TAILOR MADE

1. Taking measurements.

What does this mean?

Measurements taken on our tested bases with different fits. Our tailor will try on the bases on which the suit will be made person by person, and the presence of one of your managers is appreciated for a right comparison and maximum transparency.

2. Fabrics

We use only and exclusively certified and traceable 100% natural fibre fabrics, generally a lightweight 4-season wool that can be used all year round.

Depending on requirements, we offer a range of 3-4 fabrics from which the customer can choose.
