

The Unordinary Classy

THE UNORDINARY CLASSY

Introducing the latest Fumeo Carlo Collection W23, The Unordinary Classy, a drop of garments and accessories that celebrates the transitional period between winter and spring, inspired by the metropolitan city of Milano.

Unordinary, original, unique, or distinguished in some way;
out of the ordinary
Classy stylish; admirably smart; elegant.

The Collection mixes and matches a classy look and unordinary accessories made from special fibers and new colors. The knitted accessory explores, dares, goes beyond and breaks with tradition. Ties are not regarded as basic accessories anymore but become integrant part of the man's outfit layers as they enhance and downplay its style.
