most prestigious international award dedicated to industrial and product design. Established in 1950 thanks to the visionary efforts of Eero Saarinen, Charles and Ray Eames and Edgar Kaufmann Jr., it's promoted by The Chicago Athenaeum: Museum of Architecture and Design, in collaboration with The European Centre for Architecture Art Design and Urban Studies. Each year, this award celebrates projects that embody a forward-thinking design vision, blending aesthetics, functionality and the power to enhance everyday life. It recognizes those who design with integrity, beauty and innovation. The selected products stand out for their design quality, global market impact and sensitivity to social, cultural, and environmental change.

GOOD DESIGN AWARD 2024

The oldest and most Prestigious awards program for design excellence and innovation is awarded to:

Materasso Switch Mattress | 2022

Designer: Adriano Calabrese and Michele Calabrese, MTA Group srl., Leini (TO) Italy

Manufacturer: MTA Group srl., Leini (TO), Italy

OUR HISTORY

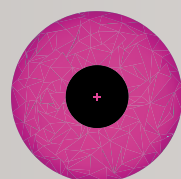

Founded in 1950 by Eero Saarinen and Charles and Ray Eames, the GOOD DESIGN AWARDS program recognizes the most innovative and cutting edge Industrial, Product and Graphic designs produced around the world. The Chicago Athenaeum continues the organization of this program to create awareness about contemporary design and honors both product and industry leaders in design and manufacturing.

BigSEE Product Design Award 2024: Rigyclò® – Where Design Meets Sustainability

Awarded by the BigSEE platform, this recognition celebrates excellence and innovation in product design, spotlighting solutions that stand out for their creativity, functionality and impact. The award given to Rigyclò highlights our ability to blend the commitment to sustainability with a refined and forward-thinking design. Rigyclò embodies our vision of a greener future thanks to the use of recycled materials and to a more sustainable production process, always without compromising the comfort and style that define the product.

**IDA – International Design Awards: Celebrating
Global Design Excellence.**

The International Design Awards (IDA) are among the most respected global accolades in the world of design. Founded in Los Angeles in 2007, these awards honor the most innovative and visionary projects each year across five major categories: Product Design, Interior Design, Graphic Design, Fashion Design and Architecture. Their mission is clear: to spotlight ideas that improve lives through the power of design. Winning an IDA means being recognized by an international jury of design experts, creatives, architects and industry professionals.

Muse Design Award: Where Design Inspires the World.

One of the most coveted international accolades in the global creative scene, the Muse Design Awards are presented by the International Awards Associate (IAA) to celebrate excellence in design across all its forms, from product design and architecture to interiors, fashion, packaging and graphic design. The award's mission is to spotlight projects that meet high standards of aesthetics and functionality while inspiring a cultural, technological and sustainable evolution in contemporary design.

ADI Design Index – the best design celebrates the Italian talent: our project is among the best ones.

For the first time in the history of this international design award, founded in Milan in 1954 from an idea by Gio Ponti, a mattress has been selected. The ADI Design Index is the official selection of products that best represent the value of contemporary Italian design. It marks the first step toward the nomination for the prestigious Compasso d'Oro Award, the highest recognition in the field, presented by the Associazione per il Disegno Industriale (ADI).
