B2C PROBLEM

9 to 12

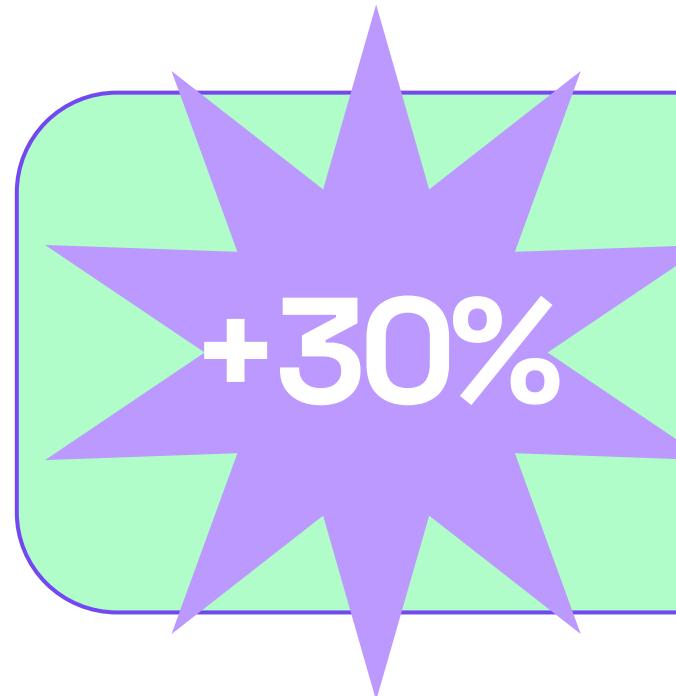

168

Personal care **products** an average person uses daily
Chemicals consumers absorb daily from them

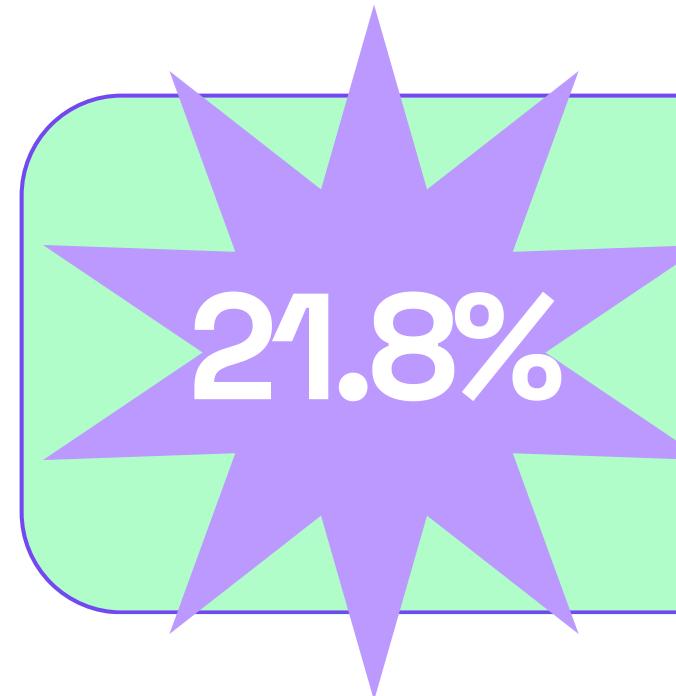

The skincare industry lacks true personalization and ongoing support, leaving consumers to navigate a multitude of products often **unsuitable** for their specific needs, resulting in **wasted money, ineffective results, and potential health risks**

SOURCES: THE GUARDIAN, EWG, EU Scientific Committee on Consumer Safety (SCCS) EU Scientific Committee on Consumer Safety (SCCS)

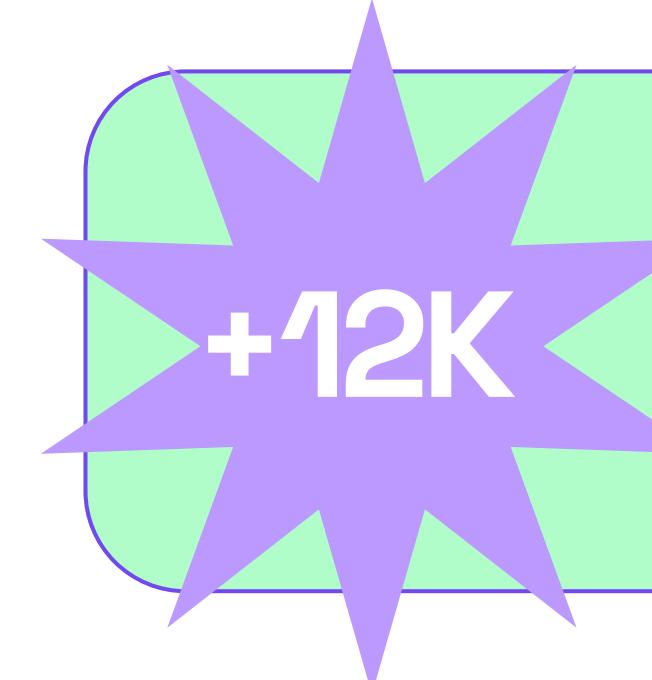

BEAUTY BRANDS PROBLEM

CAC increase
