Wheatgrass, Yarrow, Mint, Fennel.

The best flavours always with you!

EASY AND PRACTICAL

Light convenient eco-friendly cup, easy to bring and handle. Try the new ready-to-use herbal teas and take them with you anywhere! Good, healthy and ready to use!

CLOSE TO THE ENVIRONMENT, ALWAYS!

Recycled, recyclable, plastic-free take-away cups. Our disposable is different: biodegradable and compostable paper cups with a water-based coating. This allows double-walled paper cups to be recycled at any paper recycling plant. The convenient, easy-to-use herbal tea filters are eco-responsible, 100% biodegradable as they are made entirely from maize starch. After use, they can be added to household compost or thrown in the organic waste bin.

Lava

2 grams (1 dose)
12 grams (6 doses)

The core of this herbal tea is an exquisite and intense citrus flavour, an essence blend made from the most typical fruits of the Etna territory, granulated apple and orange. Its fruity flavour is well matched to the sweet notes of marigold flowers, collected on the Etna terraces, and the rustic spiciness of chilli. A comforting and precious remedy for the harmony of body and spirit on cold winter days.

Ingredients:

Orange, Apple, Calendula, Chili Pepper.

PRODUCT CODE:

2g cod. TIS0001

12g cod. TIS0002

Wood

2 grams (1 dose)
12 grams (6 doses)

The core of this herbal tea is a blend of all the most typical elements of the Etnean forest. A mixture of chestnut and bramble leaves, oak bark and flowers of the most typical plant on the volcano: the yellow broom. Tannic and astringent flavour, excellent to use to warm up from the typical autumn rains and from the cold winter days.

Ingredients:

Chestnut, Bramble, Oak, Broom.

PRODUCT CODE:

2g cod. TIS0003

12g cod. TIS0004

Fumo

2 grams (1 dose)
12 grams (6 doses)

Herbal tea with a strong character, in which the fragrant aromatic notes of helichrysum flowers and lavender goblets combine with the bitterness of olive and sage leaves, with a typical grey-green colour and a beneficial and regenerating flavour. All the emotions of a deep and healthy Mediterranean breath in a blend with an intense flavour.

Ingredients:

Helichrysum, Sage, Lavender, Olive.

PRODUCT CODE:

2g cod. TIS0007

12g cod. TIS0008

Neve

2 grams (1 dose)
12 grams (6 doses)

Herbal tea with a sweet and light taste, suitable for those looking for blends of delicate essences in nature. The slightly herbaceous flavour of the rhizomes of the wheatgrass and of the white flowers of the yarrow, which are widely spread at different altitudes throughout the Etna area, meets the aromatic scent of mint and fennel, in an intense healthy combination that immediately gives a fresh sensation of wellness.

Ingredients:

Wheatgrass, Yarrow, Mint, Fennel.

PRODUCT CODE:

2g cod. TIS0005

12g cod. TIS0006

AZIENDA AGRICOLA

WWW.SARIAZIENDAAGRICOLA.IT

We are a young Sicilian farm specialised in the cultivation, processing and valorisation of aromatic and medicinal herbs. We grow local varieties and species, as we believe in the value of the most typical biodiversity of Etna and the entire Mediterranean bush (Macchia).

We mainly produce herbal teas and spices in different formats, but we also transform other agricultural products into tasty dehydrated snacks, colouring powders, jams, ready-to-use sauces and natural cosmetic products.
