

Where beauty comes true

A beauty laboratory in the heart of the Marche Region

Our company, located in Castelfidardo (AN), has been conceived from the perfect balance between the world outside so hills of our Marchigian landscape, and the world inside, the one of Elits'team who dedicates his professionalism to beauty. In a totally green setting, we make beauty comes true, by developing latest generation products, dedicated to let natural beauty of every person shine.

Our Made in Marche

Today being a company that entirely manufactures made in Italy products is exactly what makes the difference.

At Elits Group, we take care of the whole manufacturing process of our products to the smallest detail, to export perfection to the world.

Evolution, innovation, technology and style

Design and functionality, high technology and innovation: with our products, your beauty center and clinic will turn into an elegant and refined place.
