DIGITAL AND PROMOTIONS

To support our goals and our values, we collaborate with no-profit associations.

We are always working to increase our brand awareness, we think that the best way to be recognized is by making digital pr between influencers.

We are also open to doing some activities through traditional channels such as tv spots, temporary shops, etc.

WHERE?

DISTRIBUTION: With this brand, we are distributed in several countries in the EU, such as **Italy** (Douglas, OVS), **France-Belgium-Netherlands** (MONOPRIX), **Czech Republic-Slovakia** (Douglas), **Finland-Sweden-Norway** (Life Logistics), **Malta** (Xtreme), **Estonia**, **Lithuania**, **Latvia**, **Poland**, **Romania**, **Greece** and all around the world as **South Africa**, **US**, **Chile**.

The background of the slide is a photograph of a laboratory setting. It shows a person wearing blue gloves pouring a red liquid from a beaker into a multi-well plate. In the foreground, there is a pipette and a yellow grid-patterned surface. To the right, a small vial with yellow liquid sits on a scale. The entire scene is partially covered by a large green circular overlay that contains the text and logo.
