AUTHORIZED DISTRIBUTOR

XERA DISTRIBUTION

Xera Distribution is an Italian company integrated in the global technological scenario, committed to operating and growing in the market for the import and wholesale distribution of office and IT products.

A strong focus on innovation and cutting-edge solutions places Xera Distribution at the top in the ability to follow new market trends, respecting the environment and saving over 70% on the purchase of refurbished office and IT products.

We export to non-European countries, thanks to international partnerships, also bringing our experience and attention to the world of sustainable Green processes choose to protect the environment high quality and proven reliability are the values that characterize the company offer.

CHOOSE TO PROTECT THE ENVIRONMENT

Xera Distribution boasts one of the most efficient and performing regeneration platforms in the sector.

As part of the regeneration process applied by Xera Distribution, the equipment is completely disassembled, brought back "to the iron", cleaned, checked, and reassembled, using absolutely eco-friendly materials. Once reassembled, or products are subjected to a series of control tests, finalized to ensure that efficiency and performance are on par with new machinery.

GREEN TECH

Are we responsibly managing the Office and corporate IT?

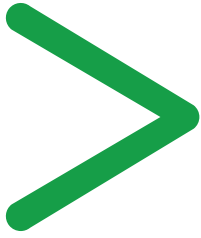

Through Reverse Logistic Solutions, Xera Distribution offers its customers an opportunity to generate income, improve efficiency and maximize returns for easy management of their office and IT end-of-life corporate assets, data security and for the responsible disposal of RAEE.

ITAD is the right solution to protect the planet and give a second life to office and IT products in the state of:

- End-of-life
- Warranty replacements
- Vendor trade-in
- End-of-lease
- RAEE disposal

What we offer?

Integrated services for the monetization and management of office and IT corporate assets in the end of life, through recycling and regeneration or disposal solutions.
