Storia & Tradizione

Il vetro di Murano vive nelle creazioni di Murano in Web

La memoria storica ritiene che la “vetreria” ebbe origine a Murano nel VIII secolo. Lungo il suo percorso storico vide la trasformazione di ambienti angusti in vere e proprie officine adibite a fornaci.

Oggi abilità, creatività e conoscenza trasformano i maestri del vetro in artisti e diventano icone del vetro di Murano.

Il Nostro Valore
