

We cultivate the tradition

The **Monte Castello** enterprise is an Italian production company in the Marche region that carries out on its own activity of cultivation, processing, selection and packaging of Dried Cereals and Pulses strict compliance with the **Integrated Production System** (Integrated production is a system of agricultural production that favors the use of natural resources and mechanisms in partial substitution of chemicals ensuring sustainable agriculture and a lower environmental impact) and the **Organic Discipline**.

We produce:

PULSES: Lentils, Chickpeas, Cicerchie, Borlotti Beans, Cannellini Beans, Dehusked Peas, Dehusked Red Lentils.

CEREALS: Pearl Spelt, Pearl Barley, Dehusked Oats.

SOUPS: Various soups.

Our plants, located in Camerino - MC, are intended for milling with two stone mills and cylinders mills from which we obtain different types of Cereals and Pulses Flours, transforming our own products:

FLOURS OF CEREALS: Whole Spelt Flour, Whole Barley Flour, Whole Wheat Flour, Maize Flour.

FLOUR OF PULSES: Borlotti Bean Flour, Cannellini Bean Flour, Peas Flour, Chickpeas Flour, Red Lentils Flour.

We are able to satisfy any request by varying the grain size of our flours from whole to impalpable for different uses.

Our crops are mainly in the territory of the Marche Region and in the regions of Umbria, Tuscany, Piedmont. We cultivate about 1900 hectares of land per year in full respect of integrated and

AZIENDA AGRICOLA MONTE CASTELLO DI FEDELI MYRIAM & C. S.A.S.

Sede legale: Fraz. Dignano, 45 – 62038 Serravalle di Chienti (MC) - Sede Operativa: Fraz. Taverne -62038 Serravalle di Chienti (MC)
P.I.01196130437 Tel.-fax 0737.636319 - 330.419830 - 337.221159 – 334.1213986 - info@monte-castello.it / www.monte-castello.it

organic production system following strictly the indications provided in the production specifications of the regions in which we operate.

Our is a short supply chain, in just three steps allows us to obtain safe and high quality productions: after the cultivation of products we carry out direct selection and packaging activities at our company warehouses in Serravalle di Chienti.

Our sorting plant, in addition to sieves, skewers, calibrators and metal detectors, is equipped with an optical reader that operates by infrared and a RX machine: this allows us to ensure a perfect control of foreign bodies in the raw material.

Our main objective is to ensure our consumers genuine and obtained products in full and strict respect for the environment.

Our processing warehouses located in Camerino and Serravalle di Chienti have obtained both certification according to the international IFS standard to guarantee our customers and our high levels of safety and quality of our products in line with the objectives of company policy.

Thanks to the excellent work we do every day and to the attention we devote to every step we have obtained the QM certification - Quality guaranteed by the Marche.

We operate with respect for the environment and according to the principles of the circular economy, in fact our waste is transformed into new raw materials for the livestock sector: this allows us to recover almost 100% of production waste.

Our plants are equipped with a photovoltaic system and this allows us to compensate for the already minimal environmental impact of our business, in fact thanks to our systems we can save over 71,000 kg of CO2 per year.

Our attention is not limited to the environment and nature that surrounds us, but is also expressed in a proactive attitude in the social development of the community.

Every year we find new goals to always meet the needs of the consumers without forgetting our origins and farming traditions.

For several years we have been supplying Large Organized Distribution with the various packaging lines: the Tradition and Quality Line, QM Line, and Private Label productions.

We always try to meet the needs of our customers, which is why we have developed a new line of **Ready-to-Use Organic Pulses** 100% Made in Italy: Organic Lentils with Tomato Sauce; Organic Cannellini Beans; Organic Chickpeas; Organic Borlotti Beans; Organic Peas.

We would be happy to meet you and invite you to our company to show the quality of our products and illustrate the actual industriousness of the same, agreeing if there is a need to increase our production with products that may be of interest to you.

Yours Sincerely

Azienda Agricola Monte Castello
