

IDEA MARBLE
ITALY

Ideamarble is a company specializing in the processing and transformation of precious and exclusive marbles for interiors and exteriors and is aimed at a diversified target ranging from private individuals to builders.

Quality and innovation, idea and design are the values that inspire Ideamarble.

Managing innovation while maintaining quality is a very important factor for Ideamarble and thanks to which it manages to maintain its strength and competitiveness in the sector.

Leader in luxury marble, the company, with a long experience over the years in the sector, offers a very high quality standard of products and customized projects created in collaboration with a professional team able to propose exclusive and original layout solutions.

Through a scrupulous process of selecting the raw material, Ideamarble chooses the best marble blocks directly from the quarries, offering customers a varied and high quality assortment.

The wide range of materials (precious marble, quartzite, onyx, special porcelain stoneware, quartz, marble and granite tiles with standard and cut to size, made-to-measure vanities) allows the creation of customized solutions for all spaces and allows to each project to have his stone.

Thanks to the professionalism of an expert team of collaborators and architects, qualified to manage even the most complex projects in the best possible way, Ideamarble is able to fully satisfy any client and create fantastic renderings on request.

Ideamarble offer assistance to architects and designers in special projects to develop solutions suitable for all needs with particular attention to the choice of each products and their destination.

Thanks to our careful and scrupulous work in the projects, we can also evaluate our creations as "Opera", this is the reason why "Opera Marble" was born, a branch of ideamarble creations.

At the end of the production phase, Ideamarble entrusts the transport process to some of the largest shipping companies in the world, through their collaboration we can offer a safe and reliable shipping service with insurance all over the world.

Registered in the VIES (VAT Information Exchange System) archive and in the REX (Register of Exporters for CETA Agreement Italy - Canada), Ideamarble has the authorization to sell its marbles throughout the European Union, it is recognized as a certified usual exporter by the Italian Customs.

ideamarble personally selects every single block extracted in the heart of montain thanks to the strong agreements with the quarry owners.

Customized design for each customer.

OPERA MARBLE

"When marble meets design".

The "OPERA MARBLE" collections arise from the desire to start a new relationship between design and marble, creating a new interpretation of the incredible material through an extraordinary work of research, selection and design born with the aim of offering cutting-edge design and extremely customized solutions.

The non-reproducibility, the particularity and the territoriality give each type of marble a unique personality capable of making each design project exclusive and original, the best result in terms of materials, design and innovation.

All collections are designed by our architects in Florence and made with extreme care in every single detail.

The projects by Opera Marble, thanks to an excellence and professionalism all Made in Italy, attract an international audience of customers from all parts of the world who rely on Ideamarble for the creation of exclusive and impressive architectural works.
