

LEBANTO

**design to  
meet you**

Top: Round mirror - Green  
Bottom: Sideboard - Wavy grey

We design and produce  
furniture for contemporary  
livings. **Handmade in Italy.**

Bar cabinet - Wavy grey

Lebanto is an **Italian brand** that creates interior solutions for modern refined spaces. Cabinets, tables, mirrors and more for Italian-quality lovers.

Our collection shows **simple geometries, they are colorful, and have a timeless style.** We love wood, enriched by metal and marble.

Every product is **produced in the old-fashioned way by artisans in Italy,** shipped internationally straight from the workshop.

Left: Coffee table - Ash Azure  
Right: Bar cabinet - Wavy grey

We design single **bespoke furniture and collection** for private customer and business.

Our mission is to transform client's **needs into reality**. We follow every step of the process: from drawing to the delivery at customer's house. Lebanto creative hub

designs furniture mixing style and technique, also giving life to prototypes and small production based on client requirements.

## LEBANTO IS FURNITURE

We offer our own furniture collection online at **lebanto.com**

We are digitally born company. **We created a platform that connects customers with Italian workshop**, allowing anyone from all over the world to purchase the

products of our collection. We ship products to the customer directly from the artisan shops, excluding intermediaries, agents and retailers.

## LEBANTO IS CRAFTMANSHIP

Our furniture are only made by **Italian artisans**.

We deliver them to the client directly from the workshop.

## LEBANTO IS INNOVATION

### SUPPLY CHAIN:

D2C model, **direct to customer, is our mantra**. The price does not include the usual mark-up of the sector, due to the short chain.

### TECHNOLOGY:

We created a platform that connects customers with Italian workshop thanks also to the support of technology such as augmented reality and artificial intelligence.

### EXPERIENCE:

**We bring work, dexterity and artisan savoir fair to life**, allowing international customers to experience a true and genuine Italian experience through our touchpoints.

## LEBANTO COMMITMENT

We want to make things right  
and do the best for our world.

**A design that focuses on people and the environment.** Quality materials that last over time, local production in the shop and in the make-to-order mode,

collaborations with green-tech startups, a choice and a direction undertaken as opposed to the fast-furniture trend of today.

## WHO WE ARE

Lebanto is born with the dream of Emanuela and Alessandro to **spread Italian design and craftsmanship all over the world.**

Emanuela Terraneo is an Architect with international work experience in studios and companies in the field of architecture and interiors. Alessandro Pozzi instead, after studying Engineering, worked in

multinational manufacturing and logistics companies both in Italy and abroad.

**The experiences abroad let them see Italy with different eyes.**
