

The world belongs to children, we
put a smile on it!

Company Profile

Who we are and what we do

Az Scuola was born to help you to create safe, functional and welcoming environments, which guarantee the optimal conditions for carrying out school activities.

Over the years, our team of professionals has patented a complete consultancy, design and supply service that aims to know the real needs of the customer to submit the solutions that optimize the final result.

If you dream of opening a new nursery or you want to renovate the furniture of your school ... COUNT ON US!

We help you to furnish any environment to transform it into the school of your dreams, suitable for children!

We select for you the school furniture that best suits the environment and the requests of parents and children, in compliance with the available budget.

Our strengths

Az Scuola is an innovative company, its staff boasts numerous experienced and constantly trained professionals.

The products you will find in our online store are carefully selected to respect the following values:

- They favour autonomy and learning by stimulating the senses for a balanced psychophysical growth
- Certified non-toxic, fireproof, anti-shock, anti-reflective, washable, hygienic and durable materials.
- Construction technique that allows simple assembly, disassembly, and replacement.
- The flexibility of use thanks to the wide range of multifunctional items.

Visit our social channels and our website (azscuola.com) to get to know the Az Scuola world better and up close.

Consulting and Design

Our mission is to satisfy the needs and expectations of our customers. To make the most of our strengths, we offer a unique consultancy service that, together with our customer care, will accompany you by hand throughout the project.

Our team will take care of designing and creating a safe, beautiful, stimulating and functional environment for you, optimizing the available spaces within your budget.

The 3D previews created by our interior designers in the design phase will give you a concrete idea of the final result.

In the image on the right, you can see how each space is used for a specific activity, taking care of safety distances and a harmonious aesthetic appearance.

Product line

All the furnishings of Az Scuola are designed taking inspiration from the Montessori method, which is based on independence, the freedom to choose one's educational path and respect for the natural physical, psychological and social development of the child.

Order directly on our online store where you will find all our products divided by categories, items ready for delivery, offers dedicated to you and much more.

You will also find all the tools to quickly get in touch with one of our consultants.
