PROTECTION EYEWEAR

- Maximum eye protection.
- Made of high quality optical polycarbonate.
- CE Certified. EN 166.
- Optic Class One: clear vision and perfect transparency.
- Light and comfortable, it can be used for a whole working day.
- Wide band temples for added protection from dust and debris.
- Compatible for contemporary use with your own prescription glasses.
- Can be used in multiple production areas (laboratory, carpenters, craftsmen, gardeners, mechanics).
- Useful against the protection from viral agents by reducing the possibility of entry through the eyelash glands.
- Validated by INAIL (Italian, National Institute for Occupational Accident Insurance).
- Made in Italy.
