Our Values

BIOKOSMO
— italian roots —

1.0 Italian roots: quality and production 100% Made in Italy

At Biokosmo we believe that the
true ITALIAN BEAUTY is rooted in natural ingredients of our country,
this is the real meaning of brand **BIOKOSMO – Italian Roots –**

Our cosmetic line **100% Made in Italy** is created to relive the inebriating scents and
luxurious textures of the ingredients that the **italian territory** generously gives us.

From the sunlit olive groves of Puglia to the fragrant fruits of Sicily,
each product is a testament to the natural wonders **of the italian countryside.**

1.1 Natural beauty: 100% BIO agriculture and ingredients

BIOKOSMO embraces the power of Nature.

Therefore, we manufacture our products respecting the territory and its fruits ensuring that every purchase contributes to a more sustainable world.

Our products are made of:

- **100% Natural and organic ingredients**
- **Sourced from a totally biological agriculture**

We only choose **quality, purity, nature and eco-sustainability.**

1.2 Internationalism: the pride of Made in Italy in the world

Made in Italy is a relevant brand worldwide.

Aware of the strong competitiveness in a global market such the cosmetic one, BLOKOSMO wants to bring Italy in the world

We create products with
sophisticated textures and active ingredients highly
performing.

During each step of study and production, Biokosmo's
aim is to make products which provide
visible and safe results
to fully satisfy our customers.

Our beauty care offers these lines:
face, body, hair and sun protection.

2.1 Biological ingredients

A cosmetic line is made of:

- **Active ingredients**, used to face specific problem (such as oily skin, dull skin, dry skin etc.);
- **Basic ingredients** (emulsifiers, water, silicones, alcohol, surfactants and preservatives) used to give fullness and density to each product.

Customers are more and more inclined to use products
made of natural ingredients.

Special features of **BIOKOSMO** are:

- 100% biological ingredients
- 100% Percentage of Snail Slime
- High content of active agents
- Highly performing products
- Constant check during each production process
- High quality and safety.

2.2 Our Certifications

Developing each new product, we strongly pay attention to the tests to which we submit our cosmetics to always ensure high safety, tolerance and stability.

Our priority: to create high quality products,
tested and certified.

BIOKOSMO wants to grant quality and safety to each product.

For this reason, we firstly submit each cosmetic to stability, dermatological and nickel test and then we register them

at European level with PIF and CPNP.

Our aim is to achieve safe and certified products before selling them.

2.3 Packaging

Packaging is relevant too, especially in the cosmetic world .

So, not only have we made a functional packaging BUT also an unique, innovative, transparent one and compliant with the market rules, the local market and the foreign one.

BIOKOSMO, oriented to an international and clear policy towards customers, totally respects current rules concerning to:

- Packaging language
- Labels
- Clear INCI
- Deadline
