# THE BRAND

Domina Venti is the perfect combination of Italian know-how and **premium ingredients** used to create an exceptional **super premium** vodka. Instantly recognizable by our matte black bottle, Domina Venti is for those who dare to be different and stand out from the crowd

Domina Venti, a literal Latin translation of Lady of the Wind, the eagle, which in Ancient Rome was the symbol of **power**, here represents not only the land that gave her birth, but also you.

When you choose Domina Venti you choose to dare, to try, to live to the fullest.

Founded in 2021 in the place that has always been the heart of Europe, **Trieste**, Domina Venti is laying a solid foundation to become the luxury spirit of reference.

# THE PROCESS

Each batch of Domina Venti begins with the selection of the **finest grain**, which is then blended with the **purest water** from Trieste's karst resurgences and filtered through brilliant filters that give it maximum **transparency** and **luster**.

Our Vodka respects a careful filtering process to ensure the best possible quality through the very important input given by the experience and technique of our Master Distiller.

# THE BOTTLE

Each bottle of Domina Venti is a true **piece of art**. Each unit is integrally varnished and then screen printed. The eye-catching design comes from the graphics designed and **handcrafted** by the emblazoned Italian illustrator Miron, who has perfectly balanced aggressiveness and elegance. The red eagle and black wing detail in the background make Domina Venti a unique brand.

# THE LIQUID

The highest degree of **purity** of the alcohol contained in Domina Venti Vodka is reached already after two distillations.

An imperceptible note of elderflower, which grows luxuriantly in our territory, further embellishes the Vodka giving it softness and roundness while giving the palate a pleasant and unmistakable note of **freshness**.
