Mabel Srl began its activity more than 60 years ago. Born as a family company, producer of buttons, it has followed the market trends, specializing in the production of resin components for costume jewelry and fashion accessories, operating both in the Italian market and internationally. In recent years, the company staff has earned the trust and feedback of major commercial brands, with whom, collaborates in perfect harmony, in order to create together a product that is able to meet the needs and demands of the final consumer.
