Love **SOLUTION**[®]

LACTO SOLUTION[®]

The innovative dietary supplement that allows enjoying everything you love, even if you are lactose intolerant.

LACTOSE INTOLERANCE: A WIDESPREAD PROBLEM

In Europe, around 30% of adults have some form of food intolerance.

Symptoms that spoil your day...

- Bloating
- Abdominal pain
- Digestive problems
- Discomfort after meals

Finally... a SOLUTION!

Lactose intolerance is a partial or total inability to digest lactose, a sugar found in milk and dairy products. This condition is caused by a deficiency of lactase, an intestinal enzyme responsible for digesting lactose. When there is insufficient lactase, lactose ferments in the intestine, causing bloating, cramps, diarrhea, and gas.

LACTOSOLUTION is a dietary supplement containing 150 mg of lactase, which helps you digest lactose.

ONE TABLET IS ALL YOU NEED TO ENJOY EVERYTHING YOU LOVE

- **One tablet covers your entire meal** (up to 600ml of milk)
- **Neutral taste and easy to swallow**
- This is **not a medicine** and has **no known contraindications**
- **Product certified and authorized by the Italian Ministry of Health** (No. 111389)

Enjoy the pleasure of one meal after another!
