ABOUT US

FEM company is established in North East Italy near Udine and manufactures its products in the same area where the technical background of chair production had always existed.

FEM has made a name for itself in both catalogue and custom-design production of chairs, stools, occasional chairs and armchairs, consolidating its business on its ability to industrialize the production process. FEM strength lies in being ready to tackle new challenges as constantly reliable, flexible partners.

THE FEM METHOD

As a supplier, FEM's mission is to find solutions to clients through *production capacity* allied to a deep knowledge of the *processing techniques and materials* of the products suitable for the domestic use, public spaces.

Every stage of the production is handled by FEM right from the prototype and the specific *know how* acquired over the years allows us to offer multiple furnishing solutions. FEM products are proudly Made in Italy. We guarantee that every phase of production takes place locally under the strict supervision of our team.

CATALOGUE

We offer a wide range of seating styles, from more traditional to more modern, innovative chair design trends. These different, yet complementary expressions of style represent the evolution of our customers' taste and requirements.

Our ability to blend traditional and modern allows us to respond to different interior design demands, offering chairs, stools and upholstered accent chairs that fit perfectly into any environment, classic or contemporary. With FEM, diversity of style becomes an expression of elegance, comfort and innovation.

CO-DESIGN

Our co-design service allows companies to work closely with us to transform their visions into manufactured products.

We offer a custom consulting service to identify customer needs.

We collaborate to create seating that perfectly aligns with the client's needs.

We transform designs into tangible prototypes, preparing the ground for mass production.
