

AQUAPOINT®
BY COLORTAP

www.colortap.it

Una presa d'acqua ovunque sia necessaria, intorno al verde o a parete, per uso professionale e non solo... la magia di Aquapoint. Elementi di grande design, unici e versatili, che garantiscono funzionalità e durata nel tempo. I prodotti Aquapoint sono realizzati con estrusi di alluminio lavorati e verniciati a polveri poliestere antigraffio per outdoor. A completare ed arricchire la gamma svariate versioni e declinazioni del prodotto: dalle fontane e punti d'acqua, alle colonnine per presa elettrica e docce da esterni.

A water outlet wherever it is needed, around greenery or on the wall, for professional use and beyond... the magic of Aquapoint. Great design elements, unique and versatile, guaranteeing functionality and durability. Aquapoint products are made of machined aluminium extrusions and lacquered with polyester anti-scratch powder for outdoor use. A variety of product versions and declinations complete and enrich the range: from fountains and water points to electric socket columns and outdoor showers.

AQUAPOINT

Oltre ad offrire diverse opzioni di design,
la nostra gamma AQUAPOINT si contraddistingue
per la sua versatilità in ogni tipo di installazione outdoor.
Le nostre prese d'acqua possono infatti essere
INTERRATE (modelli UNDERGROUND) o
posate in SUPERFICIE (modelli GROUND).

Besides offering various design options,
our AQUAPOINT range stands out for
its versatility in all types of outdoor installation.

Our water outlets can be either fixed
UNDERGROUND (UNDERGROUND models)
or fixed on the GROUND (GROUND models).
