## Brand Profile

# Who are we?

*A lifestyle for your skin care*

Equiben is a brand of **Dermaser srl** that was born from the collaboration of a group of dermatologists with a single goal: to ensure a balanced lifestyle through skin care.

The aim of Equiben's **dermatologists** was product **innovation** and **effectiveness**, always guaranteeing cutting-edge solutions for all customers. With Equiben, we improve the **well-being** of the skin and promote inner **balance**.

# Vision

*Time no matter*

Time must be lived and mastered, because it is precisely in time that we create our history: made up of daily moments, habits and unexpected events, which determine our “*well-being*”.

With an innovative and scientifically advanced approach, we are committed to redefining the concept of dermo-cosmetics, so that each of us can live and create our own story, creating our own **dynamic balance** and **daily well-being**.

# Mission

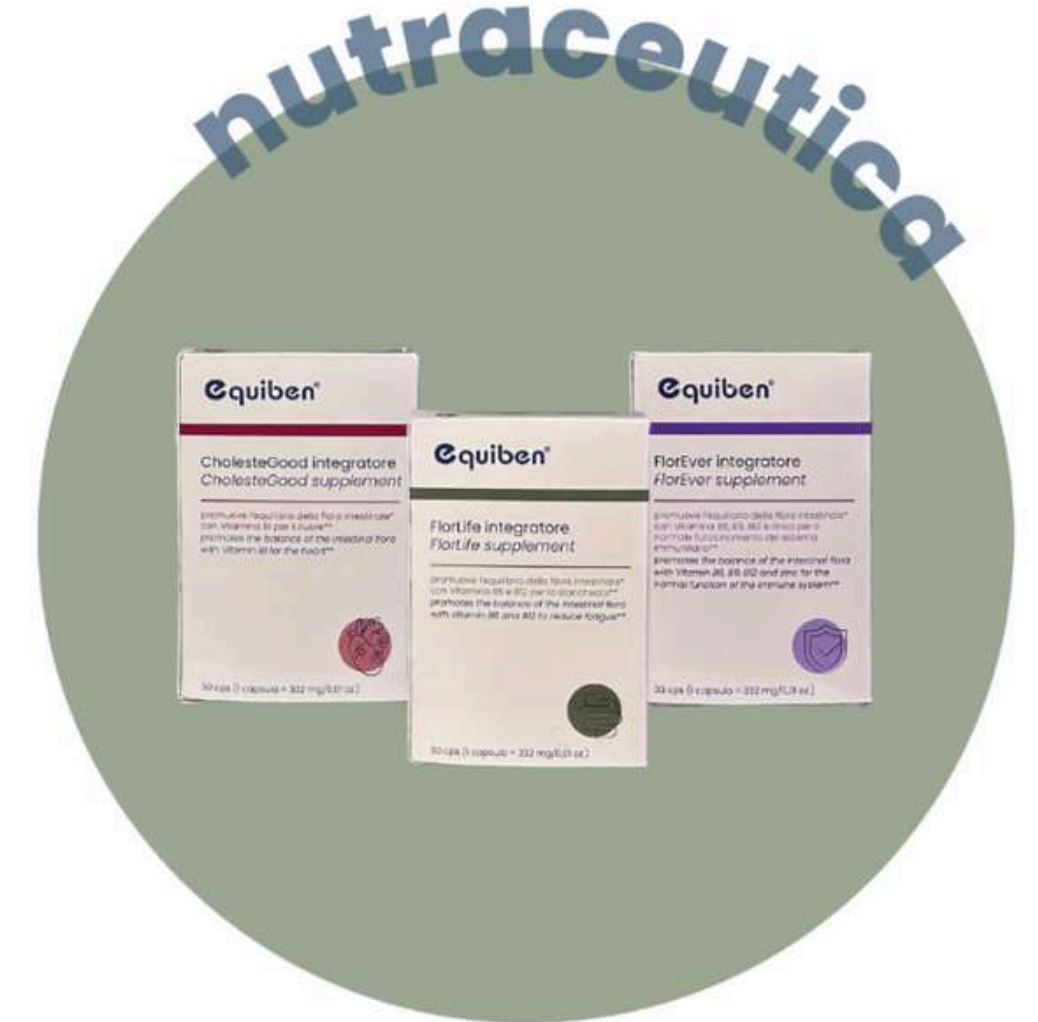

*The skin is the mirror of health*

When our organism loses its balance, the first organ to suffer the consequences is the skin. Our mission is to **ensure the balance** and **well-being of the skin** on a daily basis through innovative, scientifically tested and environmentally friendly products. We believe that **the skin is the mirror of our health**, which is why we offer products that preserve its quality.

# Products

Equiben has developed a product line that accompanies you, from the most superficial care of your body to the most deep.

# Products

## dermocosmetica

It offers products for external use that deeply cleanse and nourish the skin, such as Lioserin Fluid and Oleoderm Repair.

From dry and irritated skin to sensitive and delicate skin, Equiben offers **targeted solutions**.

## dermocosmetica

# Prodotti

## dermocosmetica integrata

Equiben's "Systema" combines products for internal and external use. The **synergic action** of probiotics and natural ingredients supports the balance of our intestinal flora and skin.

DERMOCOSMETICA  
INTEGRATA

# Prodotti

## nutraceutica

Equiben food supplements, based on probiotics, promote the balance of **intestinal flora** and combined with **natural elements** acquire unique properties.
